HISTORY

Section Group: Art and Culture

Microtopic: Indian Culture-Salient aspects of Art Forms, Literature and Architecture from ancient to modern times.

Subtopic: Bhakti and Sufi movement

Card 1: Medieval Bhakti and Sufi Literature

QUOTE

"Kabir's words cut sharper than a sword, yet stitch together a divided world." – Rabindranath Tagore

INTRODUCTION

- Bhakti and Sufi literature democratized religion by prioritizing love and personal devotion over rituals. Through regional languages and metaphors, saints unified society beyond caste and creed.

EXAMPLES

- Sant Kabir Akademi set up under Scheme for Promotion of Culture of Saints.
- Sufi literature festivals held in Rajasthan promoted cultural harmony.

CONCLUSION

- Their teachings remain relevant in today's fractured socio-religious landscape, guiding inclusive nationalism.

Card 2: BHAKTI & SUFI

INTRODUCTION

- **Bhakti:** The Bhakti movement is a theistic devotional trend that emerged in medieval India & later **revolutionised the society**. 7-12 th CES India then N India (15th CE onwards).
- **Sufi:** The Sufi movement of Medieval India was a **spiritual and inclusive Islamic tradition** that emphasised divine love, tolerance, and inner spiritual experience.

CONCLUSION

- Principles of Bhakti movement offer an answer to rising instances of religious polarisation, caste & gender divide in society by advocating **universal brotherhood, love and equality**.
- promoted Spirituality & universal love & harmony which can be seen even today Ex: ISKON kirtans (Chaitanya Mahaprabhu), Ankiya Naat of Shankardev, Warkaris of MH, practice of langar, Sufi spiritual music & visits to sufi shrines by people across faiths.

DATA

- **Bhakti:**
 - 1. South - Alwar Nayanar.
 - 2. North - Nirguna Saguna.
 - Features: Personal connect & salvation through intense love devotion, Universalism, against rituals, no caste/gender discrimination, Need of true Guru.
 - Method: poetry, song, dance. Kirtan (naam japna - Nanak - "sangat pangat").
 - Women:
 - RJ: Mirabai (against infanticide, sati)
 - TN: Andal Alvar (contributed in Divyaprabandham)
 - KN: Akka Mahadevi (Veershaivite - soul has no gender)
 - JK: Lal Dedh (Kashmiri Shaivite)
 - MH: Janabai (Abhangs on Vithoba)
 - Examples: PB Guru Nanak, MH JNET (Abhang), Surdas (Krishna - Sursagar), UP Vallabhacharya (Pushti Marg), AS Shankardev (Bhaona), KN Basavanna (Vachanas Kannada), WB Chaitanya Mahaprabhu. Inter-religious harmony promoted by saints like Kabir, Namdev, and Sheikh Farid.
- **Sufi:**
 - Wahadat-al-Wajud - oneness of existence/ humanity.
 - Union with God, Spirit of tolerance & brotherhood, unity of religions.
 - Rejected elaborate rituals. Pir Murshidi.
 - Silsilas: Chisti, Suhrawardi, nakshbandi.
 - Dargah of Khwaja Moinuddin Chishti in Ajmer (Centres of communal harmony).
 - Qawwali music - Sama.
 - Ishq - Divine love.
 - Sufi Khanqahs - centres of learning, education.
 - Sufi poets like Amir Khusro enriched Indian languages by blending Persian & Local vernaculars.

Subtopic: Buddhism

Card 1: BUDDHISM

QUOTE

"Buddha's teachings can solve most contemporary global problems" — PM Modi

DATA

- **Sites:**
 - **Stupas:** Sanchi, Amravati
 - **Temples:** Gaya Mahabodhi
 - **Monasteries:** Aichi Ladakh, Namdroling KN, Tawang, Rumtek, Ghum
 - **Caves:** Ajanta, Ellora, Nashik, Karle
- **Buddha's life:** Sarnath, Kushinagar, Gaya
- **Literature:** Tripitak, Jatakas, Milinda Panho

INTRODUCTION

- Buddhism was born 2600 years ago (600 - 400 BC) from teachings of Siddharta Gautama as a **heterodox tradition** rooted in the **middle path for salvation**.

CONCLUSION

- **Dukkha, Samudaya, Nirodha, Ashtangamarga Madhyamarga.**

Subtopic: Civilizations & Highlights

Card 1: Ancient Architecture

QUOTE

"The story of India is written in stone." – John Marshall

INTRODUCTION

- From the urban planning of Harappa to Gupta cave shrines and Nagara-Dravida temples, ancient Indian architecture reflected both material sophistication and spiritual imagination that shaped civilizational aesthetics.

EXAMPLES

- Rakhigarhi Museum and Harappan gallery by Archaeological Survey of India.
- PRASAD scheme revitalized ancient temple sites like Srisailam and Mahakaleshwar.

CONCLUSION

- Preserving ancient sites through archaeological and tourism initiatives ensures India's roots continue to inspire modern identity.

Card 2: PREHISTORIC

INTRODUCTION

- Refers to a time before written records. **Paleolithic, Mesolithic, Neolithic.**

CONCLUSION

- The prehistoric period provides valuable insights into origin & progress of human civilisation that shaped the **course of human history**.

DATA

- Map/Locations:**
 - Jogimara CG
 - Bhimbetka, Lakhudiyar Vindhya MP
 - AP - Kurnool
 - KN - Piklihal, Taklakota
 - TL - Kupgallu
- Discovery:** 1957-58 by V K Vakankar.
- Importance:**
 - Harmony - man & nature
 - Beliefs rituals, dances
 - Evolution of Family ties
 - Technology paintings, tools
 - Tribal cultures

Card 3: IVC

INTRODUCTION

- Harappan civilisation** which flourished in the Bronze age (2700 - 1900 BC) was an **advanced urban civilisation** wrt city planning, trade & craftsmanship.

CONCLUSION

- The lessons HC offers about **city planning, trade, and resilience** must be studied and applied especially in areas of sustainable urban development (SDG 11).
- The recent **UNESCO world heritage status to Dholavira** underscores its significance.

DATA

- Artifacts:**
 - Seals - Pasupati, unicorn
 - Bronzes - Dancing girl, lost wax
 - Terracotta - Bearded priest, mother goddess (pinching method)
 - Pottery, ornaments, spindles, toys
 - Shell factory @ Lothal
- Speciality:**
 - Burnt bricks, grid planning, advanced drainage
 - Grain storage
 - Trade links (Dilmun, mesopotamian seals)
 - Flood-proofing
 - Water harvesting (Dholavira)

Subtopic: Conservation of Indian Art & Heritage

Card 1: Modern Architecture

QUOTE

"We shape our buildings; thereafter they shape us." – Winston Churchill

INTRODUCTION

- From colonial Indo-Gothic to Charles Correa's post-colonial works, modern Indian architecture mirrors a transition from imperial order to democratic imagination.

