ECONOMY

* You can Quote source as Economic Survey OR NITI Aayog at maximum places

Parameters/Topic	Data/Statistics
General	
General State of Economy (Economic Survey 2024-25)	Global Growth ● IMF Projections → 3.2 % and 3.3 % for 2024 and 2025, respectively. ○ Over the next 5 years → average 3.2%. Resilient Domestic Economy ● GDP Growth: India's GDP (constant 2011–12 prices) grew by 6.7% in Q1 and 5.4% in Q2 of FY25. ○ GVA Growth: Real Gross Value Added (GVA) is estimated to grow by 6.4% in FY25. ● Primary Sector: Agricultural growth is projected to rebound to 3.8% in FY25. ● Secondary Sector: Estimated to grow by 6.2 % in FY25, supported by construction and utility services. ● Tertiary Sector: Expected to grow 7.2%, driven by financial, real estate, and public administration.
Primary Sector	Agriculture ● Eco Parameters ○ Share in GDP: 16% of GDP (Eco Survey) ○ Growth Rate (Last Year): Agricultural growth rate has fallen sharply, to 1.4 per cent in 2023-24, compared to 4.7 per cent growth rate of 2022-23 (Eco Survey 2023-24) ○ Growth Rate (Cumulative): 5% annual growth during FY17 to FY23 (Eco Survey) ○ Agri income: ↑ 5.23% annually over the past decade. ○ People Employed: supports ~46.1% of the population. ○ Agri market: ₹38 lakh crore by 2030. ○ India is 1st in: Pulses, Milk ○ India is 2nd in: Rice, Wheat, Fruits & Vegetation, arable land. ● Land ○ Area under Cultivation ▪ 51% of total land area is under cultivation. ▪ About 60% of India's total land area is classified as agricultural land. [World Bank] ○ Small & Marginal farmers ▪ 89.4% (<2 hectares) [Economic Survey] ▪ Cultivate nearly 45% of net sown area (Agri Census 2015-16). ● Seed ○ Saved Seeds → 85% ○ Seed Replacement Rate: 15 – 20%; it's 100% for hybrid seeds. ○ Production: Private firms → 71% of seed production (ICAR) ○ Role of Seeds: Impacts 25% of productivity ● Irrigation: ○ Rainfed Agriculture: 50% of total ○ Role of Irrigation: 70% of total input cost

	- o Irrigation coverage: ↑ from 49.3% to 55% of gross cropped area b/w FY16 and FY21 [Eco Survey] • Credit - o Informal Sector: around 40% - o Debt: More than 50% farmers under debt - o BPL: 22% of farmers are BPL - o Corporate Investment → < 2% - o Kisan Credit Card scheme: 7.75 crore operational accounts and ₹9.81 lakh crore in loans. • Pesticides - o 4th largest producer of pesticides - o Importance: 25% crop losses due to pests - o Concern: 0.1% is used of applied reach their intended pest • Fertilizers [4:2:1] - o Consumption: 655 lakh tonnes fertilizers in FY25 - o Use vs Productivity: Fertilizers usage increased 25 times since 1960 but food production increased by only 3 times. - o Fiscal Burden: Fertilizer accounts for large fiscal subsidies ▪ ₹1.75 lakh crore spent on fertilizer subsidies (2023-24). ▪ 2nd highest fiscal expense after food - o Imports: \$8.29 billion in 2024-25 - o Targeting: Only 35% reach beneficiaries - o Urea ▪ In India, urea is the most produced, imported, consumed and physically regulated fertilizer of all. ▪ Govt spending: Govt spends ₹1,500 per bag of Urea, making it unsustainably cheap for farmers. ▪ India is the 2nd largest consumer of urea after China. - o DAP ▪ Import cost is \$636 (₹55,150) per tonne, while production costs exceed ₹65,000 per tonne. ▪ Subsidy Burden: Govt caps DAP price at ₹27,000 per tonne, but the subsidy needed to cover costs is high. • Storage - o Short of 30-40 lakh tones (Ashok Dalwai) • Post Harvest Losses - o 12% of total agricultural GDP - o 10% of total food grain production (ICAR) • Exports - o Just 2.4% of world's share [8th rank] • Farmer Suicides - o At least one farmer died by suicide every hour in India [NCRB] • Expense in R&D - o India spends about 0.7% of its agri-GDP on agri-research and Education (R&E) - o ₹1 investment in agri R&D can fetch ₹13 return [Economic Survey]. • Machines - o Only 40-45% levels of mechanization - o India → 1/3rd of global tractors
--	---

- **Crops and Yield**
 - o **Total kharif food grain production**-> 1647.05 lakh metric tonnes (LMT) in 2024-25.
 - o **India's rice yield** -> 2,191 kg per hectare (global average 3,026 kg per hectare).
 - o **Wheat yield** -> 2,750 kg/hectare (global avg 3,289 kg/hectare).
- **Cotton**
 - o **Yield:** 435kg/hectare; similar to 2024-25's yield of 447kg/hectare.
 - o **Rainfed crop:** 67% of India's cotton is produced on rain-fed areas and 33% on irrigated lands
 - o **Acreage:** India ranks 1st in cotton acreage with around 40% of the world area under cotton
 - o **Production:** India ranks 2nd in cotton production with estimated production of 343.47 lakh bales (5.84 MMT) in 2022-23 i.e. 23.83% of world cotton production.
 - o **Productivity:** 39th rank in overall cotton yield -> lower than countries like USA, China, Brazil etc.
 - o **Consumption:** 2nd largest consumer of cotton-> 22.24% of world cotton consumption (2023).
 - o **Exports:** 30 lakh bales i.e. 6% of world export in 2022-23.
- **Oilseeds**
 - o **Contribution:** India contributes about 5-6% of world production.
 - o **Area:** India accounts for 15-20% of global oilseed area
 - o **Rainfed:** 76% of oilseed cultivation is rainfed.
 - o **National Mission on Edible oils- Targets for 2030-31:**
 - **Increase primary oilseed production** to 69.7 million tonnes (from 39 million tonnes in 2022-23).
 - **Expand oilseed cultivation** by an additional 40 lakh hectares by targeting rice and potato fallow lands, promoting intercropping.

Allied Sector: Fisheries

- **Production:** India is 2nd largest fish producer
- **Global:** 8% share in global fish production
 - o India ranks 2nd in aquaculture production, leads in shrimp production and 3rd in capture fisheries production.
- **Inland fisheries:** 75% of total fisheries output.
- **Growth Rate:** > 10% annually
- **Contribution:**
 - o 1.25 % of India GDP
 - o 5% of Agriculture's GDP (FAO)

Allied Sector: Livestock

- India has the world's largest livestock population
- Largest milk producer (23% of global milk production).
- 2nd in egg production, 5th in meat production (FAO)
- **Economic contribution:** 5.50% of India's Gross Value Added (GVA) in 2022-23.
- **Employment:** 8.8 % of the population; livelihood for 70% of rural households
- **Insurance:** Only 15.47% of animals are under insurance cover.
- **Productivity:** Average annual productivity of cattle in India is 1777 kg/animal/year (world average of 2699 kg/animal/year (2019-20)).

	● Methane emissions: Enteric methane emission-> 15.1% total global enteric methane emission. Allied Sector: Horticulture ● Contribution: Contributes about 33% to the agriculture GVA ● Production: 355 million tonnes (2022-23); Fruits and vegetables-> 90% of total horticulture production. ● India is the 2nd largest producer of fruits and vegetables ● Share in Global market Exports: mere 1% ● Exports: India ranked 14th in vegetables and 23rd in fruits ● India is the largest producer of Onions, ginger and okra among vegetables and ranks 2nd in production of Potatoes, Cauliflowers, Brinjal, Cabbages, etc (FAO) Organic Farming ● No. of farmers: India ranks 1st in terms of number of farmers -> Home to 30% of total organic producers ● Area under Cultivation: 1.76 million hectares ● Certified area: India ranks at 4th place in terms of certified area globally [International Federation of Organic Agriculture Movements] ● Sikkim: 1st State in the world -> fully organic ● Lakshadweep is the only UT declared 100% organic. Food Processing ● India's FPI is 6th largest in the world. ● Contribution: ○ 7.7% to manufacturing GVA ○ Valued at USD 160 billion ○ 22.6% in agri food exports ● Growth Rate: > 10% ● 75% of industry is unorganized ● FDI: 100% FDI in food processing under automatic route and 100% FDI in trading, including e-commerce. ● Potential: Indian food processing industry to reach \$700 billion by 2030. Public Distribution System ● NFSA 2013: Covers 67% of population ○ Rural Area: 75% ○ Urban Area: 50% ● Beneficiaries of NFSA ○ 80.56 cr people have been identified, out of the targeted 81.35 cr ● Food Subsidy Expense: 50% of India's total subsidy spending in FY 2024-25 ● Fair Price Shops: > 5 Lac shops are there with almost 100% automation. Mining ● Contribution: B/w 2.2% and 2.5% of India's GDP ● Employment: approximately 1.3 million people ● Mine closure: An average of 100 mine workers per day face potential unemployment by 2035 due to mine closure (Global Energy Monitor)
Secondary Sector	Manufacturing ● Current: 17% of GVA ○ Potential: 27% by 2047. ● Employment: 11% [6.5 cr people] ● Targets as per National Manufacturing Policy (NMP), 2011 ○ GDP Share of Manufacturing: 25% of GDP by 2025 ○ Employment in Manufacturing: ~10 crore jobs by 2025

	● India Vs China: India holds 2.8% of the global manufacturing share, compared to China's 28.8%. Industry Sector ● 27 - 29% of GDP ● 25% of workforce is employed (ILO 2023) MSME ● 2nd Largest employer after Agriculture ● 29% to India's GDP [Potential: 40% to GDP by 2030] ● 40% of Exports ● Employing 7.5 crore people; 62% to employment in India (McKinsey Global Institute) ● 95% firms → Unorganised ● Registered MSMEs: 1 Crore ● MSMEs on e-Commerce Platforms: Only 6% of MSMEs actively use e-commerce platforms for sales. ● PM Mudra Yojana: MSMEs ○ Accounts: ~35 crore Micro and Small Entrepreneur Accounts ○ Credit support: provided credit support of ~ ₹18.39 lakh crore. ○ Women entrepreneurs: 71.4 % of total no. of accounts (FY 2022). ○ Categories: Majority loan accounts (~80%) are in the Shishu category (FY 2021), followed by Kishore at 18.70 %. Special Economic Zone (SEZ) ● India has 280 Operational SEZs (Nov 2024) ● Employment: 2.8 million jobs. ● Exports: \$163.69 billion in 2023-24 Electronics Sector ● India's share in Global Electronics Market: only 4% ● Electronics Production: ₹9.52 lakh crore (FY24). ● Mobile phones: India is 2nd largest mobile phone producer in World. ○ 325 million+ mobile phones manufactured in India every year. ○ 99% of smartphones sold in India are now made domestically. ● Exports: Expected to reach \$120 Bn by FY26. ● CAGR of around 25% through 2028. ● Semiconductor Market: Projected to grow at 13%, reaching Rs 8.9 lakh crore 2030. Pharmaceutical ● 3rd Largest by volume, 14th Largest by value ● Generic Medicines: India is the largest manufacturer of generic medicines globally. ● Economic Contribution: 1.72% to the GDP [Projected to reach USD 130 billion by 2030] ○ Market Value: \$50 billion. ● Vaccines: India supplies over 50% of global vaccine demand ● Exports: India ranks 12th globally in medical goods exports ● US Imports: US imports USD 9 billion worth of pharma formulations from India annually. Toy Industry ● Market value: 1.5 Billion USD in 2023 ○ Projected to increase to \$3 billion by 2028 ● Exports: USD 326 million to USD 348 million for the last three years. ○ India's Share: 0.3% in 2022; China: 80%
--	---

	Textile Industry ● GDP: 2.3% to India's Gross Domestic Product (GDP) [Projected to reach 5% by 2030]. ● Employs 4.5 crore workers [After agriculture, textiles and apparel form the second-largest employer in India] ● Exports: 8.21% of India's total merchandise exports ○ India is the 6th largest exporter of textiles and apparel globally (Eco Survey 2024-25) ○ India's global trade share: 4% in textiles and apparel ● Capacity: 2nd largest textile manufacturing capacity globally ● FDI: 100% FDI allowed in textiles under the automatic route. ● Fabric Production [India] ○ Silk → 2nd largest producer ○ Cotton → 2nd largest producer ○ Jute → largest producer ○ Man-Made fibres (MMF) → largest producer Sugar Industry ● India as Consumer: Largest in World ● India as Producer: 2nd Largest in World ● India as Exporter: 3rd largest in World ● India's Share in Global Sugar Production: 19% ● Employment: Livelihood for 5 crore farmers and their families. Steel Industry ● India as Consumer: 3rd Largest in World after China and USA. ● India as Producer: 2nd Largest in World of crude steel ● FDI: 100% FDI allowed under the automatic route. ● Finished steel consumption (Per capita): 97.7 kgs (2023-24) ● Capital-Intensive Sector: INR 7,000 crore is required to set up 1 tonne of steel-making capacity through the greenfield route. Make in India Progress ● Toy: India produces 400 million Toys annually ● Mobiles: India is the second-largest mobile manufacturer in the world ● Ease of Doing Business ○ India climbed from 142nd in 2014 to 63rd in the World Bank's Doing Business Report (DBR), 2020 before its discontinuation. ○ Over 40000 compliances have been reduced and 3,800 provisions decriminalized.
Tertiary Sector	Service Sector ● Economic contribution: 55% of GDP ○ Potential: By 2047, the services sector is expected to contribute 60 per cent of India's GDP. ● 30% of the Workforce (Eco survey 24-25) ● Growth Rate: 6% in each year in the last decade. ● Exports: India ranked 7th worldwide in global services exports ○ India's share in Global Exports: 4.3% (Eco survey 24-25) ○ IT, Computer services and Business Services Exports: ~70% of India's services exports. IT Sector ● India is 2rd largest Exporter of Software, after USA ● Contribution: 7.5% of India's GDP (as of FY23) ○ Projected to hit 10% by FY25

	● Outsourcing market: India is a leading exporter of IT and BPM services, holding about 56% of the global outsourcing market. ● Market potential: Domestic software market is projected to hit \$100 billion by 2035 [SaaS Boomi report] Tourism ● 5% of GDP ● Employment: 7.6 crore jobs in FY23 7% of Employment ● Travel & Tourism Development Index (TTDI) 2024: 39/119 ● Inbound visitor markets for India in 2023: Bangladesh (9%), the United States (9%), and the United Kingdom (6%). E-Commerce ● Share: Around 8% of total Retail market [2023-24] ○ up from 4–5% in 2018–19 ● Growth Rate: More than 20% [That is a CAGR of 27%] ● Potential: India's E-commerce market is expected to grow to \$325 billion by 2030 [Invest India] FinTech ● India ranks as 3rd largest and fastest-growing fintech market globally. ● India's fintech adoption rate: 87% ● Account for 70% of digital payment transactions. ● Growth Rate: More than 30% [That is a CAGR of 30.26%] Telecommunication ● India is the world's 2nd largest telecommunications market. ● Telephone Subscriber Base: 120 Crore [May 2025] ● Overall Tele-Density: 85.76% ○ Urban tele-density: 133.42 % ○ Rural tele-density: 59.44% ○ Delhi Service area has maximum tele-density of 274.59% ○ Bihar service area has minimum tele-density of 56.90% ● FDI: 4th largest sector in terms of FDI inflows, contributing 6% of total FDI inflow.
Land Reforms	Total Land Area of world with India: 2.4% Farmers & Land Reforms ● Uneven Distribution: 5% farmer control 30% agricultural land ● No Land: More than 50% rural household has no agricultural land (SECC) ● Computerization of Land Records (Record of rights): 95% of land records computerized, covering over 6.26 lakh villages. Land Waste ● Desertification: Over 25% of India's land is undergoing desertification ● Degradation: Almost 30% of India's geographical area is under degradation. Land Dispute: ● Cases: 25% of Supreme Court cases are land disputes. ● Resolution time: disputes on land or real estate take an average time of 20 years in the courts to be resolved (NITI Aayog) ● Area: Conflicts involve 2.5 million hectares of land.
Inclusive Growth & Development	Inclusive Growth ● India ranks 62nd out of 74 emerging countries [Inclusive Development Index, WEF].

Employment & Unemployment

- **Total Workforce:** 56.5 Cr
- **Need of Jobs:** Indian Economy needs to generate nearly 78.5 lakh jobs annually(non-farm sector) until 2030 to cater need of rising workforce.
- **Unemployment Rate:** 5.1% [April 2025; MoSPI monthly PLFS]
- **Self-Employed Workers:** It has grown from 52.2% in 2017-18 to 58.4% in 2023-24.
- **Govt Jobs:** 7% of Total employment
- **Informal Sector:** 90%
- **Net EPFO Subscriptions:** more than doubling from 61 lakh in FY19 to 131 lakhs in FY24.

Gig Economy

- **Total:** Employ over 12 million workers [1.5% of total Workforce]
 - o Projected to reach 23.5 million by 2029–30 [NITI Aayog]
- **Job creation:** Out of 100 New Jobs, 56 are being created in Gig sector.

Skill

- **Formally Skilled Workforce:** < 5%
 - o **South Korea:** 95%
 - o **Japan:** 80%
 - o **Germany:** 75%
 - o **USA:** 50%
- **Employability of Graduates:** Only 51% graduates employable [Economic Survey 2024-25]
- **Vocational Training to Workforce:** 65.3% has received no form of vocational training [Economic Survey 2024-25]

Start-Up

- **Registered:** more than 1.5 Lac (DPIIT)
- **Unicorns:** > 119
- **World Status:** India has become the 3rd largest start-up ecosystem in the world after the US and China.
- **Challenge:** 90% fail within 5 yrs.
- **Women Entrepreneurs:** Around 7% of all start-ups are women-led.
- **Deeptech Startup ecosystem**
 - o **Global Standing:** Despite having the 3rd largest pool of DeepTech startups, India ranked 6th among the top 9 DeepTech ecosystems in the world in 2023 (Nasscom).