EXAMPLES

- Central Vista Redevelopment Project reflects new architectural symbolism.
- INTACH works to conserve colonial and early modern urban heritage zones.

CONCLUSION

- Modern architecture must balance innovation with contextual heritage, serving both utility and national ethos. II. Modern Indian History (Mid-18th Century to Present)**

Card 2: General India Heritage

QUOTE

"Vikas Bhi Virasat Bhi" — PM Modi

"Culture, Creativity, Commerce and Collaboration" — PM Modi

"Technology as an ally of culture" — PM Modi

INTRODUCTION

- Reflects the country's **rich history, & cultural diversity**.
- Encapsulates a tapestry of **diverse influences & traditions**.

CONCLUSION

- Recently announced **PM Vishwakarma Kaushal Samman scheme (PM VIKAS)** to support traditional artisans can go a long way in preserving this rich cultural heritage.
- PM Modi underscores the need to harness heritage for development.
- Under Art 51A of Constitution, it is now upon us as a **fundamental duty to value, preserve this rich heritage** of our composite culture.
- We can leverage the recently created **National Digital District Repositories** to also document, preserve & promote our rich cultural heritage.
- As president of g20, India must engage through the **G20 culture minister's working group** to promote & exhibit India's rich cultural heritage.
- Even today, the various contributions of this period continue to act as a bridge between the past and the present, and a powerful medium of creative and narrative expression.

DATA

- **Awareness:** GI Tag, SPICMACAY, ICCR, curriculum - NEP 2020.
- **Exchanges:** Ek Bharat Shreshtha Bharat, Kashi Tamil Sangamam.
- **Leverage:** Cultural Tourism circuits, ODOP, Swadesh darshan.
- **Tech:** VR, metaverse.
- **Maintenance:** Adarsh Smarak, HRIDAY, Monument Mitra, PRASAD, Adopt a heritage program, CSR.
- **Institutions:** Recently set up 'Indian Institute of Heritage' (IIH), Documenting, capacity building of ASI, Tribal museums.
- **Other:** Art 49, NFT, Modern Architecture (Parliament building, statues).
- **TEMPLATE (MAD LiPS):**
 - Music
 - Architecture
 - Dance, Drama
 - Literature, language & coins
 - Paintings
 - Sculpture

Card 3: Temple Architecture

INTRODUCTION

- Temples have had great significance not just as spiritual centres but also as centres of **administration, learning and community life**.

CONCLUSION

- As a spiritual capital of the world, India continues to nurture its **rich tradition of temple making** even today in India & abroad.

DATA

- **Pallavas:**
 - Mahendravarman: mandap
 - Narsimha: sculptures rathas Ex: Mahabalipuram Panchpandav ratha & Dropadi ratha
 - Rajsimhavarman: structural temples Ex: Mahabalipuram Shore, Kailashnath Kanchipuram
 - Nandivarman: smaller - Vaikuntha Perumal (Model for Brihadeshwara)
- **Nagara:**
 - Ex: Deogarh, Dashavtara, Bhitargaon
 - OD: Konark sun temple, Lingraj (no pillars, Rekhadeul & Jagmohan, exterior lavish, Boundary wall)
 - Khajuraho: Chandela, Kandariya Mahadev, Lakshamana, Chausath Yogini (Panchayatan, High platform, sandstone)
- **Solanki:** Modhera sun temple, surya kund, wooden carvings, torana, open mandap
- **Dravidian:** Chola Gopuram, Panchayatana, only 1 vimana Dwarpal Ex: Brihadeswar, Rajarajeswara
- **Medieval Temples:**
 - Chalukyas: Ladkhan (sloping like hills), Durg @ Aihole (apsidal)
 - Palas & Senas: Nalanda Jagaddala, Odantapuri, Bangladesh (Bangla roofs, terracotta)
 - Hoysala: Vesara, Jagati, Belur, Halebid, Sringeri
- **Vijaynagar Hampi:** Combined all previous influences, Indo Islamic infl of Bijapur, all sides pe raya gopurams, Yali, kalyana mandapa, secular buildings, large enclosing walls Ex: Vithalswami temple, Virupaksha @ Hampi, Lotus mahal.
- **Nayaka (16th-18th CE):** Islamic influence, Parakramas (huge corridors), largest gopurams - Meenakshi Madurai.

Card 4: Indo Islamic Architecture

INTRODUCTION

- Indo-Islamic architecture, an exquisite fusion & synthesis of **Islamic and indigenous styles**, that began with the establishment of Delhi Sultanate in 12th CE AD.

CONCLUSION

- Testament to harmonious blend of **cultural diversity & artistic ingenuity** - that has shaped india's architectural landscape.
- Adaptation to local traditions - temple traditions of **bell & chain, lotus, lintels in mihrabs, toranas**.

DATA

- Features:** Charbagh, foresightening, symmetry, Arcuade replaced trabeat etc.
- Imperial Style:**
 - Slave:** Mameluk style, remodelled Hindu Ex: Qutub minar, Adhai din ka jhopra
 - Khilji:** Seljuk style - Siri fort, Alai Darwaza
 - Tuglaq:** Batter, strength focus Ex: Tughlaqabad city
 - Lodi:** double domes, no lavish decoration Ex: Lodi gardens
- Indo Saracenic:** Indo Islamic + Gothic Ex: Parliament, VT, SC, St. Paul cathedral Kolkata.
- Provincial style:**
 - Bengal:** Black marble, bangla roof Ex: Quadam Rasul mosque
 - Malwa:** Coloured stones, European influence, No minar, Env't adaptation Ex: Hindola mahal, Jahaz mahal
 - Jaunpur:** sharqui style, no minars, bold characters on huge screens Ex: Atal mosque
 - Bijapur:** 3 arched facade, bulbous domes, cornices, iron clamps, Ex: Gol Gumbaz

Card 5: Mughal Architecture

INTRODUCTION

- Golden period.**

CONCLUSION

- (Same as above).

DATA

- Babur:** Panipat & Rohilkhand mosques.
- Humayun:** Dinpanah city - Persian style.
- SherShah:** Qila e Quhunah mosque Delhi, Rohtas fort Pak, G T road.
- Akbar:** Red sandstone, new elements 4 centred tudor architecture.
 - Agra fort: Moti masjid, Diwan-e-aam/khaas, Sheesh mahal.
 - Fatehpur Sikri (Hindu + Persian): Ibadat khana, Buland darwaza, Salim Chisti Tomb, Jodha Bai palace, Panchmahal.
- Jehangir:** paintings focus. Akbar tomb Sikandra, Shalimar Bagh Kashmir.
- Nur Jahan:** Itmad ud Daula tomb - marble.
- Shahjahan:** Red fort, Jama Masjid, Shahjanabad, Peacock throne.

Card 6: Painting

INTRODUCTION

- Indian paintings steeped in tradition, artistic finesse are a visual testament to the country's **vibrant cultural, religious & historic heritage**.

CONCLUSION

- Dating back to prehistoric period to modern folk paintings, Rangolis & digital art in the form of **NFTS** - continuous legacy.
- Vatsyayan's Kamasutra **Shadanga - 6 parts of poetry**.

DATA

- Pre-historic:**
 - Upper paleo: Red & Green, Big figures.
 - Meso: small, group, headgears, Red ochre.
 - Chalco: battle scenes, men riding horse, Ex: Jogimara, Chitwa Dongri CH.
 - IVC: painted pottery.
- Murals (100 BC-10th CE AD, HBJ):**
 - Ajanta - Jatakas
 - Ellora, Armamalai, Sittanavasal (pond with lotus, Samwasarana), Bagh, Badami
 - Vikaynagar - Lepakshi paintings & Veerbhadra temple
 - KL Murals - Padmanabhapuram palace
- Miniature (< 25 sq inch, 8th CE onwards):**
 - Pala: manuscripts, lonely figures, sinous lines
 - Apabhramsa: Geet Govinda, Kalpasutra
- Sultanate:** Persian + India - Nimatnamah (illustrated manusc), Lodi Khuladar styles.
- Mughal:**
 - Babur: family tree Bizhad.
 - Humayun: Abdus Samad, Mir Syed Ali.
 - Akbar: karkhana/Tasvir khana, 3D calligraphy foresightening, court life, Hamzanama, Tutanama painting from Sanskrit Sukasaptai.
 - Jehangir: decorated margins, pvt workshop, flora fauna - zebra, cock, Ustad Mansoor.
 - Shah Jahan: artificial elements, less lively, charcoal, pencil sketch, gold silver.
- Regional (RJ, South India):**
 - Mewar: Sahibdin, Tamasha.
 - Kishangarh: Bani Thani.
 - Bundi: Krishna, vegetation, colourful sky with red ribbon.
 - Amber Jaipur: Dhundar.
 - Marwar: Man Singh.
 - Pahari:
 - 1. Jammu Dogra - Nainsukh Manaku.
 - 2. Basholi Kangra - Krishna love scenes.
 - South: Tanjore & Mysore.
- Folk paintings:**
 - Madhubani BH
 - Warli MH
 - Pichwai RJ - Nathdwara
 - Pithoro GJ
 - Phad RJ - scroll
 - Manjusha BH

- Kalamkari AP (Srikalahasti)
- Patachitra OD
- Patua, Kalighat - WB
- Thangka - NE, Ladakh

Card 7: Template 3: Culture & Heritage General Assessment

INTRODUCTION

- ____ reflects the country's rich history, & cultural diversity.
- ____ encapsulates a tapestry of diverse influences & traditions.
- Period of great cultural efflorescence - impact continues to be visible even today.

CONCLUSION

- Even today, the various contributions of this period continue to act as a **bridge between the past & the present** & a powerful medium of creative & narrative expression.
- ____ continue to resonate with audiences, reminding us of the timeless bond between human creativity and the divine.
- Under **Art 51A of Constitution**, it is now upon us as a fundamental duty to value, preserve this rich heritage of our composite culture.

DATA

- Use the **MAD LiPS** template to comprehensively evaluate cultural facets: **M** (Music), **A** (Architecture), **D** (Dance, Drama), **LiPS** (Literature, language & coins), **P** (Paintings), **S** (Sculpture).

Card 8: Universities

INTRODUCTION

- Nalanda & Takshashila invited travellers, scholars, even statesmen from all over for multi disciplinary learning & cultural exchanges

EXAMPLES

- BH - Vikramshila, Odantapuri WB - Jagaddala TN - Kanchipuram Sharda peeth - POK

CONCLUSION

- Kashi Tamil Sangamam recently celebrates links b/w the 2 centres of learning

Card 9: Hill Architecture

INTRODUCTION

- Blend of Kashmiri style + local adaptations like sloping roofs + Islamic Buddhist / Gandhara & Gupta influence.

EXAMPLES

- Kashmir (Karkota & Utpala periods):**
 - Martand Sun Temple.
 - Panderthan Temple (features an attached water tank).
 - Shalimar Bagh and Jama Masjid (Srinagar).
 - Key Features:* Square-shaped layout, trefoil arches, multi-level sloping roofs, tall spires/pagoda shape, and no domes.
- Himachal Pradesh (Chamba):**
 - Lakshana Devi Temple.
 - Narasimha and Mahishasuramardini temples.
 - Key Features:* Distinctive yellow-coloured metal sculptures.
- Uttarakhand (Kumaon):**
 - Nagara architectural influence.
 - Jageshwar Temples (Almora) and Champavati Temple (Pithoragarh).

Card 10: Handicraft

QUOTE

"India takes pride in its 2,000-year-old craft heritage, with nearly 3,000 unique arts and crafts"

INTRODUCTION

- Refers to all things that can be crafted using hand for utility & decorative purposes. Includes pottery, metal craft, embroidery/block printing, wood & leather craft, toy making, paintings, basket making, jewellery, etc.

EXAMPLES

- Pottery:**
 - Long history dating back to the Neolithic period.
 - Kagzi* pottery (Alwar, Rajasthan).
 - Black Pottery* (Manipur).
 - Blue Pottery* (Jaipur, Rajasthan).
 - Khurja* pottery (Uttar Pradesh).
 - Modern initiatives:* Sustainable *Kulhad* (clay cup) revival.
- Metal Craft:**
 - Bidriware* (Karnataka).
 - Dhokra* metal casting (Chhattisgarh).
 - Utensils:* Traditional brass and copper craft of the *Thatheras* of Jandiala Guru (Punjab).
- Embroidery & Block Printing:**
 - Various regional traditional craft techniques.

Card 11: Numismatics

INTRODUCTION

- Coins are a vital source of historical reconstruction, offering insights into political authority, economic prosperity, technological metallurgy, and religious beliefs.

EXAMPLES

- **Vedic Period:** *Nishka* and *Krishnala* (early gold units/metals, transition to currency).
- **Mahajanapadas:** Irregularly shaped, punch-marked coins with standard weights.
- **Mauryas:** Silver and copper coins, establishing a systematic end to the barter system.
- **Indo-Greeks:** First to issue gold coins, introduce portraits/names of kings, and record exact years.
- **Kushanas:** Issued standard gold coins showcasing portraits/heads of the rulers.
- **Satavahanas:** Predominantly issued lead and potin (silver/copper alloy) coins; prioritized utility over aesthetic beauty.
- **Western Shakas (Satraps):** Recorded dates of the Saka era and depicted the king's head alongside Buddhist Stupa motifs.
- **Guptas:** Represented a Hindu cultural revival; issued gold (*dinaras*) and silver coins showing the King performing Ashvamedha, playing the lute (leisurely activities), or with Goddess Lakshmi and Sanskrit inscriptions.
- **Mughals:** Gold *mohur* and standard silver *rupiah* (introduced by Sher Shah Suri). Akbar issued *Ilahi* coins, and Jahangir featured poetic couplets and portraits.
- **Cholas:** Standing king on one side and a seated goddess on the other.