Insurance

- **Insurance Penetration:** 3.7% of GDP in FY24 [Global average: 7%]
 - o Life Insurance penetration: 2.8%
 - o Non-Life insurance remained at 1%.
- India ranks **10th** in the global life insurance market.

Pension Sector

- **Participation:** Only about 12% of the Indian workforce participates in any formal pension scheme.
- **NPS & APY Coverage:** Combined National Pension System (NPS) and Atal Pension Yojana (APY) subscribers cover approximately 5.3% of India's population as of early 2025.

Inequality (Oxfam)

India

- Richest 1% control more than 40% of total wealth
- Bottom 50% own merely 3%

	Global • The richest 1% control 45% of global wealth. • 44% of the world's population lives below the World Bank's poverty line of \$6.85 (PPP). Regional Disparity • Delhi's per capita Income = 2.5 times of national average [EAC-PM] • Monthly per Capita Expenditure [Rural- Urban Inequality [Household Consumption Expenditure Survey 2023-24] ○ Rural Area: ₹4,122 ○ Urban Area: ₹6,996 [Higher by around 70%]
Banking & Money Market	Banking – NPA • Gross NPAs: 12-year low of 2.6% in September 2024 [RBI] • Bad Loans: Banks have written off NPAs worth about Rs 16.35 trillion in last 10 financial years • Credit card NPAs spiked 500% in past four years [RBI data] Banks • Bank Accounts: tripled from 14 Cr in 2015 to 50 Cr in 2023 in which women own 55 % of these accounts . • Credit-Deposit Ratio (RBI's Financial Stability Report) ○ CD ratio has been rising since September 2021 and peaked at 78.8% in December 2023. ○ Over 75% of banks with CD ratios - 75% are private sector banks. • Capital-to-risk-weighted assets ratio (CRAR) for SCBs stands at 16.7 % as of September 2024, well above the norm (Eco Survey) • Profits: ○ Public sector banks record cumulative net profit of Rs 1.78 lakh crore for FY25. ○ All 12 PSBs reported profits, marking a significant turnaround from losses in FY18. ○ HDFC Bank remains the most profitable private bank in India, with a net profit of Rs 73,440 crore in FY25. Regional Rural Banks (RRBs) • 92% branches in Rural/Semi-Urban areas • Around 90% of loans goes to Priority sector lending, with around 70% of loans to the Agriculture Sector.
National Income & Accounting	GDP • Provisional GDP Estimates FY 2024–25 ○ Real GDP grew by 6.5% in FY25, reaching ₹187.97 lakh crore ○ Nominal GDP rose by 9.8% to ₹330.68 lakh crore. Inflation • India's Retail Inflation: Reduced from 5.4% in FY24 to 4.9% in FY25 (April-December 2024). • Projections: IMF has projected an inflation rate of 4.4% in FY25 and 4.1% in FY26 for India. • Food inflation increased from 7.5 % in FY24 to 8.4 % in FY25 (April-December). • Headline Inflation: RBI expects headline inflation to be 4.2% in FY26, if there is normal monsoon and no further external or policy shocks.

	Savings Rate ● India Gross Savings Rate: 30.7% in Mar 2024 ● Household Financial Savings to reach 6.5% of Gross national disposable income (GNDI) in FY25 [SBI report]
Fiscal Policy & External Sector	Fiscal Policy & Government Budget ● Debt Profile ○ Government Debt to GDP (Centre and states) - around 83.1% (by 2024 end) ○ Central Government [Debt to GDP] – 57.1% in 2024-25 ▪ Government aims to bring it down to 50 ± 1% by 2030–31 ○ State Government [Debt to GDP] – 26% ○ Debt of the Central Government: ▪ Internal debt: 94% ▪ Public Debt: 89.9% ▪ External Debt: 6% ○ External Debt to GDP Ratio: In India, external debt constituted 19.4% of the total GDP at the end of September 2024. ▪ Across currencies, the external debt remained primarily denominated in the US Dollar (53.4 %), followed by the INR (31.2 %), SDR (5 %), and the Euro (3 %). ● Foreign Trade ● India's Exports: \$824.9 Billion in 2024–25 ○ Exports in 2016: It was around USD 435 billion in FY 2016. ○ India's target for export is USD 2 Trillion by 2030. ● Trade ○ Deficit: Overall trade deficit -> USD 78.1 billion in FY24 (Eco Survey 2023-24). ○ Largest Trade Deficit: China [\$99.2 billion in 2024-25] ○ Largest Trading Partner: USA [Bilateral trade of \$131.84 billion] ○ India's Top Export Destinations: USA (17.90%) > UAE (8.23%) > Netherlands (5.16%) > China (3.85%) > Singapore (3.33%). ○ India's Top Import Source Nations: China > UAE > USA > Russia. ● Remittances: ○ India is the largest recipient of remittances globally ○ Remittances Received: \$129.4 billion in 2024 (by Overseas Indians) ○ The U.S. accounts for 27.7% of India's inward remittances ● Current Account Deficit (CAD) ● ~ 1.2 % of GDP in Q2 FY25 ● Forex Reserves ○ US \$698.95 billion as on June 2025. ○ Import Cover: It is sufficient to provide an import cover of more than 11 months. ● Investment ● FDI ○ Total FDI inflows → \$81.04 billion in FY 2024-25. ○ India's FDI inflows have increased ~20 times from 2000-01 to 2023-24. ○ Highest FDI Inflow: Computer software and hardware. ○ FDI Source: Mauritius(25%) > Singapore (23%) > USA (9%) ○ FDI Top Destinations [FY 2024–25]: Maharashtra (39%) > Karnataka (13%) > Delhi (12%)

	● FPI ○ FPI Outflows: FPIs have pulled out a massive ₹1.16 lakh crore from Indian equities so far in 2025.				
Taxation	Tax Collection ● For 2025-26, Projected Expenditure for every 1 Rs, would <u>come from</u>: ○ Taxes: 66 paise ▪ Direct Tax: 39 paise ▪ Indirect Tax: 18 paise ○ Borrowings: 24 paise ● For 2025-26, Projected Expenditure for every 1 Rs, would be <u>upon</u>: ○ Interest Payments: 20 paise ○ States share of Taxes: 22 paise ○ Central Sector Schemes: 16 paise ● Tax-GDP Ratio: 11.7% (FY24) ○ China: 20% ○ Brazil: 34% ● Direct Tax to GDP Ratio: 6.64% in FY24 [24-year High] ● Direct Tax Buoyancy: 1.57 during the 2024-25 Direct Tax Collection ● Net Direct Tax Collections: Rs 25.86 lakh crore in FY 2024-25 ○ Growth Rate: around 14% since last year ● Contribution of Direct taxes to Total Tax revenue = 56.72% (FY24) ● Income Tax Payers: > 9.19 crore income tax filers during FY 2024-25 upto March 31, 2025 from 5.26 Crore in FY14 ● Income Tax Returns [ITRs] ○ Only 6.68% of the population filed IT returns (FY 2023-24). ○ Over 43,000 taxpayers filed tax returns for more than ₹10 crore (FY 2024-25). ● State Wise Collection: Maharashtra (1st) > Karnataka (2nd) ● Corporate Income Tax: Effective corporate tax rate in India just 22% after surcharge and cess to be 25.17 percent. Indirect Tax Collection ● GST collections: Rs 21.36 lakh crore in FY 24-25 (highest since 2017 and 8.86% increase over FY 23-24) ● Projection: GST collection set to grow by 8.3% in FY26. ● State Wise Collection [Rank] (FY 2024-25): Maharashtra > Gujarat > Karnataka				
Infrastructure	Logistics Sector ● Logistics Performance Index (LPI 2023): 38/139 ● GDP Contribution: 13-14% to the GDP (NCAER, 2021-22). ● Impact on Trade: Improved logistics can boost trade by 15% in developing economies. ● Impact on Exports: 10% decrease in logistics cost can increase 5-8% of exports. ● Carbon Emissions: India's logistics sector emits 13.5% of nation's GH gases, with road transport—mainly trucks—driving 88% of emissions. ● Modes of Logistic Movement [Both Freight & Passengers] <table border="1"> <thead> <tr> <th>Mode</th><th>Share</th></tr> </thead> <tbody> <tr> <td>Roads</td><td>65% share</td></tr> </tbody> </table>	Mode	Share	Roads	65% share
Mode	Share				
Roads	65% share				

Rail	31% share
Waterways	3% share
Air	1% share

Pain Points in Logistics

- **India's Logistics Cost:** 14–18% of GDP (Global: 8%)
 - **Logistics Cost Reduction:** Declined by 0.8-0.9 percentage points of GDP between FY14-FY22
- **Unorganized:** Only 5.5–6% of logistics market was held by organised, tech-driven players (EY).
- **Freight Cost Comparison (NITI Aayog):**
 - Jamshedpur to Mumbai -> USD 50/tonne
 - Rotterdam to Mumbai-> USD 34/tonne

Infrastructure - General

- **Current Investment:** ↑ by 12% to Rs.11.2 lakh crore (3.1% of GDP) (Union Budget 2025-26)
- **Investment Required:** India will need to spend around ₹143 trillion by 2030 on infrastructure.
- **National Infrastructure Pipeline:** The projected infrastructure investment is ₹111 trillion for 2021-25 (over 5 yrs).
- **Status of NIP [As of March 2025]:**
 - Planned investments rose from ₹111 trillion to ₹168.93 trillion.
 - Completed investments are ₹31.1 trillion, achieving 28% of original target.

Transport Sector

- **Contribution to GDP:** ≈ 5%
- **Share by Different Mode**

SHARE of Transport Types		Cost per tonne/km
Road	66% (WB)	Rs 2.5
Rail	31%	Rs 1.3
Waterways	10%	Rs 1
Inland waterways	0.15%	
Coastal Shipping	7%	

Road

- **2nd largest road network** in the world (after the USA).
- 87% of passengers and 60% of freight traffic annually.
- **Road density:** 1,926.02 (2018-19)
- **Length of various categories of roads:**
 - **National Highways:** 1,46, 145 kms
 - **State Highways:** 1,86,908 km;
 - **Other Roads:** 59,02,539 km
- **National Highway:** 2% of total road network, 40% of total traffic; 5853 km of NH was constructed in FY25..
 - **Expansion:** 65, 569 km in 2004 to 1,46,145 kms in 2024.
- **Road Accidents:** 172000 lives in 2023 - averaging 474 deaths daily, or one every three minutes.
 - India loses 3% of GDP in road accidents annually (UN Report)
- **FDI:** 100% FDI in roads and highways is allowed under automatic route.
- **Bharatmala Pariyojana** -> aims to develop 34,800 km of National Highways.

	● National High-Speed Corridors (HSCs): Length of HSCs expanded from 93 km in 2014 to 2,474 km in 2024. ● Multi-Modal Logistics Parks (MMLP): Till December 2024, Six MMLPs in Chennai, Indore, Nagpur, Jalna, Jogighopa and Bangalore have been awarded. Railway ● 4th largest network in the world - 65,554 kilometres (After US, Russia and China) ● Freight ○ In Freight traffic: 12 times more efficient than roadways ○ Target freight share: From current 35% to 45% by 2030 (India's NDCs). ○ Average Freight Speed: 23.6km/h (*USA: 50 km/h) ● Over Utilisation: 150% above capacity ● Railway Penetration: 0.057 km per 1000 persons (USA 0.752 per 1000 persons) ● Railway Safety ○ 200 major railway accidents in the past five years, 351 people killed. ○ 75% of derailments due to 'railway staff failure' ○ 10 % derailments are caused by 'equipment failures'. ● Passengers: 715 crore passengers travelled by the Indian Railways between April 1, 2024 and March 31, 2025. ● Net zero targets: Indian Railways targets net zero emissions with 30 GW of renewable energy by 2029-30. ● Vande Bharat trains: 136 Vande Bharat trains are operational. ● Kavach: Automated Train Protection system has seen ₹1,547 crore invested (till November 2024). Airways ● Market size: 3rd largest in the world, behind the US and China. (Trade Promotion Council of India) ● Domestic Passenger traffic: 165.7 million; 8th biggest passenger traffic. ● Airport's cargo handling capacity: 8.0 million MT in FY24 (Eco survey) ● Airline capacity: doubled from 7.9 million seats in April 2014 to 15.5 million in April 2024. ● Operational Airports: 148 operational airports (Target: 220 by 2025). ● CAGR: 14.5% in no. of domestic passengers during FY14 and FY20 ● Profit making Airports: Only 22 out of 148 operational airports making profit (Parliamentary committee). The Kolkata airport was the most profitable, followed by the Chennai airport. ● UDAN scheme: 619 routes connecting 88 airports, including two water aerodromes and 13 heliports, have been operationalised so far. ● Women pilots: 15% women pilots (almost 3 times the global average) Waterway ● Coastline: 7516.6 km; Navigable Inland Waterways - 14,500 kms ○ In December 2024, the Union Home Ministry revised India's coastline length from 7,516.6 km to 11,098.8 km, citing ongoing review due to the coastline paradox. [Read about coastline paradox] ● Major ports: 13, Non-major ports: 200+ ● Trade through marine transport: By Volume: 95%; by Value: 70% ● Ships (ownership): ○ 90% are Foreign owned ships
--	---

	- o 10(departure) - o 2.73 days (behind Global average) • Average Fleet age: > 19 years • Inland Waterways: 2% (China 10%, Bangladesh 32%); Coastal Shipping: 6% • Average turnaround time for Indian ports declined from 4.3 days (2012-13) to 2.1 days (2022-23) (Global median ship turnaround time was 1.04 days in 2022). Power • 3rd largest producer and consumer of electricity worldwide. • Installed power capacity: 466.24 GW as of January 31, 2025 • Installed Capacity: - o Fossil Fuel Based Thermal Power: 248.62 GW - o Non Fossil Fuel Based Renewable Energy Sources: 217.62 GW • Power T&D Losses: >20% (highest in the world; World average 8%).
Others	Digital Economy • Household Digital Literacy: < 38% [NASSCOM] - o Urban Areas: 61% - o Rural Areas: 25% • Individual Digital Literacy: Only 26.8% of Indian youth in the academic age group have internet browsing skills (NSO survey) • Digital consumers: 3rd largest in world after China and USA • Internet Users: ~ 90 Crore in 2024 [Internet in India Report 2024]. - o Rural Internet Penetration: ~53% of rural population - o Urban Internet Penetration: ~77% of urban population • Digital Payment: GDP = 86% (100 billion \$) Circular Economy • India - o Market value: \$45 billion by 2030. - o Employment: 10 million jobs by 2050. • Global: Its transition could add \$4.5 trillion to global output by 2030. Creative Economy [Orange Economy] • Size: \$30 bn industry and 8% of India's working population • Eco contribution: 20% contribution by creative occupation to nation overall GVA. • Employment: Young people (15–29) make up 23% of creative industry jobs—highest across sectors; women hold 45% of creative roles globally. • Exports: 1.5 times increase in export of creative goods from 2010 to 2019. • Urban areas: A sizeable 67.07% of all creative workers in India are in the urban areas. Gas Based Economy • Aim: PM aims to raise India's natural gas share from 6.2% to 15% by 2030 (World Avg: 24.42%) • Import dependence: around 50% of our requirement of Natural gas. • Import bill: \$15.2 billion in FY25. • Importance: A 10% replacement of liquid fuel into gas will reduce import bill by nearly \$3 billion every year. • CNG stations and PNG Connections on Dec 2024, India has <u>7,395 CNG stations</u> and around ~1.47 crore <u>PNG</u> domestic connections.