Card 12: Intangible Heritage

QUOTE

"Cultural heritage is not just what is cast in stone, it is also the traditions, customs and festivals that are handed down the generations"

INTRODUCTION

- Refers to the vast heritage of traditions, knowledge, practices & expressions passed down through generations.

EXAMPLES

- **Core Concepts:**
 - Acts as a link from the past through the present to the future.
 - Fosters inclusivity and social cohesion.
 - Instills a strong sense of identity and ancestral inheritance.
 - Encompasses living traditions, oral heritage, and traditional crafts.
- **UNESCO Intangible Cultural Heritage List (India):**
 - *Vedic Chanting* (oral tradition).
 - *Ramlila* (traditional performance of the Ramayana).
 - *Kutiyattam* (Sanskrit theatre of Kerala).
 - *Ramman* (religious festival and ritual theatre of Garhwal).
 - *Mudiyettu* (ritual theatre and dance drama of Kerala).
 - *Kalbelia* (folk songs and dances of Rajasthan).
 - *Chhau Dance* (classical/folk dance of Eastern India).
 - *Buddhist Chanting of Ladakh* (recitation of sacred texts).
 - *Sankirtana* (ritual singing, drumming, and dancing of Manipur).
 - *Traditional brass and copper craft of utensil making among the Thatheras of Jandiala Guru, Punjab.*
 - *Yoga* (ancient practice for physical and mental well-being).
 - *Nowruz* (Persian/international New Year).
 - *Kumbh Mela* (major sacred pilgrimage).
- **Memory Mnemonic:**
 - *"PB me Yoga ke end me Kirtan me roz roz Ram Ram - chant - Mood Khud ba Khud achha Badhiya ho jata hai"* (helps remember Punjab's Thatheras, Yoga, Sankirtana, Nowruz, Ramlila, Ramman, Chanting, Mudiyettu, Kutiyattam, Chhau, Kalbeliya).

Card 13: Reflecting Contemporary Society / Pluralism

EXAMPLES

- Symbolises the religious traditions/ beliefs Ex: ritual bath, Mother goddess/ bhakti cult
- Assimilates the cultural diversity & multiple influences of that time Ex: Vesara, Indo-Islamic
- Technological /scientific advancements of that time Ex: metallurgy - Mehrauli
- Economic life Ex: Grandeur, gold coins from trade prosperity
- Social life Ex: depiction of women, community life,
- Reflects common values Ex: Kathakalli - good over evil, statue of unity
- Political life Ex: kings depicted,

CONCLUSION

- Pluralism - Literature - Razmnama Mahabharat, Surr-e- Akbar Upanishads Dara Sikoh Urdu - Hindi + Persian Architecture -
- Indo-Islamic - Panchmahal, Jodha Bai Palace, lotus bell chain in Humayun Tomb

Subtopic: Dance forms

Card 1: Classical Dances

QUOTE

"Dance is the joy of the soul expressed through movement." — Rabindranath Tagore

INTRODUCTION

- Rooted in sacred texts, India's classical dances have become a diplomatic tool under Ek Bharat Shreshtha Bharat and Indian Council for Cultural Relations, linking heritage with India's growing global cultural stature.

EXAMPLES

- Kuchipudi showcased at Shanghai cultural expo under Azadi Ka Amrit Mahotsav
- Odissi included in India's pavilion at the World Tourism Expo

CONCLUSION

- Schemes like Kala Sanskriti Vikas Yojana and art integration in NEP 2020 are key to preserving traditional forms while fostering India's cultural footprint globally.

Card 2: Folk Dances

QUOTE

"The folk dance is the community's way of telling its own story." — Kapila Vatsyayan

INTRODUCTION

- Folk dances reflect agrarian rhythms, festivals, and social cohesion. Under Sanskritik Mahotsav and Virasat Programme, they've been revived as platforms for rural pride and community-led tourism.

EXAMPLES

- Bihu featured in G20 cultural evening in Assam
- Kalbelia integrated into District Cultural Mapping under Culture Mapping Portal

CONCLUSION

- Incentivizing folk forms via Scheme for Financial Assistance for Promotion of Art and Culture ensures cultural democracy and rural economic participation.

Card 3: MUSIC & DANCE & THEATRE

INTRODUCTION

- Indian music encompasses a vast range of **classical, devotional, popular genres** reflecting India's deep rooted diverse & cultural heritage.
- Dance: 4 dimensions diagram - **story-telling, devotional/spiritual element, artistic expression, cultural celebration.**

CONCLUSION

- Today, classical coexists in **Guru Shishya parampara** along with western & fusion & newer forms like Indie Pop. Need to preserve & mainstream classical & folk - **SPICMACAY, Sangeet Natak Academy.**
- 11K dancers created world record doing **Bihu dance.**

DATA

- Music:**
 - Narad Muni introduced.
 - IVC: 7 holed flute.
 - Vedic: Sama Veda.
 - Later Vedic: Bharata's Natyashastra.
 - Classification: 1. Ritualistic vs narrative, 3. classical vs folk.
 - 3 pillars: Swar, raga, Taal.
 - Carnatic vs Hindustani (2 sub-genres of classical).
 - Folk: no hard & fast rules, diverse themes, dance focus.
- Dance:**
 - Nandikeshwara Abhinay Darpan - 3 elements:
 - Nritta - Dance without expression
 - Natya - Drama
 - Nritya - Dance with sentiments & emotions.
 - Imp role of music, mudras, guru shishya parampara.
 - Classical forms (Sangeet Natak Academy): Bharatnatyam, Kuchipuri, Kathakali, Mohiniattam, Odissi, Manipuri, Kathak, Sattriya.
 - Folk Dances:
 - 1. RJ - Kalbelia, Ghoomar.
 - 2. GJ - Garba.
 - 3. AP - Burakatha.
 - 4. KN - Bhoota Aradhna.
 - 5. PB - Bhangra, Gidda.
 - 6. HP - Charba.
 - 7. MP - Matki.
 - 8. SK - Singhi Chaam.
 - 9. AS - Bihu.
 - 10. Goa - Tarangmal.
- Theatre:**
 - Sitabena, Jogimara caves - world's oldest amphitheatres.
 - Bharat Muni's Natyashastra.
 - Folk Theatre: GJ - Bhavai, MH - Tamasha/Lavani, MP - Maach, OD - Daskathia, AS - Ankianaat, UP - Nautanki/Ramlila, AP - Burakatha, KN - Yakshagana, PB - Swaang.