	SDGs ● SDG Report 2024: 109 out of 166 countries [India's Rank] ● SDG India Index (2023-24) ○ Composite score improved from 57 in 2018 to 66 in 2020-21 to further to 71 in 2023-24 ○ Advancements in Goals 1 (No Poverty), 8 (Decent Work and Economic Growth), 13 (Climate Action). Critical Minerals ● Global ○ Top Producers: China > Congo > Chile > Indonesia > South Africa ○ China Dominance: China controls 60% of rare earth production, 60% of critical minerals production & 80% of processing worldwide. ● India ○ List: Released list of 30 critical minerals including Bismuth, Cobalt, Copper, Phosphorous, Potash, Rare Earth Elements (REE) etc. ○ Vulnerability: 54% of critical materials lie near indigenous people's land. (International Renewable Energy Agency (IRENA)) ○ Current update: Presence of 5.9 million tonnes of lithium in J&K. Stock Market ● Position: 4th largest equity market ● Market Value: \$4.33 trillion (India in 2024 surpassed Hong Kong's market capitalization of \$4.29 trillion) ● Expectation: Likely to hit \$10 trillion by 2030 ('Recap 2024. Crystal Gaze 2025' Report) ● Indian households invest in Capital Markets: 20% of households — through direct stocks or mutual funds [Economic Survey 2023–24]. Bond Market ● Size of the Indian Bond Market: US\$2.69 trillion [Dec 2024] ● Government Securities Market: \$1.3 trillion

SOCIETY & SOCIAL JUSTICE

WOMEN

* You can Quote source as Economic Survey OR NITI Aayog at maximum places

Parameters/Topic	Data/Statistics
Women	
Economic Empowerment	● Wage Gap ○ Indian women earn Rs 40 for every Rs 100 men earn (WEF) ○ India rank: 131/148 Nations (Global Gender Gap Index) ● Labor Force Participation ○ India: The female LFPR has risen from 23.3 %(2017- 18) to 41.7%(2023-24). (Eco survey 2024-25). ○ Global: Women's global labour force participation rate stood at 48.7 per cent in 2023 (ILO). ● Women in Informal Sector ○ More than 95% women working in Informal sector (ILO) ● Finance Availability to Women ○ 80% of women run enterprises are self-financed ○ < 5% borrowed money from some financial institutions. ● Global Gender Gap Report 2025 (WEF) ○ Gender Parity Score: For all 148 countries stands at 64.1% ○ India rank: 131/148 ○ South Asia: Bhutan (119), Nepal (125), and Sri Lanka (130) ranked better than India. ○ Gender Parity: At the current pace, it will take another 134 years to achieve full gender parity.
Social Issues	● Education ○ Literary Rate: 65.46% (2011 Census) ○ Worldwide: 12.2 crore girls remain out of school globally [UNICEF] ○ Gender Parity in Secondary Education: India showed the best gender parity in terms of enrolment in secondary education [Global Gender Gap report, 2024] ● Health (NFHS-5) ○ TFR: 2 (Replacement rate = 2.1) ○ Anaemia: 1 in every 3 women ● CRIMES ○ India records 51 cases of crime against women every hour (NCRB) ○ 1/3rd crimes by husband/relative (MoSPI) ○ Cybercrime: reporting surged by 25% ○ Suicides: 4.2% Increase (NCRB, 2022) ○ Rape ▪ 4th most common crime against women ▪ India lodged average 86 rapes daily: NCRB data ● Others (Demographic) ○ Median age: 28.2 years (China → 38 yrs) ○ Sex Ratio: 1020 (NFHS -5) ○ CSR: 929 (from 919) (NFHS - 5)

Political	Political Representation 18th L.S → 13.6% (17th LS → 14.4%) - World Average (25%); Rwanda: 61%; SA: 43%; UK: 32%; USA: 24% Women as MLAs: 9% Women in Local Bodies: 33% reservation but more than 40% representation Women in legislative bodies [Since Independence] Lok Sabha: 22 (5%) in 1951 → 74 (13.6%) in 2024. Rajya Sabha: 7% in 1952 → 13% in 2023. Political Participation - Women voters → 50% Female Voter turnout 65.8% during the 18th Lok Sabha Elections.
Women & STEM	India: 43% of STEM graduates are women but only 14% stem jobs are with women. - Women currently represent only 26% of the workforce in data science and artificial intelligence (AI). Global: Women make for 35% STEM graduates globally [UNESCO]
Others	Women & Unpaid work: 2/3rd {Men : 1/4th} Women & GDP Indian women: contribute only 18% to GDP [National Family Health Survey] vs Global Avg. = 45% Advancing women's equality -> - Boost global GDP by \$28 trillion and - add \$770 billion to India's GDP by 2025. Women @ Board Level: 28.7% share in board of directors in FY25. Women & Assets: Own 2% of total assets Women led Startup: > 7,000 active women-led startups, making up 7.5% of all active startups in the country [Tracxn report]. Women & SHGs: 10.05 crore Women households have been mobilized into 90.90 lakh Self Help Groups (SHGs) [January 2025] Women and Financial Inclusion[MoSPI]. Bank accounts: Women own 39.2% of all bank accounts in India, with rural areas seeing an even higher participation rate at 42.2%. Bank deposits: Women contribute 39.7% to total bank deposits.

HEALTH

Parameters/Topic	Data/Statistics
	Health
GDP %	Government Spending: 1.84% of the GDP - World Average = 6% - Target = 2.5% [National Health Policy, 2017] Economic Survey (2024-25) Share of government health spending in total health expenditure increased to 48 per cent in 2022 from 29 per cent in 2015. - In FY 2022, India spent ₹9.04 lakh crore on health—3.8% of GDP-> ₹6,602 per person.
Health of Poverty	Out of Pocket Expenditure (OoPE) : Decrease in OoPE: OOPE as a percentage of total health expenditure (THE) declined from 62.6% in 2014-15 to 39.4% in 2021-22 [National Health Accounts (NHA) Estimates] People Pushed into Poverty: 6 crore people pushed into poverty every year, due to OoPE [NITI Aayog]

Human Resource	Availability of Doctors and Nurse: ● Public Sector: Only 10% of doctors are in the Public Sector. ● Doctor/Population: 1: 834 v/s 1 : 1000 (WHO recommended) ○ 112% increase in MBBS seats (since 2014) ○ Allopathic doctors to population — 1 doctor/1,194 people. ● Nurse/Population Ratio: 1.96 per 1,000 [WHO recommended 3 per 1,000]
Infra/Inputs	● Bed: Patient: 1.3/1000 v/s 3: 1000 ○ Delhi: 2.7/1000 ● Increase in Colleges: 82% increase in Medical Colleges (since 2014) ● Institutional deliveries [MoHFW] ○ ↑ from 79% (2015-16) to 89% (2019-21) at the national level. ○ 100% in Kerala, Goa, Lakshadweep, Puducherry and Tamil Nadu and more than 90% in eighteen other States/UTs. Import Dependency: ● Active Pharma Ingredients (API) ○ 70-80% imported from China ○ Indian API market projected to reach \$21.2 billion by 2033. ● Medical Equipments: ~ 75% are imported
Insurance	Insurance Penetration ● Low Insurance Penetration: 3.7% in FY24 [Global average: 7%] ○ Life Insurance penetration: dropped marginally from 3 % in FY23 to 2.8 % in FY24[Economic Survey 2024–25] ○ Non-life insurance remained at 1%. ● India ranks 10th in the global life insurance market. Health Insurance Coverage ● Health Insurance: 37% covered under Health Insurance Schemes. ● Without Health Insurance: 90 crore Indians lack access to health Insurance [IRDAI data] Insurance Sector ● Market size: 6th largest insurance market by 2032 (Swiss Re report) ● Density: \$91 insurance density (global avg \$874) ● Insurance Premium: Total insurance premium grew by 7.7 % in FY24, reaching ₹11.2 lakh crore (Eco survey)
Variations	● Rural Areas : ≈ 20% of Total Hospital ● Shortage of Manpower in Rural Areas [Union Ministry of Health data] ○ Doctors: 70% shortage of specialist doctors ○ Primary Health Centres: Shortfall of 3.1% of allopathic doctors (Rural Health Statistics 2021-2022) ○ Rural Community Health Centres: maximum for surgeons (73 per cent) followed by physicians (69 per cent), paediatricians (68 per cent) and Obs & Gyn specialists (61 per cent)
Disease Burden	● Non communicable disease: 2/3rd of total deaths ○ 5.8 million Indians die from NCDs each year ○ 1 in 4 Indians faces the risk of dying from NCD before reaching age of 70. ● TB: 26.07 lakh TB cases in 2024, marking highest notified cases ever. ● India among 10 countries that make up 60 % of global maternal deaths, still births, new born deaths (UN) ● Mortality Rate [Sample Registration System (SRS) Report 2021] ○ MMR: 93 per lakh live births ○ NMR: 19 per 1000 live births ○ IMR: 27 per 1000 live births

	- o U5MR: 31 per 1000 live births • Anaemia (NFHS 5): - o 2/3 or 67% of children - o 1/2 or 57% of women - o 1/4 or 25% of Men - o 3 in 4 Indian women have low dietary iron intake.
Obesity	• India: 3rd most obese country - o Urban – 70% of Obese people • 1/4 Indian is Obese (NFHS 5) - o 22.9% of men and 24% of women are obese. - o % of overweight children under five increased to 3.4% from 2.1% in NFHS-4 (2015-16) at the all-India level. • Definition: WHO defines it as abnormal fat accumulation with: - o BMI > 30 → Obese - o BMI 25-30 → Overweight • Economic cost: USD 28.95 billion (Rs 1,800 per capita) - o By 2030 ↑ to Rs 4,700 per capita or 1.57% of GDP. • Global - o One-third of children worldwide will be obese by 2050 [Lancet Study] - o 211 crore obese individuals in 2021 (45% of the world's population).
Open Defecation	• Lack of Toilet Access: 20% do not have access to toilet {1 in 5 household practice open deficiency} – NFHS 5 • World Bank – 11 % of India's Population practice open defecation.

EDUCATION

Parameters/Topic	Data/Statistics
	Education
Enrollment	At School Level • Children in Schools: 24.80 crore children {> 98% {6-14 yrs.} - o Private Schools Enrollment: 36% (9 crore) of total school enrolment [UDISE+ 2023-24 data] • Schools - o Government Schools: 38.11% (27.8 lakh) - o Unaided Schools: 60.75% (44.31 lakh) - o School Enrolment: ↓ 37 lakh in 2023-24 compared to previous year [UDISE data]. Higher Education Level • Gross Enrollment Ratio (GER) → 0.4 in 1950-51 to 28.4 in 2021-22. - o Student Enrolment: Over 4 crore students, making India the second-largest after China. - o Target for GER: National Education Policy (NEP) 2020 aims for 50% by 2035 • World 2nd Largest Higher Education system • Girls with Higher Education: Enrolment of women in Indian universities grew 26% in 2024. • Vulnerable Sections: Enrollment among OBCs increased by 80.9%, SC enrollment grew by 76.3%. • Stream wise Ratio: - o Humanities (33%)

	- o Science (15%) - o Commerce (14%) - o English (12%) • Pupil-Teacher Ratio (PTR): Steady at 23:1 for the last five years. • University Density (per 1 lakh eligible students): Highest in Sikkim (10.3), Arunachal Pradesh (5.6), Ladakh (5.2), etc. In Bihar (0.2), UP (0.3), West Bengal & Maharashtra (0.6) the density is below national average.
Expenditure	Government Spending: • Expenditure: 2.9% of GDP - o Target under NEP 2020: 6% of GDP • Budgetary allocation (2025-26): Rs 1.28 trillion to the education sector, a 6.5% hike compared to previous year and the lowest in the past four years.
Infrastructure	Inefficient Infrastructure [UDISE+ 2023-24 Report] • Computers: The percentage of schools having computers ↑ from 38.5 % in 2019-20 to 57.2 % in 2023-2024. • Internet: Percentage of schools having internet facility increased from 22.3 % in 2019-20 to 53.9 % in 2023-2024. • Electricity: Of the over 14.71 lakh schools in India, up to 1.52 lakh schools have no functional electricity. • Drinking Water: While 14.47 lakh schools claim to have drinking water facilities, only 14.11 lakh have them functional. • Toilets: Government schools constitute the majority of the 67,000 schools operating without functional toilets. • Differently-Abled Students: Only 33.2% of government schools have disabled-friendly toilets. • Digital Education: 46 % schools have functional computers (Ministry of Education)
Institutions	Universities and Colleges: • Institutions: 1,168 universities, 45,473 colleges and 12,002 stand-alone institutions in the country (AISHE Report) • Accreditation: Only 37% of universities are accredited • Growth: In last 10 years, number of universities has increased by 60%, colleges up 21% [Ministry of Education] • Increased Penetration in Rural Areas: 43% Universities and 61.4% colleges are located in Rural Areas. • Institutes of National Importance (INIs): 171 [June 2024] • Medical Colleges: 102% increase-> rising from 387 before 2014 to 780 in 2024 - o Increase in MBBS seats: 130% rise in MBBS seats • IIMs: 21 • IITs: 23
Startup	• Definition: An entity, HQ in India, opened less than 10 years ago, and annual turnover < ₹100 crore. • Recognized startups: DPIIT- recognized startups increased from 500 (2016) to 1.59 lakh (2025). • Positive Ecosystem: 3rd largest startup ecosystem in India • High Failure Rate: 90% fail within 5 years. • Employment Generation: Startups across various sectors have created over 16.6 lakh direct jobs (As of October 31, 2024) • Women Entrepreneurship: 73,151 startups have at least one-woman director (representing over 48% of DPIIT-recognised startups).
Pain Points	Higher Education: • Only 42.6% of Indian graduates are employable [India's Graduate Skill Index 2025] • QS World Rankings 2025: Top Indian Institutes

	○ No Institute in TOP 100 ○ IIT Bombay: Leading in India, IIT Bombay climbed from 149th in 2024 to 118th in 2025. ○ IIT Delhi: Achieved the second position in India, moving up 47 ranks from 197th to 150th. Schools: ● ASER 2024 ○ Reading skill: 76.6% of Class 3 students still cannot read Class 2 text. ○ Foundational Numeracy Skills ▪ Over 50% of students (14-18 age) face difficulties with elementary division problems. ○ Arithmetic ▪ 66.3% of Class 3 students and 70% of Class 5 students cannot perform simple arithmetic calculations. ▪ Class 3 students able to do subtraction is just 33.7% in 2024. ● Vocational Training ○ Only about 2% have received formal vocational training [Ministry of Skill Development] ● Problem in Basic Skills: ○ NCERT Report 2022 ▪ 11% of Class 3 students in India lack basic skills in Mathematics.
Skilling	● Level of Skill Training: <5% of people are formally skilled (> 20% is china, > 50% in USA, 95% is South Korea) ● Low Formal Training: only 2.7% of India's workforce has received formal skill training, compared to 52% in US, 80% in Japan, and 96% in South Korea.

Parameters/Topic	Data/Statistics
Social Justice	
Poverty	India – Poverty ● Percentage: 21.9% {2011, Tendulkar Report} ● Extreme poverty: Almost 13 crore Indians are living in extreme poverty in 2024, on less than \$2.15 (about Rs 181) a day [World Bank] ● Decrease in Poverty [World Bank] ○ Extreme Poverty Lift: 171 Million lifted from Extreme Poverty in last decade. ○ India's Poverty Rate (at the 3.65 dollars per day line)-> Fell from 61.8 percent in 2011-12 to 28.1 percent in 2022-23. ▪ Rural poverty declined from 69 percent to 32.5 percent ▪ Urban poverty dropped from 43.5 percent to 17.2 percent. ○ Non-monetary poverty (as measured by the Multidimensional Poverty Index (MPI))-> declined from 53.8% in 2005-06 to 16.4% by 2019-21. Global – Poverty ● Incidence: 8.5% of total population i.e. 75 cr live in extreme poverty - on less than \$2.15 per day [World Bank] ● Deprived Regions: 5 out of 6 poor are in Sub-Saharan or South Asia ● Rural > Urban – over 75% of all poor live in rural areas. ● High Prevalence among Children (< 18): 50% of total poor

Inequality	Oxfam Report - Global - The richest 1% control 45% of global wealth. Oxfam Report - India - Richest 1% control more than 40% of total wealth - Bottom 50% own merely 3% 3. Gini Index Gini Coefficient - The Gini coefficient improved for rural areas (declined to 0.237 in 2023-24 from 0.266 in 2022-23) and urban areas (declined to 0.284 in 2023-24 from 0.314 in 2022-23). Rural-Urban Divide: Average Monthly Per Capita Expenditure (MPCE) -> Rs. 4, 122 (Rural) and Rs. 6,996 (Urban) (Household Consumption Expenditure Survey 2023-24).
Hunger	Status of Hunger [Global Hunger Index 2024] Global 2.8 billion people cannot afford a healthy diet. India Specific India's Rank: 105 out of 127 countries. [It remains in the "serious" category, alongside 41 other nations such as Pakistan and Afghanistan.] Child Wasting Rate: 18.7% [Highest in World] Stunted Children: More than 35% Under-5 mortality: 2.9% Status of Food Security [State of Food Security and Nutrition Report (2024)] India Specific Undernourished: 13% from Chronic Undernourishment Anemic: 53% of Women UN-FAO Report - Hunger in India came down to 13.7% during 2021-23 period

DIVERSITY

Parameters/Topic	Data/Statistics
INDIAN SOCIETY	
Caste System	Jatis: More than 30000 Jatis Inter-faith and Intercaste marriages: around 6% 61% of respondents opposed interfaith marriages; 56% were against inter-caste unions [India Today's Gross Domestic Behaviour survey] Rural Vs Urban: Inter-caste marriages are more frequent in Rural areas (5.2%) than Urban areas (4.9%) [Indian Statistical Institute study] Rich and poor: Inter-caste marriages are more common among poor people (5.9%) than rich people (4.0%).
Diversity	Tribes: 705 Languages: 121 (> 10 K) 1500 spoken Dialects: 20,000 languages or dialects. Hindi Speakers: only 26% speak Hindi as mother tongue
Communalism	No. of Communal Riots: India witnessed 84% rise in communal violence in 2024 [Centre for Study of Society and Secularism (CSSS) report] States - Maharashtra emerged-> 12 riots. - Uttar Pradesh and Bihar-> 7 riots

POPULATION

Parameters/Topic	Data/Statistics
Population	
Population Stats	• World – 8 billion • India - 146.39 crores (UNFPA) {Census 2011 – 121 cr} ◦ World Bank: projected increase of 18% to 1.67 billion by 2050 ◦ Annual growth rate – 0.8 % • Census 2011 ◦ Rural - 68.84% ◦ Urban - 31.16% • Diaspora: 3.5 Crore [Ministry of External Affairs] ◦ Remittances = \$129.1 billion in 2024 (3.3 % of India GDP) ◦ US (5.4 million), UAE (3.6 million), and Malaysia (2.9 million). • Land %: 2.4% of the world's land area and 18 % of the world's population.
Demography	• Demographic Advantage: $\approx$ 65% of Population $\approx$ is below 35 yrs. • Medium Age : 28 yrs (China - 39 yrs.) • Large Share in World's Working Population: By 2030, 1/3rd of world working population could be from India • Elderly: 8.6% of population (Census 2011) $\square \approx$ 20% by 2050 ◦ 10.1% or 13.8 cr (Male : Female :: 8% :: 9%) {UN} • World Bank: 76.2% Population belong to 15-64 age group. • NFHS – 5 ◦ Younger Population: More than 60% of Population is below 35 ◦ Over-60 population: increased from 10% to 12% ◦ Avg. household size: decreased between 2015-16 and 2019-21 (from 4.6 persons to 4.4) ◦ Female Heads: 18% of households (18%)
Literacy Rate	• Census 2011 ◦ 74.04 per cent ◦ 82.14 for males and 65.46 for females. • Full Literacy (to be considered equivalent to 100% literacy): Achieving 95% literacy in a State/UT that may be considered as equivalent to fully literate. • Ministry of Education, 2023 ◦ Total $\sim$ 75% ◦ Male (82.14%) v/s Female (65.46%) ◦ Urban (84.11%) v/s Rural (67.77%) ◦ Maximum - Kerala > 90% ◦ Minimum - Bihar $\sim$ 60 %
Sex Ratio	Sex Ratio • Census 2011 – 943 ◦ Rural : Urban :: 949 : 929 ◦ Child Sex Ratio: 918 (Rural : Urban :: 923 : 905) • NFHS – 5 ◦ Sex Ratio: 1020 ◦ Rural : Urban :: 1037 : 985
Religion	Religion wise - Country • Hinduism - 80 % • Islam – 14.2%

	• Christianity – 2.3% {2.5%} • Sikkim: 1.72% {1.75%} • Buddhism - 0.7 % • Jainism: 0.3% Parliament • 90.4% Hindu • 5% Muslims • Other: 4% Bureaucracy • 2.5 % Muslims (Sanchar Committee/ Rangnath Mishra Committee)
Life Expectancy	• India's life expectancy stands at 73.4 years, the healthy life expectancy is almost a decade shorter [Public Health Foundation of India (PHFI)] • World Avg - 73.5 yrs.