Card 4: DANCE

INTRODUCTION

- Same as music 4 dimensions diagram - story- telling, devotional/spiritual element (Ex: Kathakalli, Sattriya, Mohiniattam, Rasleela), artistic expression, cultural celebration

EXAMPLES

- Bharat's natyashastra Mythology - Natraja community dancing - Bhimbetka/ Lakhudiyar Bronze dancing girl IVC CLASSICAL Nandikeshwara Abhinay Darpan - 3 elements - Nritya - Dance without expression Natya - Drama Nritya - Dance with sentiments & emotions Imp role of music, mudras, guru shishya parampara, systematised rules, etc As per Sangeet Natak Academy - 8 classical forms Bharatnatyam, Kuchipudi, Kathakali, Mohiniattam, Odissi, Manipuri, Kathak, Sattriya

CONCLUSION

- 11K dancers created world record doing Bihu dance Same as music Kalbelia - intangible heritage Folk dances;
- Spontaneous, crude, improvisation, local elements
- RJ - Kalbelia, Ghoomar
- GJ - Garba
- AP - Burakatha
- KN - Bhoota Aradhna
- PB - Bhangra, Gidda
- HP - Charba
- MP - Matki
- SK - Singhi Chaam
- AS - Bihu
- Goa - Tarangmal

Subtopic: Indian Philosophy

Card 1: Classical Music

QUOTE

"Indian music is a meditation, not a performance." — Pandit Ravi Shankar

INTRODUCTION

- Indian classical music bridges temples, courts, and global stages. Supported by SPIC MACAY, IGNCA, and digital archiving efforts, it blends legacy with modern innovation and international engagement.

EXAMPLES

- Ustad Amjad Ali Khan's concerts included in India-Europe cultural diplomacy
- Carnatic concerts integrated into cultural tourism circuits under Dekho Apna Desh

CONCLUSION

- Expanding Guru-Shishya Parampara Scheme and leveraging digital platforms ensures continuity of this rich sonic heritage in contemporary society.

Card 2: Folk Music

QUOTE

"A nation's folk music is its heartbeat." — Jawaharlal Nehru

INTRODUCTION

- Folk music preserves oral history and social memory. With renewed focus under NEP 2020 and Kala Utsav, it now enters classrooms and cultural policy to empower grassroots storytelling.

EXAMPLES

- Manganiyars performed during National Teachers' Conclave
- Baul singers featured in India's soft power delegation to ASEAN

CONCLUSION

- Archiving traditions and artist cooperatives, backed by Sangeet Natak Akademi and IGNCA, will prevent erosion of these living narratives.

Card 3: Theatre

QUOTE

"Theatre mirrors society and transforms it." — Habib Tanvir

INTRODUCTION

- From Kutiyattam to nukkad natak, Indian theatre blends ritual, resistance, and reform. With Bharat Rang Mahotsav and Performing Arts Grant Scheme, it resurfaces as a tool for civic dialogue.

EXAMPLES

- NSD's tribal theatre showcase conducted in Jharkhand under outreach initiative
- Street plays on electoral literacy funded under Systematic Voters' Education and Electoral Participation (SVEEP)

CONCLUSION

- Empowering local theatre and regional scripts can make performing arts a bridge between constitutional values and cultural expression.

Card 4: Puppetry (String, Shadow, Glove, Rod)

QUOTE

"In puppetry, silent hands speak louder than words." — Satyajit Ray

INTRODUCTION

- India's puppetry once educated villages before formal schooling. Now, with digital revival through Indira Gandhi National Centre for the Arts and inclusion in Heritage Education programs, it regains relevance.

EXAMPLES

- Tholu Bommalata incorporated in AR exhibitions by Ministry of Culture
- Kathputli artists featured in urban storytelling festivals across metro cities

CONCLUSION

- Integrating puppetry in school storytelling and tourism circuits under Ek Bharat Shreshtha Bharat offers revival with purpose and pride.

Card 5: Martial Arts

QUOTE

"Martial arts train the body to protect and the mind to persevere." — Bruce Lee

INTRODUCTION

- Martial arts like Kalaripayattu and Gatka now find place in Fit India Movement and Khelo India Youth Games, blending heritage with holistic fitness and national pride.

EXAMPLES

- Kalaripayattu demo included in Yoga Mahotsav opening session
- Thang-Ta integrated in youth skill camps under Sankalp Scheme in Northeast

CONCLUSION

- Promoting martial arts as sport, self-defense, and cultural pride can ensure India's ancient combat wisdom thrives among youth.

Card 6: JAINISM

INTRODUCTION

- Jainism was born 2600 years ago (600-400 BC) from teachings of Lord Mahavira & the **previous 23 tirthankaras** as a heterodox tradition rooted in **non violence & self discipline** for attaining salvation.

CONCLUSION

- Jainism rooted in its philosophy of non- violence/ **ahimsa & anekantavada** offers valuable lessons for most contemporary problems facing humanity.
- Forgiveness - **Samvatsari**.

DATA

- **Architecture:**
 - 1. Decorated carvings, chaumukh design, dome roofs, mountains of immortality/hill temples Ex: Palitana/ Shetrunjay, Sammed Shikharji, monoliths (KN)
 - 2. Earlier rock cut: Udaygiri OD, Ellora, Sittanavasal
 - 3. RJ: Ranakpur, Dilwara
 - 4. MP: Khajuraho
 - 5. KN: Gomateshwara @ Shravanbelgola
 - 6. MH: Mangi Tungji

Card 7: MUSIC

INTRODUCTION

- Indian music encompasses a vast range of classical, devotional, popular genres reflecting India's deep rooted diverse & cultural heritage

EXAMPLES

- Narad Muni introduced IVC - 7 holed flute Vedic - Sama Veda Later Vedic - Bharata's Natyashastra, Classification -
- Ritualistic - Sangama vs
- narrative - jatigan,
- classical vs folk 3 pillars - Swar, raga, Taal Carnatic vs Hindustani - 2 sub-genres of classical Origin :
- Carnatic - Bhakti movement
- Hindustani - Vedic period Similarities -
- same 3 pillars, religious, 1 dominant swar in each raag, melody imp Differences - H vs C
- Influence of arabs, persian etc vs indig
- Freedom to improvise - Yes vs No
- Gharanas vs no gharanans
- Instruments not as imp as vocals
- 6 vs 72 ragas
- Instruments - table, sitar, sarangi vs veena mridangam
- Imp ppl - amir khusro, Tansen vs Thyagaraja, Shyama Shastri Pandit Hindustani - Dhrupad, khayal, tarana, thumri, tappa, ghazal

CONCLUSION

- Today, classical coexists in Guru Shishya parampara along with western & fusion & newer forms like Indie Pop. Need to preserve & mainstream classical & folk - SPICMACAY, Sangeet Natak Academy etc etc. Folk - no hard & fast rules, no Guru Shishya parampara, diverse themes, dance focus GJ - Dandiya raas MH - Powada, Lavani KN - Bhavgeete Goa - Ovi - women songs WB - Baulgeet AS - Bihugeet RJ - Maand - Rajput glory

Subtopic: Kingdoms & Highlights

Card 1: Medieval Architecture

QUOTE

"The Taj is a tear on the cheek of time." – Rabindranath Tagore

INTRODUCTION

- Medieval architecture blended Persian, Turkish, and Indian elements from Qutub Minar to Humayun's Tomb shaping India's syncretic aesthetics in stone, calligraphy, and gardens.

EXAMPLES

- Humayun's Tomb restoration under Aga Khan Trust and Ministry of Culture.
- Azadi Ka Amrit Mahotsav featured 3D walks through Indo-Islamic monuments.

CONCLUSION

- These structures reflect cultural confluence and should be positioned as symbols of pluralism in heritage education.

Card 2: MAURYA

INTRODUCTION

- The Mauryan period - spanning from 4th to 2nd CE BC - marked a **transformative phase in history**, characterised by the emergence of a powerful empire & cultural advancements.

CONCLUSION

- Heritage of this period like the **Sarnath Capital emblem, Arthashastra**, spread of Buddhism etc continue to shape India's cultural, diplomatic and philosophical landscape.

DATA

- Key Feature:** Sab polished
- Court Art:**
 - Palace:** Kumrahar BH
 - Pillars:** Lauria nandangarh (Champaran), Sarnath
 - Stupa:** Sanchi, Piprawaha
 - Edicts**
- Popular Art:**
 - Cave arch/viharas:** Barabar / Lomas Rishi
 - Sculptures:** Didarganj yakshini
 - Pottery:** NBPW
 - Literature:** Arthashastra, Mukrarakshasa, SL chronicles

Card 3: POST MAURYA

INTRODUCTION

- The period from the decline of the Mauryas to the rise of the Guptas (2nd CE BC to 3rd CE AD) was marked by the advent of **Indo-Greeks, Shakas, Kushanas** in the North & **Satavahanas** in the Deccan and **Shungas, Kanvas** in the east.

CONCLUSION

- Template: **Greek vs Roman**.
- Greek - strength, muscular, idealistic, marble based, Gods shown.
- Roman - realism, concrete, ornamentation & decoration, real events & people shown.

DATA

- **Greeks:**
 - Strategos: military governors
 - Chronology: Megasthenes
 - Drama: curtains
 - Sculpture, coins, trade, cities
- **Architecture:**
 - **Rock cut caves:** Karle, Ajanta, Udaygiri. Khandagiri (OD) - Kharavela.
 - **Stupas:** Amravati, Bharhut, Sanchi (Shungas - Torana).
- **Sculpture:**
 - **Gandhara (Greco Buddhist):** Bamiyan Buddha, Bodhisattvas (diff mudras).
 - **Amravati:** Narrative art - Buddha's taming of elephant.
 - **Mathura (HBJ):** Jain Sarvatobhadra, Vima Kadphises, Sarnath standing Buddha.
- **Literature:**
 - **Kushanas:** Vatsyayana's Kamasutra, Ashvaghosha's Buddhacharitra.
 - **Shungas:** Panini Ashtadhyayi, Patanjali Yogasutra.

Card 4: GUPTA

INTRODUCTION

- **Golden period** of Indian art & culture. 3rd & 6th CE AD - patronage to H, B, J.

CONCLUSION

- Template: **Ajanta** - Paintings: flying Apsara, Begging bowl, Padmapani, Sculpture: Mahaparinirvana, Mara Vijaya.
- **Ellora** - 34-HBJ. Cave 10-Vishwakarma, Cave 16-Kailashnath - Rashtrakutas.

DATA

- **Architecture:**
 - **Caves (North):** Ajanta, Ellora, Bagh (MP- Rang Mahal), Udaygiri (Vidisha - Varaha), Junagarh (Buddhist).
 - **Caves (South):** Badami - KN, Vijaywada AP.
 - **Caves (East):** Guntupalli, Ankapallee AP.
 - **Traveller:** Huein Tsang.
- **Sculpture:**
 - **Bronzes:** Sarnath Sultanganj, Dhanesar Khera Mathura style.
 - **Stone:** Varaha (Udaygiri).
 - **Pillars:** Mehrauli, Prayag Prashasti, Bhitari Pillar.
- **Numismatics:**
 - Samudragupta - 8 types of coins (Veena, Saraswati), gold silver cu.
- **Literature:**
 - Nagari script
 - Prayag Prashasti by Harisen (chaste sanskrit)
 - Kalidas, Vishakhadutta, Sudraka
 - Panchatantra - Vishnu Sharma
 - Puranas, epics completed
 - Aryabhatt - Surya Siddhantika

Card 5: GUPTA Contemp: Vakatakas, Ikshwakus Kalabhras, Gangas, Kadambas

INTRODUCTION

- Golden period of Indian art & culture 3rd & 6th CE AD - patronage to H, B, J

EXAMPLES

- Architecture: Caves: North - Ajanta, Ellora, Bagh (MP - Rang Mahal), Udaygiri (Vidisha - Varaha), Junagarh (Buddhist) South - Badami - KN, Vijaywada AP East - Guntupalli, Ankapallee AP Traveller - HueinTsang Sculpture
- Bronzes - Sarnath Sultanganj, Dhaneśar Khera Mathura style
- Stone - Varaha (Udaygiri) Pillars
- Mehrauli
- Prayag Prashasti
- Bhitari Pillar Numismatics
- Samudragupta - 8 types of coins
- Veena, Saraswati, gold silver cu Literature
- Nagari script, Prayag Prashasti by Harisen - chaste sanskrit
- Kalidas, Vishakhadutta, Sudraka
- Panchatantra - Vishnu Sharma
- Puranas, epics completed
- Aryabhatt - Surya Siddhantika

CONCLUSION

- Template Ajanta - Paintings : flying Apsara, Begging bowl, Padmapani, Sculpture: Mahaparinirvana, Mara Vijaya Ellora - 34 - HBJ Cave 10 - Vishwakarma Cave 16 - Kailashnath - Rashtrakutas

Card 6: 7th -8th CE POST GUPTA - HARSHA Pushyabhutis

EXAMPLES

- Literature: Harshavardhana - Nagananda, Ratnavali, Priyadarshika

Subtopic: Literature as Historical Sources

Card 1: Vedic Literature

QUOTE

"The Vedas are not books of theology but records of spiritual discovery." – Sarvepalli Radhakrishnan

INTRODUCTION

- Vedic literature forms the philosophical and ritualistic foundation of Indian civilization. It evolved from hymns in the Samhitas to deep metaphysical inquiries in the Upanishads, influencing Indian ethics, rituals, and education.