VULNERABLE SECTIONS

Parameters/Topic	Data/Statistics
Vulnerable Sections	
Child {0-18 yrs.}	• Population: - o 1/3rd of country population - o 40-45 Cr - o 19% of the World's children • Crimes against Children: 1.5 lac cases in 2021 (NCRB) • Child beggars : 3 lac • Missing: 1 child is missing every 8 mins • Child labour - o 10.1 million children, or 3.9% of the total child population, are "main workers" or "marginal workers" (Census 2011) - o In rural areas, 13.9% of children are involved in child labor, compared to 4.7% in urban areas. - o 70% of child laborers are in agriculture, 20% in services, and 10% in industry. • Cybercrime: Child cyber crimes surges 32% compared to previous year (NCRB) • Malnutrition - o Child Wasting Rate: 18.7% [Highest in World] - o Stunted Children: More than 35% - o Under-5 mortality: 2.9% - o Undernourished: 13% from Chronic Undernourishment - o Anemic: 1 in every 3
Elderly	• Population: 10 cr. (Census 2011) → 8.6% • Growth: Expected to rise to 20% in 2050 • Sex ratio: 1033 {2011} → Feminisation of Ageing • Growth Rate ≈ 3%
Disabled	• Population: 2.68 crore (Census 2011) - o 2.3% of India's population was reported as having some form of disability. ▪ 2.3% in rural areas ▪ 2% in urban areas. • Reservation: - o 4% Reservation is Government Jobs - o 5% is higher education. • Economic Cost: India loses approximately Rs 4.5 lakh crore annually - about 4% of its GDP - due to the exclusion of disabled (Economic Survey 2023)

Trans Genders	• Population: 4.88 lakh (Census 2011) • Mental health issues: 31% attempted suicide. • Gender Discrimination: 27% were denied care due to gender identity (NALSA)
Minorities	• 18% of the population
SC	• Population: 16.6% • Literacy Rate: 66% • Reservation: 15%
ST	• Population: 8.6% • Literacy Rate: 59% • Reservation: 7.5% • 705 notified tribes Meghalaya (Lowest) • Atrocities: 67,000 cases of atrocities against SCs and STs were registered in 2022, highest in the past decade (NCRB)
OBC	• Population: 52% • Reservation: 27%
Miscellaneous	Gen Z population - India • Largest Gen Z population in the world (377 million individuals) • Workforce: By 2025, Gen Z is projected to comprise 27.3% of India's workforce. • Collective spending is at \$860 billion (43% of total consumption in country). ◦ Projected to hit \$2 trillion by 2035 • Loneliness: 61% Gen Z believe people are more lonely today than they were 10 years ago, (Spotify Culture Next Report 2024).

URBANIZATION

Parameters/Topic	Data/Statistics
URBANIZATION	
Population	• World population: total 55% of population lives in urban areas • Population: 31% (Census 2011) ◦ Increase of 40% by 2036 – World Bank • GDP contribution = 63% ◦ Increase to 70% by 2036 – World Bank • Growth Rate: India urban population for 2022 was 50.8 Cr, a 2.05% increase from 2021 (World Bank).
Slums	• Census 2011 - Total Population in Slums: 6.55 cr Indians live in Slums (around 5%) ◦ Maharashtra (1.18 cr) > Andhra Pradesh (1.02 cr) • Cities with >10 Lakh Population: over 29% population living in slums (EPW). ◦ Bombay (over 34%, Calcutta 32%, Madras 32% and Delhi 31%). ◦ 65% of Indian cities have adjoining slums.
Homeless	• Census 2011 - 0.15% of population (17-18 lac) • Commissioners of SC - 1% of the urban population is homeless (~37 lakhs). • Ministry of Housing and Urban Affairs: approx 23.93 lakh people are homeless.
Migration	• Total Migration Rate = 28.9% (Migration in India report, 2020-21) ◦ Rural Areas - 26.5 %

	- o Urban Areas - 34.9% - o Employment: 10.8% persons were migrated for employment related reasons - o Females: 47.9% - (48% in rural and 47.8% in urban areas) ▪ Main reason – Marriage: 86.8% females migrated for marriage - o Males: 10.7% - (5.9% in rural and 22.5% in urban areas) ▪ Main reason – Employment: 49.6% of males migrated for employment • Domestic migrants: ↓ 12% to 40.20 crore between 2011 and 2023 [EAC-PM].
Miscellaneous	• Open Defecation: Over 25% rural households defecate in the open in contrast to Swachh Bharat data (NFHS-5) • Electricity: - o Households: 97% of households have electricity • World Bank – 100% of Urban Population has access to electricity.

CURRENT AFFAIRS

Parameters/Topic	Data/Statistics
Social Justice	1. Mental Health India Lifetime prevalence of mental disorders in India is 13.7%. 10.6% of adults in India suffer from mental disorders (National Mental Health Survey (NMHS) 2015-16) Mental Health in Students 23% of school children have mental health problems (NIMHANS study) 27.8% of undergraduate students had mentalhealth conditions and 31.3 per cent of postgraduate students had suicidal thoughts. Self-reporting rate: <1% (IIT Jodhpur study) Treatment gap: 70-92% Economic Loss: B/w 2012-2030, is estimated at USD 1.03 trillion (WHO) Mental health professionals - Only 0.75 psychiatrists, 0.07 psychologists and 0.07 social workers per 1 lakh people. - India short of 27,000 psychiatrists to reach the recommended ratio of 3 per 1 lakh people. Mental healthcare budget: Govt spends 0.05% of GDP of India, and 1.11% of the Budget (2024-25) on mental health. Global 13.9% of population experience mental disorders - India (0.75 psychiatrists per lakh people) vs Developed countries (6.6 psychiatrists per 100,000 people).
	2. Traditional Medicines India Medicinal plants market-> Rs. 4.2 billion in 2019; expected to increase at CAGR of 38.5% to Rs. 14 billion by 2030. 8,000 herbal remedies codified in AYUSH systems. Ayush exports: \$18 billion Global 80% of the population use traditional medicine. - Global herbal medicine market is projected to grow from \$153.5 billion in 2022 to \$279.8 billion in 2028.
	3. Tobacco Consumption India 2nd largest consumer and producer of tobacco Usage: 42% of men and 14% of women in India use tobacco (GATS2 data) Deaths: In India, nearly 3600 people die every day due to tobacco use. Economic loss - India loses 1% of its GDP to diseases and early deaths from tobacco use (WHO) - For every Rs 100 received as excise taxes from tobacco products, the economy loses Rs 816. Wastage: 1.7 lakh tonnes of waste every year. Global 1 in every 10 cigarettes and tobacco products consumed globally is illicit. 22.3% of the world's population used tobacco (WHO)
	4. Rural Health [Rural Health Statistics 2021-2022] There is shortage of

	- o 83.2% of surgeons - o 74.2% of obstetricians and gynaecologists - o 79.1% of physicians - o 81.6% of paediatricians ● Only 45.1% PHCs function on a 24×7 basis ● Of the 5,480 functioning CHCs, only 541 have all four specialists. 5. Brain Drain ● B/w 2015 and 2022, 1.3 million Indians left ● Citizenship renounced: 225,000 Indians renounced their citizenship (2022) ● Economic loss: India's IT industry could have added \$15-20 billion more annually had the talent stayed. ● 75% of emigrating Indians choose to stay back after studies completion. 6. Exam Leaks ● 70 exam leaks in the last 7 years across 15 states 7. Marital Rape ● 2% of married women face physical, sexual or emotional violence by their husbands ● India is one of only 36 countries where marital rape is not criminalized. 8. Child Marriage (NFHS-5) ● 23.3% of women aged 20-24 years were married before age 18 years. ● 17.7% of men aged 25-29 years were married before age 21 years. ● Prevalence reduced by half from 47% (2006) to 23.3% (2019-21) ● Total cases registered under Child Marriage Act -> 1050 (2021) (NCRB) ● Every minute, three girls are forced into child marriage ['India Child Protection' research team study] 9. Child Artist ● B/w 6,059 and 12,334 child artists [Study by Child Rights and You] ● Child artists in films and TV work for over 12 hours a day.

CLIMATE CHANGE

Parameters/Topic	Data/Statistics
CLIMATE CHANGE	
Climate Change	Temperature Rise - Planet already warmed at least 1.1 degrees Celsius 77% of climate experts expect temperature rise > 2.5° by 2100 Rising sea levels - Risen by over 10 cm between 1993 and 2024 (NASA) Projection: Global mean SLR of 1.3-1.6 m by 2100 in high-emission scenario (IPCC). Carbon emissions Global average CO2 emissions-> 419.3 parts per million in 2023. India (per capita): 1.9 ton v/s 4.7 ton (World avg) World 3rd largest emitter (after China, USA) Greenhouse Gas Emissions [Emission Gap Report 2024] Ranking: India ranks 3rd in total GHG emissions (4,140 MtCO₂e) [China (1st) & US (2nd)]. Meeting climate ambition: To limit global warming to 1.5°C: - Nations must cut 42 % off annual GHG emissions by 2030 and 57 % by 2035 in the next NDCs. Warmest year on record: 2024 (NOAA) Degradation and Desertification: 32% of land affected by degradation and 25% by desertification Impacts of climate change Ocean Ecosystem - Coral reefs decline 70-90% if warming above 1.5°C [IPCC] - Antarctica losing ice mass at an average rate of about 150 billion tons per year - Greenland losing 270 billion tons per year, adding to sea level rise Economic losses - Decline in labour productivity of up to 40%. 3.8% of total working hours could be lost by 2030 [World Economic Forum] Agriculture ↓ kharif maize yields by 18 and 23% in 2050 and 2080 scenarios, respectively. - For every degree of warming, 10-25% increase in crops lost to insect attacks. - Exploitable fish biomass show ↓ >10% by mid-century for many regions of world [FAO] Women 158 million more women and girls into poverty by 2050; 236 million more women into hunger [UN Women] Extreme events - Heatwave made 45 times more likely due to climate change

	- o 14.83 crore people in India will be living in severe climate hotspots by 2050 (Council on Energy, Environment and water) - o > 80% of Indian population lives in districts highly vulnerable to extreme weather events. • Displacement - o India may face a migration of 45 million people by 2050. - o 600 million people could face food insecurity due to climate change-induced disruptions to agriculture and fisheries. - o Tuvalu expected to be one of the first countries to be completely lost to climate change. 8. Carbon Inequality • Richest 1% responsible for more carbon emissions than the poorest 66%. • Half of all emissions are due to 1/10th of the global population 9. IPCC AR6 Synthesis Report • > 50% chance that global temperature rise will reach or surpass 1.5 degrees Celsius between 2021 and 2040. • Per-capita GDP in Sub-Saharan Africa, South Asia, and West Asia remain lower than global average by 2050 [IPCC 6th synthesis report] 10. Climate finance Global • Global climate finance needs are projected to exceed \$10 trillion annually by 2050 (CAG). • Advanced economies contributed 45% of climate finance, while least developed countries (LDCs) received only 3% - From 2018 to 2022 (GLCF 2024). • Adaptation funding gap: Developing countries need \$215–387 billion annually, but receive just \$28 billion in 2022 (Adaptation Gap Report 2024). • Mitigation-adaptation imbalance-> 90% of climate finance directed toward mitigation (UNDP). • Funding source: > 94% of current climate investment comes through debt or equity, rather than grants (Climate Policy Initiative). • India's Climate Finance Needs - o India estimates a \$2.5 trillion financing need by 2030 for its climate transition to achieve net-zero emissions by 2070. - o 6–8 trillion USD needed during 2015–2030 to transform current energy systems in India. - o Adaptation spending: ↑ from 3.7% of GDP in FY16 to 5.6% in FY22 (Eco Survey) • Quantified Goal on Climate Finance (NCQG) or Baku Finance Goal - o Triple finance to USD 300 billion annually by 2035 (previous goal of USD 100 billion annually). - o Secure efforts to mobilize \$1.3 trillion per year by 2035 from both public and private sources • COP29-> proposed climate finance goal of USD 300 billion annually by 2035 is much lower than the estimated USD 5.1-6.8 trillion needed by 2030 (Eco Survey) 11. LiFE: By 2030, LiFE could save consumers USD 440 billion globally. 12. Paris agreement status: Current pledges put world on track for a 2.5-2.9°C temperature rise– far above the 1.5°C limit [UNEP Emission Gap report] 13. India's Climate Commitments • Panchamrit (COP-26)
--	---

	- o Non-fossil fuel energy capacity to 500 gigawatts (GW) by 2030; - o 50% of its energy needs from renewable sources by 2030; - o ↓ carbon emissions by 1 billion tonnes from the present until 2030; - o Reduce emissions intensity of its GDP by 45% by 2030. - o Net Zero emissions by 2070. 14. India's demands: India wants to push developed nations to become carbon negative rather than carbon neutral by 2050.
POLLUTION & WASTE MANAGEMENT	
Pollution and Waste Management	1. Plastic pollution ● India - o Annual: Generates 9.3 million tonnes of plastic pollution annually. - o Daily: 26,000 tonnes of plastic waste – every day -> equivalent of 26,000 small cars! - o Per capita plastic waste production (8 kg per year) - o Plastic recycling: Just 8% - o Single use plastic waste: India ranked 3rd globally; contributes to 5.5 million tonnes per year. ● Global - o Waste generation: 268 million tonnes in 2022. - o Largest consumers: China (20%), US (18%), EU (16%), India (6%) and Japan (4%) - o Per capita consumption -> highest in the US at 216 kg per person, Japan (129 kg per person) and EU (87 kg per person). 2. Air pollution ● World Air Quality Report (2024) - o Rank: India is 5th most polluted country [3rd in 2023] - o PM2.5 Reduction: 7% decrease in PM2.5 levels, averaging 50.6 µg/m³ in 2024, down from 54.4 µg/m³ in 2023. ▪ WHO safe limit: 5 µg/m³. - o Delhi most polluted-> PM 2.5 concentration of 91.8 µg/m³; most polluted Capital city in the world. - o 13 of the 20 most polluted cities in the world are in India. - o Global: Most polluted-> Chad (91.8 µg/m³), Bangladesh (78 µg/m³), Pakistan (73.7 µg/m³), and Congo (58.2 µg/m³). 3. Mercury pollution ● India- 2nd largest mercury emitter -> 144.7 tonnes Hg/year ● India imports over 250 metric tonnes of mercury each year ● India leaks > 220 tonnes into the environment from known sources (Toxics Link, a NGO) ● > 70% to 80% of India's mercury emissions due to coal usage. ● Global position - o Current levels in the atmosphere are up to 500 % above natural levels. - o In Oceans: 200 % above natural levels. 4. Land pollution: 33% of the country's total geographic area —are affected by soil degradation, salinity, and vegetation loss. 5. Noise pollution ● Optimum noise level (WHO) - o 45 dB during the day and 35 dB at night. - o Anything above 80 dB is hazardous.

- 12,000 premature deaths and 48,000 new cases of ischaemic heart disease every year (European Environment agency)
- Noise level of >80 decibels for more than 8 hours a day increases changes in breathing patterns (WHO)
- 6. **Light pollution**
 - Artificial light increasing by around 2% per year globally.
- 7. **Biomedical waste**
 - India generates 743 tonnes of biomedical waste daily and about 640 tonnes is treated (CPCB report)
- 8. **Waste to Energy conversion**
 - **Total waste:** 65 million tonnes of waste every year;
 - o estimated to go up to 165 million tonnes by 2030 and
 - o 436 million tonnes by 2050
 - **Conversion Potential**
 - o 1700 MW from urban waste (1500 from MSW and 225 MW from sewage) and
 - o about 1300 MW from industrial waste [Ministry of New and Renewable Energy]
 - **Current status:** 75% of municipal waste gets collected; only 22 to 28 percent is processed
 - 12 operational and eight non-operational waste-to-energy plants in India in 10 states as of November 2022.
- 9. **Solid waste management**
 - India generated 170,000 tonnes of municipal solid waste per day
 - o **Collection and treatment:** About 156,000 tonnes were collected, of which nearly 54 per cent was treated, and
 - o **Deposition in landfills:** 24% was deposited in landfills (CPCB 2024).
 - **Type of waste**
 - o 50-55% of waste in Indian cities is biodegradable wet waste;
 - o 35% is non-biodegradable wet waste; 10% is inert.
 - **Per capita waste generation** -> B/w 0.2 Kg to 0.6 Kg per day in cities with population ranging from 1.0 lakh to 50 lakhs.
 - **Projections:** Indian cities will generate approximately 435 million tonnes of solid waste by 2050 (MoHUA 2021).
- 10. **E-Waste**
 - **India**
 - o 3rd biggest e-waste generator behind China and the U.S.
 - o 67% of India's e-waste remains unprocessed (Ministry of Environment, Forests and Climate Change)
 - **Global [Global E-waste Monitor 2024 Report]**
 - o Increase in global e-waste generation, rising from 34 billion (bn) kg in 2010 to 62 bn kg in 2022.
 - o Of this 62 bn kg, only 13.8 bn kg is documented as 'formally collected and recycled in an environmentally sound manner'.
 - o 62 million tons of "e-waste" was generated in 2022-> *enough to fill tractor-trailers that could be lined up bumper to bumper around globe.*
- 11. **Circular economy**
 - **India:** India's circular economy could touch \$45 billion by 2030.
 - **Global:** Transition to a circular economy could generate \$4.5 trillion in additional economic output globally by 2030.