EXAMPLES

- NEP 2020 encourages Sanskrit and Indic knowledge systems in curricula.
- Indira Gandhi National Centre for the Arts digitized Rigveda manuscripts for public access.

CONCLUSION

- Mainstreaming Vedic texts through digital access and curriculum reforms ensures ancient wisdom nurtures modern minds.

Card 2: Sangam Literature

QUOTE

"Sangam poetry is not just emotion it is geography, economy, and politics in verse." – A.K. Ramanujan

INTRODUCTION

- Sangam literature from ancient Tamilakam provides a secular, humanist account of life, love, war, and trade. Its secular themes make it a unique non-Vedic civilizational lens into early South India.

EXAMPLES

- Keeladi excavations linked archaeological findings to literary references.
- Sangam texts featured in PM Museum's civilizational gallery on ancient India.

CONCLUSION

- Reviving Sangam literature fosters regional pride and offers a counter-narrative to Vedic-centric historiography.

Card 3: Jain and Buddhist Literature

QUOTE

"Silence and simplicity are the roots of liberation." – Mahavira

INTRODUCTION

- Jain and Buddhist texts enriched Indian moral philosophy with principles like Ahimsa, Dhamma, and Syadvada. Their literary forms — Tripitakas, Agamas expanded India's ethical and linguistic landscape.

EXAMPLES

- Nav Nalanda Mahavihara translated Pali texts for international students.
- Jain Agamas included in National Mission for Manuscripts preservation.

CONCLUSION

- Ethical universality and pan-Asian influence make these texts vital to India's global soft power.

Card 4: Persian Literature in India

QUOTE

"Persian in India was not just a language, it was the canvas for Indo-Islamic creativity." – Muzaffar Alam

INTRODUCTION

- Persian thrived as India's administrative and literary language during the Delhi Sultanate and Mughals. It produced historical chronicles, poetry, and translations that bridged cultures and preserved statecraft.

EXAMPLES

- Ain-i-Akbari featured in National Archives digitization project.
- Maulana Azad Centre for Persian Studies promotes research in Persian literary heritage.

CONCLUSION

- Persian literature is a reminder of India's cultural syncretism and needs sustained academic support.

Card 5: Modern Indian Literature

QUOTE

"A nation is built by those who write its soul into words." – Rabindranath Tagore

INTRODUCTION

- Modern Indian literature evolved through the Bengal Renaissance and flourished regionally, reflecting reformist ideas, nationalism, and social realism a bridge from colonial critique to cultural awakening.

EXAMPLES

- Sahitya Akademi's Bhasha Samman celebrates contributions in tribal and regional languages.
- Ek Bharat Shreshtha Bharat initiative promotes inter-state literary exchanges.

CONCLUSION

- Contemporary Indian literature must balance rooted identity with cosmopolitan values for nation-building.
- Topic C: Architecture**

Card 6: LITERATURE

INTRODUCTION

- Same as music

EXAMPLES

- Ancient - not just religion, also realism & moral values ANCIENT - drama, prose, laws, epics, secular Sanskrit Lit -
- ANCIENT
- Religious: a. Vedas - Vasudev Kutumbakam

CONCLUSION

- YUVA 2.0 (Young upcoming & versatile authors) - Prime Minister's Scheme for Mentoring Young Authors - to promote reading, writing & book culture + preserving old
- translations, digitisation

Subtopic: Sculptures and Significance

Card 1: SCULPTURE

INTRODUCTION

- India is a land where since the times of IVC till today stone and metal have been transformed into sublime expressions of devotion, beauty, and transcendence

EXAMPLES

- Post Maurya Stone - Gandhara, Mathura, Amravati Maurya - stone - yakshi, capitals Bronzes - IVC Jain
- Chausa BH - Adinath long hair, Akota Vadodara - all 24 on throne
- Shashandevi/ yakshini - Chakreshwari - Adinath
- Dilwara Buddhist
- Dhanesar Khera - Mathura style
- Sultanganj - Sarnath style - foldless drapery
- Vakatakas - Amravati style - Poophnar (MH)
- Portable - Gupta, Vakataka time
- Nalanda - Avalokiteshvara, Tara Hills
- JK, HP - Buddha + Ganesha Shiva
- Chaturanana Vishnu, Narsimha, Mahishasura Mardini Durga

CONCLUSION

- Legacy continues at renewed scale - Statute of unity, Statute of Equality (Ramanujacharya Hyd), etc

Subtopic: Travellers

Section Group: Modern History

Microtopic: Freedom Struggle-various stages, important contributors/contributions from

different parts of the country

Subtopic: Acts and their Features

Card 1: Acts

INTRODUCTION

- (No specific intro provided).

DATA

- **GOI Act 1909 (Montford)** - afforded no answer & couldn't afford any answer to Indian problems.
- **GOI Act 1919** - It is a method of further draining India of its wealth & prolonging her servitude.
- **Rowlatt** - na appeal, na vakeel, na daleel.
- **GOI Act 1935** - Nehru: we are provided with a car, all brakes & no engine. Vs Linlithgow: GOI 1935 was the best way of maintaining British influence in India.
- **August Offer** - dead as a door-nail (Nehru).
- **Cripps** - Post dated cheque on a failing bank.

Subtopic: Important contributors/contribution

Card 1: Regional Leaders and Revolutionaries

QUOTE

"It is our duty to pay for our liberty with our own blood." — Subhas Chandra Bose

INTRODUCTION

- While national icons led ideologically, it was regional leaders and revolutionaries who ignited local rebellions and inspired grassroots nationalism decentralising the freedom movement into a true people's struggle.

EXAMPLES

- PM Janman Yojana focuses on Particularly Vulnerable Tribal Groups, aligning with Birsa Munda's legacy of tribal assertion.
- Digital Museum of Unsung Heroes honours figures like Kanaklata Barua and Veer Surendra Sai, filling gaps in popular memory.

CONCLUSION

- Commemorating these figures democratizes history and revives collective memory transforming freedom from a narrative of few into the legacy of many.

Card 2: Contributions from Different Regions

QUOTE

"Freedom is not given, it is taken." — Subhas Chandra Bose

INTRODUCTION

- From Bengal's intellectual fervour to Punjab's martyrdom, and South India's press to Northeast's uprisings every region added its own rhythm to India's national anthem of resistance.

EXAMPLES

- Freedom Trail Programmes in Northeast India map regional heroes like Rani Gaidinliu and Kanaklata Barua.
- Heritage City walks in Tamil Nadu revive freedom-era printing presses and underground networks.

CONCLUSION

- India's freedom was a chorus, not a solo. Recognising regional contributions enriches our pluralistic legacy and strengthens national integration.