WATER & ITS CONSERVATION	
Water and its Conservation	1. Water Scarcity ● Water Scarcity: As per World Bank, Annual per-capita water availability ○ < 1700 m³ : Water Stressed condition ○ < 1000 m³ : Water Scarcity condition (India =: Around 1500 m³ (CWC)) ● Global Scenario: Water scarcity affects more than 40% of the global population ● India's Scenario ○ 18% of world population lives in India but it has just 4% of world's water resources. ○ India is the second-largest consumer of water, using 20.1 per cent of global water resources. ○ It ranks 133rd in water availability per capita ● Per Capita Use (India): Average annual per capita water availability for the year 2021 was 1,486 cubic meters (Ministry of Jal Shakti) ● Projected water demand: Per capita water use is projected to increase from 85 litres per capita per day (lpcd) in 2000 to 125 lpcd by 2025 and 170 lpcd by 2050. ● Access: 50% has no access to safe water. ● Deaths: Around 2 Lac/year (due to lack of access to safe water) ● Economic Burden: Loss of 6% of GDP 2. Water Pollution ● Surface Water Pollution: 80% of surface water is polluted ● Pollution Levels: 70% water resources are polluted (Composite Water Management Index) ● Source of River Pollution: ○ 80% of river pollution -> untreated waste ○ 20% of river pollution -> Industries 3. Groundwater Crisis ● India is the largest groundwater user globally (26% of world). ● Annual groundwater extraction (2023): 241.34 bcm. ● The country's degree of groundwater extraction is 60.4%, or roughly the same as it has been since 2009. ● India consumes more groundwater than the US and China combined ● Annual groundwater recharge -> 446.9 BCM (Jal Shakti Ministry) ● Ground Water Table -> 0.3 ↓/Year ● Dependency ○ 62% of irrigation needs are met through groundwater. ○ 85% of rural and 50% of urban water supply depend on groundwater. ● 17% of groundwater blocks are overexploited (CGBI) ● GW depletion rate could triple by 2080, if Indian farmers continued to draw groundwater at the current rate. ● Annual Groundwater Quality Report 2024 ○ Largest user of groundwater ○ Largest area under groundwater irrigation in the world. ○ Uses ■ 87% of extracted groundwater in agriculture and ■ 11% is used for domestic purposes. 4. Ocean pollution ● As of 2025, 75 to 199 million tonnes of plastic and waste in our oceans. ● 171 trillion pieces of plastic estimated to be floating in the world's oceans.

	5. Oil pollution - Ten oil spills of more than seven tonnes were recorded from tanker incidents in 2024 6. Urban water crisis 48% of India's urban water supply comes from groundwater (CSE) 40% of people in urban areas in India don't get tap water [National Sample Survey Office] - By 2030 India's water demand would be double due to rapid urbanization and little infra planning (UN report)
ENERGY – RENEWABLE & NON-RENEWABLE	
Energy	India's Energy Mix (Sources and Shares) [As per Energy Statistics India 2025, MoSPI] - Coal: 48% - Oil: 28% - Natural Gas: 8% - Renewables (Solar, Wind, Hydro, Biomass): 12% - Nuclear: 4% Non-renewable energy 1. Coal energy - Coal-> 46.88% of India's total installed capacity for power generation. - Share in total power generation capacity ↓ below 50% in 2024 (first time since 1960s). Coal Imports decreased by 8.4% in April-December 2024 in comparison to the same period of FY 2023-24. Per capita commercial primary energy consumption: 350 kgoe/year. 5th largest geological reserves of coal Future of Coal Expected demand: 1.3-1.5 billion tonnes by 2030 (Eco Survey 2022-23) 2. Natural gas - Share in energy basket-> 8% (Target: 15% by 2030). Consumption: 164.3 million metric standard cubic meters per day (mmscmd). - CNG vehicle sales jump 38% in FY2024 - India emerges as key market for LNG, ranks fourth globally in 2024 3. Nuclear energy 5th largest source of electricity 4% of the total electricity generation 25 operable nuclear energy reactors with a total installed capacity of 8.88 GW Target: 1 lakh MW by 2047 Renewable energy 1. Solar energy Potential: 748 GWp (National Institute of Solar Energy) Installed capacity: 100.33 GW (Jan 2025) Capacity increase: 2.82 GW in 2014 to 100GW in 2025. - Utility scale installation: 18.5 GW Rooftop solar (RTS) Market: Surged from 2.5 GW installed capacity in FY21 to 16.6 GW in FY25

	- o Capacity addition: India added 1.2 GW of rooftop solar capacity in the first quarter (Q1) of 2025, up 232% year-over-year from 366.5 MW - o Households: 8.5 lakh households have installed rooftop solar connections - o New Solar Power Scheme: Electrifies 100,000 households in tribal areas, providing off-grid solar systems for 63,000 villages, 1,500 multi-purpose centers, and 2,000 public institutions under the Pradhan Mantri Janjati Adivasi Nyaya Maha Abhiyan. - o PM-Surya Ghar Yojana: Aims for rooftop solar installations in 10 million households, targeting 40-45 GW capacity by 2027. ● World position: - o 3rd largest solar power producer - o 5th in solar PV deployment 2. Wind energy ● Potential: 695.5 GW at 120 meters and 1,164 GW at 150 meters above ground level ● Target: 500 GW renewable energy by 2030; 140 GW from wind power. ● Installed capacity: 50.04 GW [April 2025] ● Potential states: Gujarat, Karnataka, Tamil Nadu and Andhra Pradesh. ● Funding: India may add 25 GB wind energy capacity by 2028 but it need Rs 2 lakh crore (CRISIL) ● Global position: 4th after China, United States and Germany. 3. Offshore wind energy ● Potential: 70GW across 16 offshore zones of Tamil Nadu and Gujarat coasts. ● Current: As of now, India does not have any active offshore wind projects. ● Target: 37 GW by 2030. 4. Hydro energy ● Potential: 1,45,000 MW ● Installed capacity: Share in total power output record low of 8.3% IN 2024, compared to an average of 12.3% over the past decade ● Global Scenario - o India ranks 4th by undeveloped hydropower potential; 5th by total potential. - o India exploited 29% of its hydropower potential (US- 80%; EU-70%) Classification of Hydro projects ● Micro: upto 100 KW ● Mini: 101KW to 2 MW ● Small: 2 MW to 25 MW ● Mega: Hydro projects with installed capacity >= 500 MW ● Thermal Projects with installed capacity >=1500 MW 5. Small Hydro energy ● Potential: 20 GW ● Installed capacity: 5.07 GW 6. Bioenergy ● Current capacity: 11.58 GW as of April 10, 2025 7. Hydrogen based energy ● Current consumption: 6 mmtpa ● 6% share in total final energy consumption by 2050 (IRENA) ● Target: Green hydrogen production capacity of 5 mn tonnes by 2030 (National Green Hydrogen mission). 8. Ammonia based energy: India is among the world's largest ammonia producers, representing 8% of global production.
--	--

	9. Geothermal ● Potential: 10 GW ● Regions: Cambay Graben (Gujarat), Puga (J&K). 10. Ocean Energy ● Potential: 54 GW (Tidal- 12.4 GW; Wave power- 41300 MW)
BIODIVERSITY	
Biodiversity	1. Protected areas ● 1014 Protected areas-> covers 1,75,169.42 km² of geographical area -> $\approx$ 5.32%. ● 72% rise in the number and 16% growth in the total area from 2000 to 2023. ● Bid to double global protected areas affect India's tribes - o 84% of national parks are established in areas inhabited by STs. 2. Biodiversity hotspots ● India lost 90% of area under its four biodiversity hotspots (CSE Data, 2021) ● 25 species have gone extinct in these hotspots. ● Global: 36 biodiversity hotspots - o Represent just 2.5% of Earth's land surface - o Supports > half of the world's plant species as endemics - o Supports 43% of bird, mammal, reptile and amphibian species as endemics. 3. Illegal wildlife trade ● 4th most illegal trade after arms, drugs and human trafficking. ● Annual value -> \$7 - \$23 billion (2016 UN estimates) ● Rhino horn (29%), followed by pangolin scales (28%) and elephant ivory (15%) [World Wildlife Crime report, 2024] 4. Illegally traded plants: Cedars mahogany, holy wood, and Guaiacum made up biggest market at 47%. 5. Human wildlife conflict ● Elephant deaths: 94 elephants perished due to electrocution in 2023-24 ● Tiger deaths: > 600 people were killed in tiger attacks in the country between 2014 and 2024, an average of 60 deaths annually ● Agriculture loss: Wild herbivores damage 15-50% of standing crops in field ● Poaching: > 6,900 poachers were arrested for killing and trafficking of 2,869 wildlife animals during the past 10 years ● India is among the top three countries globally for illegal wildlife trade via the airline sector. 6. Invasive species ● India - o India tops the list with 185 invasive alien plants in South Asia. - o 66% of country's natural systems threatened - o Economic cost could reach up to USD 182.6 billion. ● Global - o 37,000 established alien species - o 1 in 10 species on IUCN Red List are threatened by invasive alien species. - o Annual economic costs exceed USD 423 billion. 7. Coastal areas ● 33.6% of Indian coastline vulnerable to erosion, 26.9% was under accretion (growing) and 39.6% was in stable state. 8. Forests ● India State of Forest Report (2023)

- o **Forest and Tree cover:** 25.17 percent of the geographical area and (21.76% is forest cover and 3.41% is tree cover).
 - ↑ by 1,445.81 km², with a 156.41 km² rise in forest cover compared to 2021.
- o **State-wise data**
 - **Area wise** top three states having largest forest cover are Madhya Pradesh > Arunachal Pradesh > Chhattisgarh
 - **Maximum increase (Forest and Tree Cover):** Chhattisgarh > Uttar Pradesh > Odisha > Rajasthan
 - **Largest Decrease:** MP > Karnataka > Ladakh > Nagaland
 - 19 states/UTs have above 33 percent of the geographical area under forest cover.
- o **Mangrove cover:** 4,992 sq km - 0.15% of the total geographical area, with a net decrease of 7.43 km² since 2021.
- o **Carbon stock:** 30.43 billion tonnes of CO₂ equivalent.

9. Mangroves

- **Total mangrove cover:** 4,992 sq km (ISFR 2023)
- **Vulnerability:** By 2070, 50% of India's mangroves will shift or vanish due to climate change [Birbal Sahni institute Palaeosciences]
- **Global:** Over 50% of world's mangroves at risk of collapse, climate change leading factor; (IUCN).

10. Coral reefs

- **Global**
 - o Cover less than 1% of ocean floor but most productive and diverse ecosystem.
 - o **Bleaching:** > 60% of world's coral reefs may have bleached in past year (NOAA)
 - o **Effect of Climate change:** It could damage half of the world's reefs by 2035
 - o NOAA confirms 4th global coral bleaching event
- **India**
 - o **Bleaching:** 84.6% of coral reefs in Lakshadweep experienced bleaching during 2023-24 [Ministry of Earth Sciences informed (MoES)]
 - o It takes 6-7 years for Lakshadweep reefs to recover, without further disturbances
 - o Degradation can affect 4.5 million people in southeast Asia and the Indian Ocean.

11. Wetlands

- 4.6% of land as wetlands; 15.26 million hectares
- India now has 89 Ramsar sites, surpassing China, which has 82 Ramsar sites
- **National Wetland Atlas (2011):** Gujarat (17.5%), lowest in Mizoram (0.66%)
- India lost 2 out of 5 wetlands in last 3 decades
- **Global**
 - o 35% of the world's wetlands lost b/w 1970-2015
 - o 30% of coastal wetlands could be lost by 2100

12. Beaches

- 12 Blue Flag Certified beaches in India
- 89% of shoreline of A&N islands eroded by Bay of Bengal
- 33.6% of Indian coastline was vulnerable to erosion

13. Species

- **Extinct species:** Indian Cheetah, pink-headed duck, and the Great Indian Bustard due to desertification.

	● Tiger - o ↑ by 30% in the last 20 years. - o 3,681 tigers (range 3167-3925) - o 53.2% of tiger deaths occurred within Tiger Reserves - o 35.22% happened outside boundary of TRs (NTCA) - o Tiger deaths in 2023 is highest (178) since 2012. ● Elephants - o India has the largest number of wild Asian Elephants - o Decline in India's Elephant Population-> From 19.8K in 2017 to 15.9K in 2023 (WII) - o 29,964 elephants (2017 census by Project Elephant). - o 60% of the species' global population in India. ● Birds Population - o State of India's Birds (2023) ▪ 60% of bird species declined in India over a period of 30 years ▪ 29% are stable, and 11% have shown increases. - o Global ▪ 48% of 11,000 surviving bird species experiencing decline ▪ 13.5% of bird species face risk of global extinction, with 798 species classified as vulnerable, 460 as endangered, and 223 as critically endangered. 14. Ecosystem services: Total value of global ecosystem services for one year is b/w 16 to 54 trillion USD
--	---

SUNYA IAS

DISASTER MANAGEMENT

Parameters/Topic	Data/Statistics
General	
Climate Risk Index 2025	- India ranked 6th most affected country (1993-2022) 80,000 fatalities (10% of global) due to extreme weather events 4.3% of global economic losses (USD 180 billion).
Economic cost of disasters	Natural catastrophes -> losses of \$12 billion (over Rs 1 lakh crore) in India in 2023 (Swiss Re report)
Disaster Stats	Internal displacements due to natural disasters: 5.4 million displacements in 2024, the highest in 12 years (IDMC report) Droughts: Impact: 40% land area and 70 % of cultivable area prone to droughts Vulnerability: Affect 40% of population 60% increase in droughts in last 25 years Earthquakes: [Data by NDMA] Vulnerability: 60% of landmass is prone to Earthquake(80% of population) Unsustainable infra: 90% casualties due to collapse of houses & structures Landslide: 12% of area is prone to landslides. Floods: Area: 12% of area prone to floods and river erosion Vulnerable sections: Children and women, constitute 85% of death. Economic Losses: average annual loss is estimated to be US\$ 7.4 billion Urban fire(NCRB): Hotspots: Maha & Guj accounts 30% of India's fire accident deaths Reasons: 60% of Fire related deaths occur in Residential buildings. Shortcomings: 65% shortage of fire stations. Impact: 4th biggest risk to business continuity (India Risk Survey 2021) Loss of life: 35 people killed every day due to fire related incidents Vulnerable section: 60% of those killed are women Heatwave: Coverage: 90% of India is in a "danger zone" from it (PLOS Climate). Financial loss: \$2,500 billion by 2030 (Globally) Heat stress loss in India: 6% of its working hours equivalent to 35 Million fulltime jobs (ILO) Loss of life: 155,937 heat-related deaths in India in 2021 (Global Burden of Disease study) Forest Fire: Causes: Only 4% natural causes globally (MoEFCC) Vulnerability: >35% of India's forest cover is prone to forest fire. Carbon emission: 2.5 billion to 4.0 billion tons annually (IPCC) Global: Amazon forest – 8000 incidents in 2019 Cyclones: Exposure: India exposed to 10% of world's tropical cyclones. Extent: 75% of India's 7500 Kms coastline prone to cyclone. Vulnerability: 8% of area and 1/3rd of Indians are vulnerable to cyclone

INTERNAL SECURITY

Parameters/Topic	Data/Statistics																		
BORDER MANAGEMENT																			
Land Border	• Land border: 15106 Kms • Border countries: 7 • Indian border states: 17 <table border="1"> <thead> <tr> <th>Name of country</th><th>Length of border (in Kms)</th></tr> </thead> <tbody> <tr> <td>Bangladesh</td><td>4096</td></tr> <tr> <td>China</td><td>3488</td></tr> <tr> <td>Pakistan</td><td>3323</td></tr> <tr> <td>Nepal</td><td>1751</td></tr> <tr> <td>Myanmar</td><td>1643</td></tr> <tr> <td>Bhutan</td><td>699</td></tr> <tr> <td>Afghanistan</td><td>106</td></tr> <tr> <td>Total</td><td>15106</td></tr> </tbody> </table>	Name of country	Length of border (in Kms)	Bangladesh	4096	China	3488	Pakistan	3323	Nepal	1751	Myanmar	1643	Bhutan	699	Afghanistan	106	Total	15106
Name of country	Length of border (in Kms)																		
Bangladesh	4096																		
China	3488																		
Pakistan	3323																		
Nepal	1751																		
Myanmar	1643																		
Bhutan	699																		
Afghanistan	106																		
Total	15106																		
Border issues	• Ceasefire violations: Reduced to almost zero (from 5000+ in 2020) after ceasefire agreement in 2021. • Cross border infiltration: ◦ Indo-Pak: Pahalgam attack (April 2025) -> 26 civilians were killed ◦ India-Bangladesh: 1,956 Bangladeshi nationals were apprehended by BSF troops in 2024. • Illegal Migration (Census 2011): 5.5 million people (0.44% of total population) ◻ of these 42% from Bangladesh and 13% from Pakistan.																		
MARITIME AND COASTAL SECURITY																			
Coastline	• Length: 7500 Kms (13 coastal states and UT) ◻ 7th longest in world. ◦ Update: the length of India's coastline had increased from 7,516.6 km to 11,098.8 km [Ministry of Home Affairs] • Population along coast: 1/5th of India's population • Ports: 13 major and 200 Minor ports. • Coastal monitoring and surveillance: 46 radar stations established																		
DEFENSE																			
Expenditure	• SIPRI report 'Trends in World Military Expenditure 2024' ◦ Rank: 5th largest military spender after U.S., China, Russia, and Germany. ◦ Total Expenditure: \$86.1 billion in 2024, nine times that of Pakistan. • Union Budget (2025-26): Rs 6.81 lakh crore allocated in Union Budget 2025-26 for MoD (↑ 9.53% from 2024-25) • Projection: Defence budget to rise five-fold to Rs 31.7 lakh crore by 2047 (CII KPMG Report)																		
Exports	• Total exports: ₹23,622 crore (approx. US\$ 2.76 billion) in FY2024-25. • DPSUs have shown ↑ of 42.85% in FY 2024-25. • Target: ↑ ₹50,000 crore by 2029. • Export Destinations: Over 100 countries; USA, France, and Armenia emerging as the top buyers																		
TERRORISM																			
Jammu and Kashmir	• Terrorist Incidents: 70% decline in terror incidents in J&K (MHA) • Organized Stone pelting Incidents: Reduced from 1221(2018) to 0 (2023) (related to terrorism and separatism)																		
Ranking	Global Terrorism Index (2025) • India ranks 14th in the Global Terrorism Index (GTI) 2025. • Pakistan ranked 2nd; Terror attacks in Pakistan have increased by 45%																		

LEFT-WING EXTREMISM (MHA DATA)	
Surrendered cadres	1,045 surrendered in 2024
Decline in violence and deaths	Violence: to 374 in 2024 (reduction of 81%). Death (civilians + security forces): reduced by 85% during this period from 1005 deaths in 2010 to 150 in 2024. Decline in geographical area: reduced from 126 districts in 2013 to 38 districts in April 2024.
Security and Developmental measures	Fortified Police stations: 400 PSs constructed in 10 LWE affected States. Telecom connectivity: 10,505 mobile towers planned, of which 7,768 towers have been commissioned. Financial inclusion: 1,007 bank branches and 937 ATMs in 30 Most LWE affected districts and 5,731 new post offices. Skill development: 48 Industrial Training Institutes (ITIs) and 61 Skill Development Centres (SDCs) functional in LWE affected districts.
ORGANISED CRIME	
Drug Trafficking	Source of Drugs: Drug trafficking through Arabian Sea & Bay of Bengal, estimated to account for around 70% of total illegal drugs smuggled into India Target: MHA aims to make India drug free by 2047. Seizure: ₹11,311 crore worth drugs were seized in 19 instances from seaports in the past five years (Ministry of Home Affairs) Conviction rate: As in 2022, 54 accused were convicted, which almost doubled to 104 in 2023 and increased further to 110 in 2024.
Money Laundering	Estimated Value: 2 to 5% of World GDP (IMF) Properties attached: ₹1.45 lakh-crore assets attached under PMLA till 2024 (ED data) AML Basel Index: India ranked 70th out of 141 countries in the Anti-Money Laundering (AML) Basel Index, 2020
Black Money in India	- As per IMF estimates, black money in India is 50% of GDP and the World Bank estimates it at 20% of GDP. - India estimates black money in Swiss banks at \$1.4 trillion, while Swiss authorities report only \$2 billion.
Human Trafficking	Over 10,000 cases of trafficking but only 1,031 convictions between 2018-2022 (Ministry of Home Affairs)
CYBER SECURITY	
Cyber Attacks	Cyber attacks: India recorded 79 Million Cyber Attacks in 2023 (cybersecurity firm Zscaler) Extent: India saw at least 1 cybercrime every 10 min Cost: \$4 Bn dollars. Expected to reach \$20 Bn in next 10 years. Security Breaches: 2nd most targeted nation for cyber attacks globally (CloudSEK's ThreatLandscape Report 2024). Phishing attacks: 3rd largest country under phishing attacks after US and UK. IoT related attacks: 59% rise in 2024
Cyber Potential	India's potential: India is the second largest online market in the world, behind China. By 2025, the number is expected to grow to 900 million. (MHA)
INSURGENCY [MHA DATA]	
Insurgency	- Insurgency in NE states ↓ by 80% in last eight years - Casualties of security forces ↓ by 75% and civilian deaths by 99% (MHA) 77% of insurgency incidents in NE from Manipur alone in 2023 (MHA)

INDIAN POLITY

Parameters/Topic	Data/Statistics
General	
Democracy	● V-dem Democracy Report 2024 ○ India, downgraded to an electoral autocracy in 2018, has further declined to become "one of the worst autocratizers."
Constitution	● Time taken: 11 sessions - 2 years, 11 months and 18 days. ● Preamble: November 26, 1949 as the date of enactment of the constitution. ● Constitutions referred: Constitution of about 60 countries. ● Articles: 448 Articles divided into 25 parts and 12 schedules ● Basic Structure: Keshavananda Bharati case - 24th April, 1973 ● Rigidity vs Flexibility: US Constitution - changed 27 times in over 200 years vs Indian constitution - amended 105 times
Significant Provisions	Status of Refugees ● Recognized Refugees: >2 Lac (UNHCR) ● Non Recognized refugees: 20 million, mostly from Bangladesh. ● Internally Displaced People: more than 5 lakh ● International Scenario: UN - over 100 million migrants living outside their country of birth in 2022. ● Rohingyas: 22,500 Rohingya refugees currently reside in India (UNHCR) ● Kashmiri pandits: up to 3 lakh ● Bru refugees: 30,000 in Tripura - from Mizoram. Reservations in India ● OBC/SC/ST: 27% / 15% / 7.5% ● Reservation Limit: 50% - Indra Sawhney v Union of India (1992) ○ EWS reservation is outside this limit. ● Miniscule Representation of SC/ST at Higher Levels: SC/ST representation at Secretary, Joint Sec. level in Centre stands at 4% and 4.9% resp. (Rajya Sabha data from 2022) ● Prevalence of Untouchability: National Campaign for Dalit Human Rights - 38% of government schools require students to have lunch separately. OBC Reservation ● Dominance of Few Section: 24.95% of jobs and seats to just 10 OBC communities. ● 97% of all jobs and educational seats – to 25% of all sub-castes classified as OBCs. ● 0 Representation: 983 OBC communities (37%) - zero representation in jobs and educational institutions Socio-Economic Caste Census (SECC) ● Households: 24.49 cr - 17.97 cr living in villages ● Landlessness: ○ 56% of rural households do not have access to agricultural land. ○ 5.37cr(29.97%) rural households are "landless" & rely on manual labour. ● SC/ST Families: 21.53% of village families (3.86 cr) ● Illiteracy: 36% of the rural population (884 million) is illiterate > than the 32% reported in 2011 Census

	● Poverty: Urban Households vs Rural households :: 35% vs 60% ● Manual Scavenging: 1.80 Lakh households Sedition in India ● No. of cases: 701 cases of sedition and offences against the State from 2018 to 2022 ● Rate of Conviction: 33.3% in 2020 (NCRB) Preventive Detention ● Rise in Arrests: 1.1 lakh people were arrested and detained under preventive detention laws in 2021 - 23.7% rise over 2020 (NCRB) Internet Freedom (Freedom on the Net Report (2024)) ● Global internet freedom ↓ for the 14th consecutive year in 2024. ● Iceland -> 'freest online environment' in the world ● India -> 'partly free' category with a score of 50 out of 100. Internet shutdowns ● India: 84 shutdowns (Highest in any democracy) affecting 16 states and territories. (Access Now 2024 report) ● Economic cost: shutdowns reportedly cost India total \$1.9 billion and \$118 million in foreign investment in the first half of 2023 alone. ○ In 2020, India suffered losses of \$2.8 billion due to 129 separate instances of internet suspension. ○ Internet Society's NetLoss Calculator-> a single-day shutdown can push up to 379 people into unemployment in India. ● Global: 296 shutdowns were recorded across 54 countries in 2024, an increase from 283 in 2023. Capital Punishment ● World: More than 2/3rd countries - abolished [Amnesty international]. ● Prevalent in Asia: India, China, Iran etc. where 60% population of the world lives [Law commission]. ● India: 544 capital punishment convicts were lodged in various jails as of December 31, 2022. Citizenship Amendment Act, 2019 ● Citizenship to 6 non-Muslim communities: Hindus, Sikhs, Buddhists, Jains, Parsis and Christians ● Date: who entered India on or before 31st December, 2014
Parliament	Rajya Sabha ● Regional Variation: Uttar Pradesh - 31 vs Tripura has 1 Parliamentary Scrutiny and Accountability ● Departmentally Related Standing Committees: Lok Sabha – 16 and Rajya Sabha – 8 ● Decreasing Discussion Level: ○ Decrease in the Sitting Days: Reduced from an annual avg of 121 days (1952-70) to only annual 55 days in 17th LS. ○ Lack of Scrutiny: Just 16% of the Bills were referred to standing committees for further scrutiny, declining from 28% in the previous Lok Sabha (It was 71% in 15th LS) ○ Suspensions of MPs: 100 MPs from the Lok Sabha and 46 MPs from the Rajya Sabha have been suspended during the ongoing winter session of Parliament. Low Women Representation ● 18th Lok Sabha: 13.6% ● 17th Lok Sabha: 14.3% (78)

Federalism	Finances: ● Tax Devolution: 15th Finance Commission - Share of states in the central taxes for the 2021-26 period is recommended to be 41%. ● Borrowing Limit: Central Government enhanced the borrowing limit of state governments from 3% to 5% of their GSDP. ● GST compensation cess: might have a ₹1.37 lakh crore shortfall by March 31 due to ₹50,000 crore interest on Covid loans ● State Finances (RBI State Finances: A Study of Budgets Of 2024-25 Report) ○ Decline in consolidated Gross Fiscal Deficit (GFD): State governments contained their GFD within 3% of GDP during 2021-22 to 2023-24. ○ Revenue Deficit: States maintained the revenue deficit at 0.2% of GDP during 2021-22 to 2023-24. ○ Expenditure quality improved: Capital outlay, expenditure that leads to creation of physical/financial assets, increased to 2.6% of GDP in 2023-24 from 2.2% in 2022-23. Language in India ● 2011 Census: listed 1,369 ‘mother tongues’ in the country. Hindi is only one among them (mother tongue of only 26% population) ● 121 languages (22 scheduled languages) spoken by 10,000 or more people in India ● People’s Linguistic Survey of India - 220 Indian languages have disappeared in the last 50 years, and that another 150 could vanish in the next half century												
Emergency	National Emergency <table><tr><th>Time period</th><th>Reason</th><th>Remarks</th></tr><tr><td>26 Oct 1962 – 10 Jan 1968</td><td>India-China war Security of India threatened</td><td>By external aggression</td></tr><tr><td>3 Dec 1971 – 21 March 1977</td><td>Indo-Pakistan war; and later extended</td><td>Security of India threatened by external aggression</td></tr><tr><td>25 June 1975 – 21 March 1977</td><td>Political instability</td><td>Security of India threatened by internal disturbances</td></tr></table> President Rule: Since 1950, President’s Rule has been imposed a total of 134 times across 29 states and UTs. ● Since 1950, President’s Rule has been imposed at least once a year in 53 out of 74 years. ● The 1960s and 1970s saw the most frequent use of President’s Rule.	Time period	Reason	Remarks	26 Oct 1962 – 10 Jan 1968	India-China war Security of India threatened	By external aggression	3 Dec 1971 – 21 March 1977	Indo-Pakistan war; and later extended	Security of India threatened by external aggression	25 June 1975 – 21 March 1977	Political instability	Security of India threatened by internal disturbances
Time period	Reason	Remarks											
26 Oct 1962 – 10 Jan 1968	India-China war Security of India threatened	By external aggression											
3 Dec 1971 – 21 March 1977	Indo-Pakistan war; and later extended	Security of India threatened by external aggression											
25 June 1975 – 21 March 1977	Political instability	Security of India threatened by internal disturbances											
Judiciary	● Judges to Population Ratio: 15 judges per million (India Justice Report 2025) ○ 150 per million – USA ○ Law Commission (India) -> 50 per million ● Low Female Representation: ○ Supreme Court: Till date, only 11 female judges in Supreme Court ○ High Court: 11.5% Judges are female ○ Subordinate courts: 30% Judges are women ○ Female Advocates: Out of 1.7 million registered, only 15% are women ● Huge Pendency: ○ Supreme Court: 82,445 pending cases (Jan 2025) ○ High Courts and Subordinate courts: 5 crore cases (Jan 2025) (India Justice Report 2025) ○ Extent of Problem												

	▪ 1,514 cases in High Courts and 1,390 in subordinate and district courts have been pending for over 50 years. ▪ In subordinate courts, more than 50 per cent of cases have been pending for over three years. ● Government the Largest Litigant: involvement of the Indian government as the largest litigant, contributing to 50% of pending cases. ● Justice Delayed: At the current disposal rate if no new cases added; Supreme Court - 1.3 years and High Courts and Subordinate Courts – 3 years. ○ HC - 21% cases pending for over 10 years ○ Subordinate Courts - 23% cases for over five years ● Infrastructure Deficiency ○ Lack of Courtrooms: shortage of 4,200 courtrooms for judges across the country (Centre for Research and Planning of Supreme Court of India report) ○ District courts: ~37.7% of Judicial Officers (JOs) have reported lack of adequate space in courtrooms. ○ Low Spending: 0.09% of GDP to maintain the judicial infrastructure. ○ No Power Backup: 59% of courtrooms ○ Toilets: 26% of court complexes do not have separate ladies toilets and 16% do not have gents' toilets. ○ Drinking water facility: Only 54% of court complexes have purified drinking water facilities. ○ Record room: Only 32% of courtrooms have separate Record Rooms. ○ Library: Only 51% of court complexes have a library. ○ Video-conference Facility: Only 27% of courtrooms have computers placed on the Judge's dais with video-conferencing facilities. ▪ 50% of lawyers, particularly in district courts, do not have any laptop or computer facility ● Lok Adalat: National Lok Adalat settles 1.45 crore cases, prevents 1.22 crore new cases (2024) ● Gram Nyayalayas ○ Target: 2500 ○ Limited implementation: only 476 notified by just 15 states ○ Operational: 314 ○ No GN in North East ● Fast Track Special Courts ○ 745 FTSCs, including 404 exclusive POCSO Courts, are operational across 30 States and UTs ○ collectively disposed of over 3,06,604 cases to date. ○ 1800 FTCs recommended by 14th Fin Commission Transparency Issues - Judges Asset Disclosure ● Out of 769 High Court judges, only 95 (12.35%) have publicly disclosed their assets. ● Kerala High Court leads with 18% of its judges disclosing assets (41 out of 44), followed closely by Himachal Pradesh at 91.66% (11 out of 12). ● Chhattisgarh HC (1/16) and Madras HC (5/65) report some of the lowest disclosures. ● As of April 2025, 30 of 33 SC judges have declared their assets, and a Full Court resolution ensures all 33 will publish their declarations soon.
	Criminalisation of Politics (ADR report 2025) ● Member of Parliament ○ 251 (46%) of the 543 elected MPs in 2024, have criminal cases against them.

Elections	- o 171 (31%) face serious criminal charges including rape, murder, kidnapping etc. • Member of Legislative Assembly - o Declaration: 45% (1,861 MLAs) have declared criminal cases - o Criminal charges: 29% (1,205 MLAs) face serious criminal charges, including murder, attempted murder and kidnapping - o Henious charges: 54 MLAs face murder charges, 226 face attempted murder charges, and 127 face crimes against women, including 13 charged with rape. - o Gender-wise: 23% of women MLAs (out of 282 analyzed) have declared criminal cases. - o State-wise: Andhra Pradesh leads with 79% MLAs having criminal cases, followed by Kerala and Telangana at 69% each. Registered Unrecognized Political Parties • Misuse of electoral funding-> Over 3260 unrecognised political parties received ₹10000 crore in donations Expenditure • 18th LS elections – 1.35 lakh crore – 1400/voter (2024) [2019 – 60K cr] • Black Money: Over 55% of the donations received by regional parties in FY 2019-20 came from “unknown” sources (ADR) Women in Politics • Participation in Legislature: - o Globe: Highest in Nordic nations(42.5%), followed by USA(22%), Europe(19.5%), Asia(18%). - o India: India ranks 5th in women’s political representation in parliament behind Afghanistan, Bangladesh, Pakistan and Nepal. ▪ 15% women in Lok Sabha and 13% in Rajya Sabha ▪ For All state assemblies- 9% of MLAs are women ✓ No state has > 20% women MLAs ✓ Highest – Chhattisgarh (18%) ✓ Himachal Pradesh (1) MLA ✓ Nagaland and Mizoram – 0
Local Self Government	• Municipalities (RBI report) - o Revenue generation: generate only 0.6% of GDP in 2023-24, much lower than the central government's 9.2% and state governments' 14.6%. - o Sources of revenue: Tax revenues (30%), grants, contributions, and subsidies (24.9%), and fees and user charges (20.2%). ■ MCs in 18 states collect only 56% of their property tax demand. - o Transfers: In 2022-23, grants from the Central and State governments to municipalities ↑ 24.9% and 20.4%, respectively. - o Municipal Borrowing: ↑ from ₹2,886 crore in 2019-20 to ₹13,364 crore in 2023-24. - o Municipal bond market: ₹4,204 crore (0.09% of corporate bonds), with most bonds privately placed - o Fund utilization: 11 out of 18 states have utilized only 61% of the funds allocated to them (CAG report) • Devolution (Ministry of Panchayati Raj) - o Top 3 States in devolution are Karnataka, Kerala, and Tamil Nadu. - o Lowest 3 states/UTs are Dadra & Nagar Haveli and Daman & Diu, Puducherry, and Ladakh. - o Devolution has ↑ from 39.9% to 43.9% during 2013-14 to 2021-22.

GOVERNANCE

Parameters/Topic	Data/Statistics
General	
General	• e-Governance - o Active internet users -> 886 million in 2024. ▪ Projection: 900 million active internet users by 2025 - o JAM trinity: 1.21 billion Indians enlisted in the government's biometric digital identity initiative. - o Jan Dhan Yojana: > 54 crore accounts, with a total deposit balance of ₹2.39 lakh crore- an increase of over 15 times since its inception. - o Rupay cards: 37.02 crore RuPay cards have been issued to PMJDY account holders - o UPI processed ₹23.49 Lakh Crores across 16.58 billion financial transactions in October 2024. • National Level Initiatives - o BharatNet Project (Status as on March 2025) - o 2,18,347 GPs have been made service ready - o Optical Fiber Cable (OFC) length has increased to 42.13 lakh route km. - o Aadhaar: ▪ Enrollment: As of 2023, over 138 crore Aadhaar cards have been issued. ▪ Usage: Aadhaar e-KYC transactions has crossed 2,393 crore (April 2025) - o Direct Benefit Transfer (DBT): ▪ Savings: DBT saved Rs 3.48 lakh crore by curbing welfare delivery leakages (Ministry of Finance) ▪ Subsidy allocations: ↓ from 16% to 9% of total government expenditure post-DBT implementation. ▪ Total Transfers: Total debit was ₹6.91 lakh crore in FY24 ▪ Beneficiaries: 1.85 billion beneficiaries for different schemes are registered under various DBT schemes (March 2025) • E-Governance Projects and Portals - o e-NAM: ▪ Mandi Integration: Over 1,300 mandis integrated across 23 states and 4 UTs. ▪ Transactions: eNAM witnessed total trade of Rs 78,424 crore (2023-24) - o GSTN (Goods and Services Tax Network): ▪ Registrations: Over 13 million businesses registered. ▪ Transactions: collection had touched a record high of Rs 2.37 trillion in April 2025. - o GeM (Government e-Marketplace): ▪ Vendors: Over 5 million sellers and service providers registered. ▪ Transactions: Facilitated transactions of Rs 5.42 lakh crore in 2024-25 - o DigiLocker: ▪ Users: Over 150 million registered users. ▪ Documents Issued: More than 5 billion documents issued. - o e-Courts: ▪ Virtual Courts: Over 3,000 virtual courts operational. ▪ Case Information: Over 6.66 crore cases handled

Civil Services	• Total : 7000 IAS Officers (only 7% with union) • Shortage of nearly 1600 officers • Efficiency: 25% IAS officers corrupt, incompetent, or inefficient; middle 50% complacent: D Subbarao
Aadhar	• Coverage > 92.5% penetration (CAG) ◦ Adults: Nearly 100% ◦ Children (5-18): 92.5% ◦ States: Some states in India have Aadhaar enrollment rates that exceed 100% • Authentication failure ◦ Iris: 8.5% ◦ Finger: 6% • Invalid mobile number: ≈ 7,50,000 beneficiaries linked with invalid mobile no • Exclusions ◦ Around 0.6 % ◦ 27% transgender ◦ 30% homeless • Govt Savings: Govt saved ₹2.22 lakh crore (approximately \$29 billion) by using Aadhaar
Grievance Redressal	Centralized Public Grievance Redress and Monitoring System • Resolved over 70 lakh grievances (from 2022-24) • Redressed over 1.5 lakh grievances per month Other • Rate of bribing ≈ 40% • Personal connection for grievance redressal: India has highest rate of people using personal connections to access public services (46 per cent) [Transparency international]
Social Audit	Social Audit in MGNREGA • Coverage: In 2019-20, social audits were carried out at least once in 63% of the total GPs. (47% - 2018-19) • Out of the 34 States and UTs only six have completed social audit of works done under MGNREGA in more than 50% of gram panchayats. • As of December 2022, more than 5.17 crore assets have been constructed and geo-tagged under MGNREGA
Corruption	• Corruption Perceptions Index 2024: India ranks 96 out of 180 countries • Transparency International Survey ◦ 89% of Indians: Think government corruption is a big problem ◦ 71% of Indians: Think corruption levels have increased and/or stayed the same in the previous 12 months ◦ 46% of Indians: Think that police and local government officials are corrupt ◦ 18% of Indians: Were offered bribes in exchange for votes
RTI & OSA	RTI • RTI Applications: 5000 application/day • Pending Cases: > 4 lakh; across 29 commissions. • Resection ratio : 5 % • Awareness: only 15% • RTI rejection rate: the Home Ministry had the highest rate of rejections - >rejected 20% of all RTIs received.

	● Satark Nagrik Sangathan report 2023 ○ 7 out of 29 information commissions were defunct between July 2023 to June 2024. ○ > 9 commissions were without a chief information commissioner. ○ 14 commissions would take 1 year or more to dispose a matter ○ Merely 9% of all information commissioners have been women
Citizen Participation	● Since 2014, MyGov platform has evolved into a robust platform with over 4.72 crore registered users, known as MyGov Saathis.
Criminal Justice	Undertrials in India ● Undertrials: 75% of total Prisoners are Undertrials (India Justice Report, 2025) ○ Out of these about 68% were either illiterate (27%) or school dropouts (41%) ○ The number of <u>under-trials doubled</u> between 2010 (2.4 lakh) and 2021 (4.3 lakh). [India Justice Report 2022] ● Time Spent in Prisons: Nationally, 20.8% undertrials spent 1 to 3 years in prison, 5.6% confined for 3 to 5 years, 2.7% were confined for more than 5 years. ● Vulnerable section: Near about 55% undertrials are SC, ST and Muslims. ● Conviction rate: Nationwide in 2022, 23.3% of the total prisoners were proven guilty and convicted for their crimes
Police	● Budget: Only 3% of State and central budgets are allotted for policing. ● Vacancies: State police forces had 24% vacancies (2016 Data) ● Women in police = 12% (Ladakh = 28%) ● Police : Public Ratio = 152/lakh (UN → 222/lakh) ● Constabulary Constitutes: ~86% of the state police forces. ● Weaponry Shortage (according to CAG audit report) ○ Rajasthan: 75% shortage ○ West Bengal- 71% shortage ● Surveillance Vehicle Shortage: 30.5% deficiency according to BPRD. ● Union Budget 2025-26 -> allocated ₹2.33 lakh crore to the Ministry of Home Affairs, with major funds directed towards central police forces. ● Trust: Less than 25% of Indians expressed trust in the police.
Prison Reforms	● Functional Jails: 1350 Capacity of Prisons: 4.25 lakh prisoners [NCRB] ● Occupancy Rate [Overcrowding] > 130% [India Justice Report 2025] ● Undertrial: 76% (India Justice Report, 2025) ● Funding for Prisons: avg daily spend per inmate is mere Rs 121 (IJR 2025) ● Composition of Prisons [NCRB's Prison Statistics India – 2021] ○ Gender-wise: 4.3% are women prisoners. ○ Vulnerable Sections: Over 85% of prisoners are SC/ST/OBC/Muslims. ● Psychologists: Only 25 psychologists for the entire prison population—an average of 1 for every 22,928 prisoners (Recommended: 1:500) ● Doctors Availability: 1: 775 Prisoners vs 1:300 (Recommended) [IJR 2025] ● Shortage of Staff: ~33% of the total requirement ● Lack of Child Centers: Nearly 18000 children are living in jails only because their parents are in jails.

Custodial Violence	NCRB Data ● Custodial deaths: > 660 Custodial deaths in the country from 2017 to 2022. ● State-wise: Guj(80) has reported highest number followed by Maharashtra. ● Conviction Rate: 1,888 custodial deaths in the last 20 years but only 26 policemen convicted. ● Lack of Inquiry: in 30% of cases. Common Cause–Lokniti (CSDS) Study ● Tough methods: 5% of police personnel believe it is important to use “tough methods” to instill fear among the public, 20% consider it “very important” and 35% consider it “somewhat important.” ● Killings: 22% of police personnel believe that killing “dangerous criminals” is better than a legal trial. ● Arrest Procedures: 41% of police personnel say arrest procedures are “always” followed. 24% admit that procedures are “rarely or never” followed. ● Third degree methods: 30% of police personnel justify the use of third-degree methods in serious criminal cases.
Social Sector	Social services expenditure (SSE): The SSE as a percentage of total expenditure (TE) has increased from 23.3% in FY21 to 26.2% in FY25 (BE). (Eco Survey) Public Service Delivery ● Healthcare ○ Healthcare Spending: India spent Rs 9.04 lakh crore on health in FY 2022 -> 3.8% of GDP or Rs 6,602/person at current prices (Eco. Survey) ○ National Health Mission (NHM): 5.23 lakh workers, including 1.38 lakh Community Health Officers. Certification of 7,998 public health facilities under National Quality Assurance Standards (NQAS). ○ Ayushman Bharat Digital Mission: > 42 crore health records have been linked to ABHA. ● Education ○ Literacy Rate: 74.04% (2011 census); 77% (National Statistical Office (NSO)) -> nearly 8 out of 10 people can read and write. ○ Mid-Day Meal Scheme: covers about 11.80 crore children studying in 11.20 lakh schools across the country. ● Sanitation ○ Swachh Bharat Mission (SBM): Declared rural India Open Defecation Free (ODF) in October 2019. ○ Swachh Bharat Mission Phase II – Grameen (SBM-G): During April-Nov 2024, 1.92 lakh villages were incrementally declared ODF+ under model category, taking the total number of ODF+ villages to 3.64 lakh. ○ Cleanliness Ranking: Indore has distinguished itself by winning the overall cleanest city award for seven consecutive years ● Social Welfare ○ Direct Benefit Transfer (DBT): total DBT was ₹6.91 lakh crore in FY24 ○ Public Distribution System (PDS): Covering around 800 million beneficiaries under the NFSA. ● Electricity ○ Saubhagya Scheme: Achieved 100% village electrification in 2018, and near-universal household electrification. ○ Renewable energy: total renewable energy-based electricity generation capacity at 203.18 GW (CEA) ○ Power consumption rises 7% to 148.48 bn units in March 2025

	- o Solar-plus-storage systems in India can now deliver round-the-clock electricity at under ₹6/kWh, cheaper than coal. • Water Supply - o Jal Jeevan Mission - o Addition of 75.89% connections since the launch of the mission. - o Households with tap water connections increased from 3.23 crore (17%) of rural households in 2019 to 15.44 crore (79.74%) in February 2025. • Urban Development - o Smart Cities Mission: As of 13 Jan 2025, 8,058 projects worth 1.64 lakh crore have been proposed, with 7,479 projects worth 1.50 lakh crore completed (Eco survey)
Micro Credit	• Contribution: 2.03% to the country's GDP • Growth rate: Indian micro finance sector soared 2,100% in past 12 years • Employment: 13 million jobs • Distribution of loans: 76% of portfolio is in rural areas, & 24% is in urban areas. • SHG-Bank Linkage Programme: empowers 17.8 crore households through more than 144 lakh SHGs. • Entrepreneurship: 46% of such loans are provided to families having monthly income < Rs. 20,000, for working capital for their income generating activities • Pain point-> Crisis: gross NPAs reaching 16% in FY25.
SHGs	SBI Study • Incomes of female members of SHGs have more than tripled in last five years. • ~97.5% of the SHGs have bank accounts. • ~65% of rural SHG members have moved upwards in terms of relative income in FY24 as compared to FY19. • 10.05 crore women households have been mobilized into 90.90 lakh Self Help Groups (SHGs) (As on Jan 2025)
NGOs	• Number of NGOs: Approximately 3.3 million(CSI) • Total Donations Received: Rs 55,741.51 crore (foreign contribution) (From FY 2019-20 to 2021-22) • FCRA licenses: 16,301 NGOs with valid FCRA licences as on July 17, 2023. • Registration and Compliance: - o Only 2% of NGOs are registered - o More than 90% of these registered NGOs do not submit their balance sheets - o NGO: People - 1 NGO for 400 people • IB report: Working of few NGOs in the name of protests against the government activities led to a loss of 2-3% of the country's GDP.
Sports Ecosystem	• Olympic 2036: India is preparing to host Olympic 2036 • Sports participation: Only around 6% of India's population participates in sports (20% in countries like the US, Australia and as high as 60% in Japan) • Paris Olympics: India sent only 117 athletes to the Paris Olympics [594 from the U.S., 572 from France, and 460 from Australia]. • Aspiration: top ten sports nation by 2036 and a top 5 by 2047. • Khelo India scheme spent only Rs 318 crore out of Rs 500 crore allocated in 2019-20 (Parliamentary Standing Committee on Human Resource Development).

SCIENCE AND TECHNOLOGY

Parameters/Topic	Data/Statistics
	General
Space Technology	• Space economy - o India: Current size: \$8.4 billion (around 2-3% of global space economy); expected to reach \$44 billion by 2033. - o Global: \$570 billion • Funding: ↓ 55% to \$59.1 mn in 2024 (Tracxn data) • ISRO - o Annual budget: \$1.6 billion (NASA's- \$25 billion -> 15.5 times larger than India's spending on space) - o Low cost: India spent \$74m on the Mars orbiter Mangalyaan and \$75m on last year's historic Chandrayaan-3 – less than the \$100m spent on the sci-fi thriller Gravity!! • Private sector in space - o Over 200 space startups are now active in India, leveraging ISRO's facilities - o Total funding raised -> fell 35% YoY to \$81 Mn last year (Inc42's Indian Startup Funding Report 2024) • Space docking: India becomes 4th country; The US, Russia, and China are the other three countries to perform space docking • Space tourism - o Global space tourism market size: USD 851.4 million in 2023 ; projected to reach USD 8,669.2 million by 2030 - o Travel to the International Space Station (ISS) is estimated to cost between 20 to 25 million dollars. • Space debris - o India: By 2030, all Indian satellites will be launched under the zero orbital debris mission. - o Global: 40,000 objects larger than 10 cm, with millions of smaller fragments
Biotechnology And Health Sciences	• Biotechnology - o India is emerging as world leader in biotechnology ▪ 6,500 startups and 75 bio-incubators set up by DBT. - o Each month, India's bioeconomy has contributed \$11.4 billion to the national GDP • Human Genome Sequencing - o India completed sequencing 10,000 healthy genomes from different regions, representing 99 distinct populations. Immunization (WHO Estimates of National Immunization Coverage (WUENIC) 2023) • Global: - o Childhood immunization coverage stalled in 2023-> 2.7 million children either unvaccinated or under-vaccinated. - o Over 50% of unvaccinated children live in the 31 conflict-affected countries. - o India: In 2023, 1.6 million children missed crucial Diphtheria, pertussis, and tetanus (together called DPT) and measles vaccinations. - o India accounted for 2 million zero-dose children. - o So far 5.46 crore children and 1.32 crore pregnant women have been vaccinated under Mission Indradhanush

	● Neglected Tropical Diseases- Global report on Neglected Tropical Diseases 2024 (WHO) ● Global Burden: Over 1 billion people affected by NTDs; 1.6 billion need preventive or curative interventions (WHO). ● India's Share: accounts for ~40% of the global population requiring NTD interventions—the highest worldwide. ● 2030 Targets (WHO): ○ 90% reduction in the number of people needing NTD interventions. ○ 75% reduction in vector-borne NTD-related deaths. ● Mortality Trend: Deaths from vector-borne NTDs increased by 22% in 2022 compared to 2016. ● WASH Access: 85.8% in NTD-endemic countries have WASH access overall, but only 63% among those needing NTD interventions. ● India's Achievements: Certified free of Guinea Worm (2000) and Yaws (2016) by WHO. ● Economic Cost: Eliminating NTDs by 2030 could save over \$342 billion in healthcare costs and productivity losses (WHO). ● Rare Diseases ○ In India, a disease is considered rare if it affects fewer than 1 in 2,500 individuals. ○ Over 70 million Indians living with rare diseases ○ 6,000-8,000 classified rare diseases, but < 5% have therapies available. ○ 95% rare diseases have no approved treatment & less than 1 in 10 patients receive disease-specific treatment. Non-communicable diseases ● NCDs are number 1 cause of death and disability worldwide -> 74% of all deaths ● low- and middle-income countries-> 77 percent of all NCD deaths occurred. ● Four top killers -> cardiovascular diseases (17.9 million), cancers (9.3 million), chronic respiratory diseases (4.1 million), and diabetes (2.0 million).
IT And Communication Technology	● Artificial Intelligence ○ Economic Impact (India): AI could add \$957 billion (15% of current GVA) to India's economy by 2035 (Accenture) ○ Global Investment: \$761 billion invested globally in AI from 2021–2023. ○ Job Risk: 75 million jobs globally at complete risk of AI-driven automation (ILO). ○ India Market Growth: Indian AI market projected to grow at 25–35% CAGR by 2027 (NASSCOM). ● Deepfakes ○ 75% Indians have viewed some deepfake content in last 12 months (McAfee survey) ● Cryptocurrency ○ India home to the highest number of crypto owners globally -> 10.7 crore individuals invested in digital currencies. ○ Projection: By 2025, India's cryptocurrency market generate \$6.4 billion in revenue, with an estimated 107.3 million users. ○ WazirX, India's largest crypto exchange -> \$230 million security breach (user fund loss)
Supercomputers	● 33 supercomputers with capacity of 32 petaflops deployed till November 21, 2024 under National Supercomputing Mission ● Param Pravega-> 3.3 petaflops; largest supercomputer installed in an Indian academic institution.

R&D And IPR	● Gross expenditure on R&D (GERD) ↑ from ₹60,196 crore in FY11 to about ₹1,27,381 crore in FY21. ● Central Government (43.7%), State Governments (6.7%), Higher Education (8.8%) & Public Sector Industry (4.4%). ● India's Low GERD as percentage of GDP: 0.64% in 2020–21 [Developed countries >2% of their GDP on R&D]. ● Low Private Sector Contribution: 36.4% in 2020-21 ● Women participation: In extramural R&D projects has increased significantly to 25% in 2019–20 from 13% in 2000–01. ● Research output: India is world's 4th in research output, but ranks 9th in citations ● India strong in chemistry research, with the subject making up almost 60% of its total Nature Index output. ● India aims to overtake US in the number of scientific publications by 2029 ● Patent applications: 58,503 patent applications were filed in India in 2020–2021, significantly lower than China or the US. ● Patent grants: one lakh patents granted in FY24 ● Term of Patent: Every patent granted is 20 years from the date of filing of the application. ● Disposal of patent application: In India, it takes about 58 months on average to dispose of a patent application (20 months in China and 23 months in US). ● Low student enrollment in advanced programs (total enrolment in Ph.D. stood at 2.12 lakh in 2021-22- as per All India Survey on Higher Education). ● PhDs Produced: India annually awards 40,813 PhDs, ranking third globally, after the United States and China. ● Global rank: India ranks 39th in Global Innovation Index 2024 ● Future Prospects: India to spend at least 1%, but ideally 3%, of its GDP every year until 2047 on R&D for science to have a meaningful impact on development. ● Global rank: India ranks 42 out of 55 in International Intellectual Property Index
Nuclear Technology	● India ranks 7th in terms of the number of nuclear reactors. ● 5th largest source of electricity for India ● 25 operable nuclear energy reactors ● Total installed capacity of 8.88 GW ● target of 100 GW nuclear power capacity by 2047 ● Nuclear power generation capacity doubled from 4,780 MW in 2014 to 8,180 MW in 2024 ● Union Budget 2025-26 -> Rs.20,000 crore for Nuclear Energy Mission focused on R&D of Small Modular Reactors (SMRs). Others ● First uranium deposit in India was found in 1951 at Jaduguda, in the Singhbhum Thrust Belt (Jharkhand). ● India's three-stage nuclear power programme (by Dr Homi Bhabha in the 1950s): ○ Stage 1: Natural Uranium Fuelled Pressurized Heavy Water Reactors (PHWRs) ○ Stage 2: Fast Breeder Reactors (FBRs) Utilizing Plutonium-Based Fuel ○ Stage 3: Advanced Nuclear Power Systems for Utilization of Thorium ● Operational Costing: Estimates show that nuclear plants cost only 33-50% of a coal plant and 20-25% of a gas combined-cycle plant.

HISTORY

Parameters/Topic	Data/Statistics
HISTORY	
Culture: Artefacts smuggling	- The US returned 1,400 looted artifacts, valued at nearly \$10 million, to India (Nov 2024) - India reclaimed 297 antiquities during PM Modi's recent US visit, raising the total recoveries since 2014 to 640 (Sep 2024).
Economy during Mughal period	- India experienced unprecedented prosperity in history. - GDP in the 16th century -> 25.1% of the world economy - 2nd largest in the world. - Annual revenue of Akbar's treasury in 1600 AD at £17.5 million (in contrast to the entire treasury of Great Britain two hundred years later in 1800 AD, which totalled £16 million).
Economic drain by British	Scholars Romesh Chandra Dutt-> In early 20th century ≈ £20 million flew out of India. MG Ranade-> In his book "Essay on Indian Economics," he claimed that Britishers drained more than one-third of India's wealth into England. Dadabhai Naoroji-> India's tax burden in 1886 was 14.3% of total revenue, significantly higher than England's 6.93%. Angus Maddison (British economist)-> India's share of the world income went from 27% in 1700 AD (compared to Europe's share of 23%) to 3% in 1950. Reports 'Takers Not Makers: The Unjust Poverty and Unearned Wealth of Colonial Inheritance' report, 2025 (Oxfam) - Wealth Drain during Colonial Period -> Between 1765 and 1900, UK drained \$64.82 trillion from India, with \$33.8 trillion going to the top 10%.
Famines	- Between 1730 to 1947 □ 31 famines, loss of life of 8.5 cr. Indians - In 1770, there was a terrible Famine in Bengal which killed about 1 Crore people.
Land Revenue systems	Permanent Settlement: - Covered 20% of British India - The state received 10/11th of the rent the zamindars received from the peasantry, with only 1/11th going to the zamindars themselves. - Between 1794 and 1819, 68% of zamindari land was sold in Bengal. Ryotwari System: - Covered 51% area of British India. - Revenue was fixed at very high rate (45-50%)
State of Industry	- Up until 1750, India produced about 25% of the world's industrial output. - India had a 25% share of the global textile trade in the early 18th century. - By 1664, the English East India Company imported more than 750,000 pieces of cotton goods from India, which accounted for 73 per cent of the Company's total trade.
Infrastructure	- On April 16, 1853 -> first railway line in India spanning upto 34 kilometers between Boribandar (Bombay) to Thane. - Built 6000 kms of track by 1869 and 45,000 km of track by 1905 with the help of private enterprises. Railway length = 1.2 lakh km --> 53000 km by Britishers (before 1947).

Advent of Europeans	the Portuguese, the first Europeans to come to India (1498), were also the last to leave this land (1961).

1937 Elections	1937 elections were held in 11 provinces- Madras, United Provinces, Central Provinces, Bihar, Orissa, Assam, NWFP, Bengal, Punjab, Bombay and Sindh - In 1937 elections, An estimated 30.1 million persons, including 4.25 million women, had acquired the right to vote (12% of the total population), and 15.5 millions of these, including 917,000 women, participated to exercise their franchise. - In 1937 elections, Among the 864 seats assigned "general" constituencies, Congress contested 739 and won 617.
Administrative Reforms	Cornwallis Reforms: - All higher posts in administration worth more than 500 pounds a year in salary could be held by Englishmen only. - Charter Act of 1793 had reserved all posts worth 500 pounds per annum for the covenant servants of the Company. - Salary of the Collector of a district was raised to Rs. 1500 a month and 1 per cent commission on the revenue collected from his district. Viscount Lee Commission recommendations (1924): Parity between Indians and Europeans: To be achieved 50:50 parity in 15 years. Morley-Minto Reforms: number of members in the Central Legislative Council was raised from 16 to 60.
Social Development	Status of illiteracy: 1911—84% and in 1921—92% Number of Universities: 1857: 3 (Calcutta, Bombay, Madras)

	○ 1947: 19 universities, ~500 colleges ● Age of Consent Act(1891): Raised age of consent for girls from 10 to 12 years. ● Child Marriage Restraint Act (1929): Minimum marriage age: 14 (girls) and 18 (boys). ● Gandhi ji campaign for untouchability: Gandhi's campaign against untouchability which covered 12,500 miles and lasted for nine months.
Miscellaneous	● Princely states at the time of Independence: There were 565 self - governing princely states that were released by Indian Independence act of 1947. ○ 562 princely states (in 1920, 60% of total area was British territory & 40% were Indian states) ● Rabindranath Tagore wrote around 2230 songs. ● Poona Pact: Number of seats reserved for the depressed classes in provincial legislatures would be increased from 71 in the Award to 147; and to 18% of the total in central legislature. ● Third Anglo-Mysore War: Tipu Sultan had to pay Rs.3 Crore as war indemnity. He also had to surrender 2 of his sons as surety to the British till he paid his due. ● Provinces: 3 provinces in 1773 to 17 provinces in 1947. ● India and its Contradictions: In 18th India became a land of contrasts because extreme poverty and extreme luxury existed side by side.
Post Independence	Women (Political Participation) ● Independence: 4% ● Now: 14% Poverty ● Independence: 80% → 25 yr. ● Now: 21.9% → 23 cr. Population ● Independence: 34 cr. ● Doubled till 1981 ● Surpassed 1 trillion 2005 ● Now to 140 cr.

INTERNATIONAL RELATIONS

INDIA'S NEIGHBOURHOOD

Parameter/Topic	Data/Statistics
INDIA'S NEIGHBOURHOOD	
Nepal	Bilateral Data • Bilateral Trade: \$8.66 billion (FY 2022–23) • Trade Relations: - o India is Nepal's largest trade partner -> 64.1% of Nepal's total trade - o Bilateral Free trade agreement (2009): between India and Nepal • Hydropower: Investments from Indian companies, around USD 2.48 billion. In 2023, India approved the first Nepal-Bangladesh power trade via its territory for up to 40 MW. • MOUs: India, Nepal ink 10 MoUs worth Nepalese Rs.625 million for community development projects (April 2025) • Line of credit of \$680 million by India to fund three major transmission corridors in Nepal- Bheri Corridor, Nijgadh-Inaruwa Corridor and Gandak-Nepalgunj Corridor.
Bhutan	• Bilateral trade : \$1.34 billion. (FY 2022-23) • India is the largest trading partner (Bhutan imports 88% from India) • Development assistance: India funds Bhutan's Five-Year Plans (₹4,500 crore for the current plan) • Foreign direct investments: India contributes to 50% of the Bhutan's total foreign direct investment (FDI)
Pakistan	• Bilateral Trade: From 2018 to 2024, bilateral trade fell from \$2.41bn to \$1.2bn. • Trade Relations: - o India withdrew MFN status (after Pulwama) - o Pakistan suspended Bilateral Trade (After the August 370 decision) - o India consists of 3% of Pakistan's total trade. - o Pakistani exports to India plummeted from \$547.5m in 2019 to just \$480,000 in 2024. India Exports to Pakistan was US\$1.18 Billion during 2024
Myanmar	• Bilateral Trade: \$1.33 billion in FY23-24 • Development assistance: India has already extended \$2 billion in soft loans • Indian companies: Essar, GAIL, and ONGC Videsh Ltd. have invested in Myanmar's energy sector. • India Exports: US\$609.18 million during 2024 • Imports from Myanmar: US\$1.52 Billion during 2024
Sri Lanka	• Bilateral trade: India is Sri Lanka's largest trading partner (USD 5.5 billion in 2023–24). • India is Sri Lanka's largest trade partner • Exports: US\$4.72 Billion in 2024 • Imports: US\$967.76 million in 2024 • FDI: investments of USD 2.25 billion till 2023. • Development assistance - o Assistance of USD 14.9 million by India to undertake a Signaling System in the Maho Anuradhapura segment of Sri Lankan railways. - o India has extended over USD 7 billion in credit and USD 780 million in grants to Sri Lanka. - o India extended a \$400 million currency swap post-COVID and has invested over \$2.25 billion in Sri Lanka - o A USD 400 million currency swap through the Reserve Bank of India.

Bangladesh	● Bilateral Trade: USD 14.01 billion (2023-24) ● Bangladesh is India's largest trading partner in South Asia. ● India's exports: USD 11.06 billion ● India's imports: USD 1.8 billion. ● As SAFTA members, India and Bangladesh receive preferential tariff concessions. ● Lines of Credit: In last 8 years, India has extended ~US\$ 8 billion of Lines of Credit (LOC)
Afghanistan	● Bilateral Trade: USD 1.5 billion in 2019-20 ● India's exports: USD 355.45 million in 2023-24. ● India's imports: USD 642.29 million in 2023-24. ● Developmental assistance: India has committed over 3 billion US\$ for development efforts in Afghanistan.

INDIA'S MAJOR BILATERAL RELATIONS

Parameter/Topic	Data/Statistics
INDIA'S MAJOR BILATERAL RELATIONS	
USA	● Bilateral trade: \$129 billion in 2024. ○ Target: Mission 500-> \$500 billion by 2030. ● Largest trading partner: The U.S. is India's largest trading partner since 2021-22. ● Investments: Indian companies have invested \$7.35 billion in the US ● Defense Relations: US is India's 4th largest arms supplier. ● Defense agreements: GSOMIA (2002), LEMOA (2016), COMCASA (2018), BECA (2020)

France	● Trade: USD 13 billion in FY2022-23 ● France is India's 11th largest trading partner in the European Union, with bilateral trade exceeding \$12 billion in 2023. ● Exports: US\$ 7 billion ● Imports: US\$5.82 billion
---------------	---

INDIA - CENTRAL ASIA

Parameter/Topic	Data/Statistics
INDIA - CENTRAL ASIA	
Central Asia	● Trade: \$3 billion in 2023-24 ● Exports from India to Central Asia: Pharmaceuticals, mechanical equipment, auto parts, textiles, and optical instruments. ● Imports from Central Asia to India: Fruits and vegetables, juice products, lubricants, fertilizers, and raw materials. ● Nuclear Fuel: Kazakhstan exports 80% of India's Uranium

INDIA- ASIA PACIFIC

Parameter/Topic	Data/Statistics
INDIA- ASIA PACIFIC	
ASEAN	● Trade: \$ 122.67 billion in 2023-24 ● Exports and Imports: Exports at \$ 41.2 billion; imports were at \$80 billion during 2023-24. ● Diaspora: Over 6 million strong Indian diaspora in the region
South Korea	● Trade Relations: USD 27.8 billion in 2022-23. ● Trade Target: India and South Korea aim to reach a bilateral trade volume of USD 50 billion by 2030 ● Exports and Imports: India's imports were \$21.13 billion, while exports were only \$6.41 billion.
Japan	● Bilateral trade stood at US\$ 22.85 billion in FY24. ● Exports and imports: Exports from Japan to India during 2023-24 were US\$ 17.69 billion and imports were US\$ 5.15 billion. ● FDI: Japan is among the top 5 FDI sources ● India surpassed Japan to become the 4th largest economy in the world ● India-Japan CEPA (2011) covers trade, services, investments, and IPRs.
Australia	● Bilateral Trade: \$30 billion in 2023, ● India is Australia's fifth largest trading partner ● Exports and Imports: India's goods exports reaching \$7.94 billion and imports at \$16.15 billion.

INDIA AFRICA

Parameter/Topic	Data/Statistics
INDIA AFRICA	
Africa	● Trade: USD 83.34 billion in 2023-24 ● India is Africa's 4th largest trading partner ● Exports and imports: India's exports at \$45 billion and imports at \$38 billion ● Investments: India's investment in Africa reached \$98 billion ● UN Peacekeepers: 6,000 Indian soldiers in UN peace-keeping missions in five conflict zones in Africa.

MULTILATERAL

Parameter/Topic	Data/Statistics
MULTILATERAL	
BRICS	● GDP: 37.3% of world GDP (compared to EU's 14.5 % and the G7's 29.3%) ● Population: BRICS countries collectively account for 46% of the global population, with significant populations in China and India ● Total Intra-BRICS Trade: US\$614.8 billion as of 2022. ● Powerful driver for the global economy ○ Over the past decade, the combined BRICS GDP has grown by 179%. ○ Total trade of the member nations has expanded by 94%.
SAARC	● Geography: 3% of the world's land area ● Population: 21% of the world's population and ● Global GDP: 5.21% (US\$4.47 trillion) of the global economy, as of 2021. ● Intra SAARC Trade: Their intra-regional trade stands at just 5.8%.
BIMSTEC	● Population: Home to around 1.5 billion people that constitute around 22% of the global population ● GDP: Combined Gross Domestic Product (GDP) of USD 3.8 trillion. ● Intra-BIMSTEC trade: Around 7% of the total trade among member countries as of the latest data. ● The total intra-BIMSTEC trade volume was about \$60 billion in 2023 ● Trade potential : The Bay of Bengal is the largest bay in the world and is the route for about 25 percent of global trade.
G20	● Population: Almost two-thirds of the global population, ● Global GDP: 75% of global trade, and 85% of the world's GDP. ● CO2 emissions: The G20 countries are responsible for approximately 80% of global carbon dioxide emissions. ● Military spending: The G20 countries account for approximately 85% of global military spending. ● Foreign direct investment: The G20 countries account for approximately 80% of global foreign direct investment.
QUAD	● The combined GDP of the QUAD countries is approximately 35.08% of the world GDP. ● The combined population of the QUAD countries is approximately 23.78% of the world population. ● The combined defense spending of the QUAD countries is approximately 46.88% of the world defense spending.
IPEF	● Total GDP: The combined GDP -> USD 33.99 trillion. ● Total Population: The total population of these countries is around 2.451 billion people. ● Total Trade Volume: The total trade volume of the member countries is about USD 11.705 trillion.
SCO	● The combined GDP -> 23% of the world GDP. ● Population: 42% of the world population.

	● Defense Spending: The combined defense spending is approximately 20.61% of the world defense spending.
NATO	● The combined GDP of the major NATO countries is approximately 37.90% of the world GDP. ● The combined population is approximately 7.34% of the world population. ● The combined defense spending is approximately 48.93% of the world defense spending. ● Combined total budget: \$1.47 trillion in 2024 ● Combined intra-NATO trade: Approximately \$3.3 trillion (2023)
WTO	● Estimates suggest that WTO members contribute approximately 98% of world GDP. ● WTO members represent approximately 96% of the world population. ● Combined Intra-WTO Trade: Approximately \$33 trillion (75% of global trade)
RCEP	● It is the world's largest free trade agreement by members' GDP. ● Combined GDP of RCEP Countries: Approximately \$30.53 trillion (29.36% of world GDP) ● Combined Population of RCEP Countries: Approximately 2317 million (28.96% of world population) ● Combined Defense Spending of RCEP Countries: Approximately \$485.3 billion (21.67% of world defense spending) ● Intra-RCEP Trade: Approximately \$13.2 trillion (30% of global trade)
NAM	● Combined Population: Approximately 4.8 billion (2023) ● 3 Largest Countries by Population ○ India: Approximately 1.42 billion ○ Indonesia: Approximately 280 million ○ Pakistan: Approximately 243 million ● Approximate Combined GDP: \$28 trillion (estimation based on major members) ● Approximately 26.92% of world GDP
G7	● Combined Population: 10% of world population ● Contribution: 40% of global economy ● Combined GDP: Approximately \$45.62 trillion
IORA	● Population: Approximately 2.7 billion ● 3 Largest Countries ○ India: 1.42 billion ○ Indonesia: 280 million ○ Bangladesh: 170 million ● GDP Combined GDP: Approximately \$10 trillion ● Proportion of World GDP: Approximately 9.62% of world GDP

MISCELLANEOUS

Parameter/Topic	Data/Statistics
MISCELLANEOUS	
India's contribution to UNPKF	- Contributed > 2, 53, 000 troops, the largest number from any country. - Participated in >49 missions. - Currently, Indian Armed Forces are deployed across 9 countries in peacekeeping missions like UN Disengagement Observer Force (UNDOF) (Golan), UN Interim Force in Lebanon (UNFIL), etc. - First country to deploy All Women Contingent in 2007 to United Nations Mission in Liberia (UNMIL).
Indian Diaspora	Population: 35.42million (15.85 million NRIs and 19.57 million PIOs and OCIs) [Jan 2024] - Top three countries with largest Indian overseas populations are the United States (5.4 million), the United Arab Emirates (3.6 million), and Malaysia (2.9 million). - India got 14.3% of global remittances in 2024 Indian-American diaspora contributions - The US is the top source of remittance (\$26B out of \$113 billion in 2022-2023). ~20% of Indian unicorns have cofounders who have leveraged US higher education. 13% of US scientific publications had Indian American co-author. 1 in 10 Americans practices yoga (2023)
Remittances	Remittances inflow: Doubled to USD 118.7 billion in 2023-24 (compared to 2011). Top 5 source countries: US (27.7%) followed by the UAE, the UK, Saudi Arabia, and Singapore. Top 3 recipient states in India: Maharashtra (20.5%), followed by Kerala and Tamil Nadu. Economic contribution: 3-3.5% of India's GDP since 2000 Kerala: Over 36% of Kerala's state domestic product, boosting per capita income.