Card 3: Contribution - NE, women, foreigners, capitalists, socialists, TRIBALS

QUOTE

"The diverse threads of society wove together in the fabric of the freedom struggle." — Bipin Chandra Pal

"Unfortunately, tribals have not got the place they should have in the pages of history." — PM Modi

INTRODUCTION

- The Indian freedom struggle was a mass mobilization that wove together diverse societal sections, transitioning from "History to Herstory" by recognizing the crucial **impact of women in the freedom struggle**.

EXAMPLES

- Documentation & Repositories:**
 - National Digital District Repositories:* Used for documenting the local contributions of various sections to the Indian freedom struggle.
- Tribal Contributions & Recognition:**
 - Birsa Munda's birth anniversary:* Celebrated as *Adivasi Gaurav Diwas* to honor tribal freedom fighters.
 - Adivasi Museums & Digital Repositories:* Established across districts to preserve tribal history.
 - Aadi Mahotsav:* National tribal festival promoting tribal culture, crafts, and heritage.

CONCLUSION

- Recognizing the contributions of Northeast India, women, foreigners, capitalists, socialists, and tribals ensures a comprehensive narrative of India's freedom struggle.

Card 4: Personalities common

CONCLUSION

- Show relevance/legacy of their ideas today or for the movement Ex: Tilak - press freedom, community festivals/ foundation for Gandhian

Subtopic: Various stages of Freedom struggle

Card 1: Early Phase of Freedom Struggle

QUOTE

"The seeds of freedom must be sown in the soil of unity." — Gopal Krishna Gokhale

INTRODUCTION

- The early nationalist phase laid India's constitutional foundations, with debates over reform vs. resistance. From 1857's rebellion to INC's formation, it marked India's awakening into political consciousness.

EXAMPLES

- Azadi Ka Amrit Mahotsav exhibitions at museums now highlight contributions of early moderates and leaders like Dadabhai Naoroji.
- Indian Council of Historical Research recently funded studies reframing 1857 as the "First War of Independence" in school curricula.

CONCLUSION

- Though incremental, this phase ignited national identity and political awareness — becoming the intellectual bedrock for mass resistance to come.

Card 2: Gandhian Phase

QUOTE

"You may never know what results come of your actions, but if you do nothing, there will be no result." — Mahatma Gandhi

INTRODUCTION

- Gandhi transformed politics into mass participation from salt to spinning wheel, India's fight became moral, inclusive, and decentralised, redefining the freedom struggle into a people's movement.

EXAMPLES

- Khadi Mahotsav campaigns use digital storytelling to promote Gandhian economic self-reliance.
- National Digital Archives launched new modules on Dandi March and Quit India for school outreach.

CONCLUSION

- The Gandhian phase institutionalised ahimsa as strategy and swaraj as vision — sowing the values that now anchor India's democratic soul.

Card 3: Revolutionary Movements

QUOTE

"They may kill me, but they cannot kill my ideas." — Bhagat Singh

INTRODUCTION

- Revolutionaries lit the fire when moderation failed. Their sacrifices, from bomb factories to courtrooms, shook colonial arrogance and symbolised youth-led urgency for complete independence.

EXAMPLES

- Digital Museum on Revolutionaries launched in Delhi features rare HSRA manifestos.
- Statue installations of Chandrasekhar Azad and Ashfaqulla Khan added to revamped public history trails.

CONCLUSION

- Though short-lived, these movements brought unmatched moral courage forcing the empire to acknowledge the cost of denying Indian freedom.

Card 4: Role of Subalterns

QUOTE

"The soul of India lives in its villages." — Mahatma Gandhi

INTRODUCTION

- Beyond elite platforms, peasants, tribals, women, and Dalits carried the struggle into forests, fields, and homes — converting freedom into a lived, localised resistance against both colonial and social oppression.

EXAMPLES

- Tribal Freedom Fighter Museum initiatives narrate unsung uprisings like Santhal and Bhil revolts.
- Mera Gaon, Mera Gaurav uses village-level storytelling to document women and lower-caste leaders in local archives.

CONCLUSION

- True freedom emerged not just from speeches, but from the sweat of the subalterns their legacy must be centred in our national memory.

Card 5: Phases of Freedom Struggle (Moderates, Extremists, Revolutionaries)

QUOTE

"1858-1905 Was the seed time of Indian nationalism. The early moderates sowed these seeds deep and well" — Bipin Chandra

"Extremists are the dreamers of a liberated India, willing to walk the untrodden path for freedom." — Lala Lajpat Rai

"Extremism in the pursuit of liberty is no vice; moderation in the pursuit of justice is no virtue." — Bhagat Singh

CONCLUSION

- **SC Bose:** The ultimate objective of revolutionaries is not to terrorise but to **install a national government**.

Card 6: Swadeshi movement

QUOTE

"Bengal united is power. Divided it will pull in several different ways." — L Risley

Card 7: Early political movements & formation of INC

QUOTE

"The birth of INC was the unleashing of an atomic plant, where Gandhi was the moderator & revolutionaries were the catalysts."

"Gokhale was a lightning conductor — a catalyst to bring together nationalist forces under the guise of a safety valve."

"Hume founded INC as a safety valve." — Lala Lajpat Rai (LLR)

DATA

- **R.P. Dutt, conspiracy theory:** INC formation was a conspiracy to suppress a popular uprising in India, and the bourgeois (middle-class) leaders were complicit in it.

Card 8: Template 2: History Analysis Framework (12MPRO)

QUOTE

"I am not interested in freeing India merely from the British Yoke but from any yoke whatsoever. Thus the aim remained Swaraj from all forms of exploitation not just the British." — Mahatma Gandhi

INTRODUCTION

- Utilise the **12MPRO framework** to structure historical analysis:
- **Ideologies:** Moderates, extremists, revolutionary, socialists, communists, liberals, conservative.
- **International events:** World wars, great depression, French revolution, Industrial Revolution.
- **M - Movements:** Swadeshi, NCM, CDM, Quit India.
- **P - Participants:** Women, intelligentsia, workers, peasants, tribals, foreigners, capitalists, Muslims, civil.
- **R - Rule through:** Land revenue system (Ryotwari, Mahalwari, Zamindari), Brain Drain, Education, Admin, Press, Acts.
- **O - Opposition to INC:** Muslim League, Princely states, etc.

CONCLUSION

- Emphasize **Article 51 A - Moral Duty:** Cherishing noble ideals of the freedom struggle.

Card 9: Moderates phase

QUOTE

"1858-1905 Was the seed time of Indian nationalism. The early moderates sowed these seeds deep and well" — Bipin Chandra

Card 10: Extremists phase/ Militant nationalism

QUOTE

"Extremists are the dreamers of a liberated India, willing to walk the untrodden path for freedom." — Lala Lajpat Rai

Card 11: Revolutionaries

QUOTE

"Extremism in the pursuit of liberty is no vice; moderation in the pursuit of justice is no virtue." — Bhagat Singh

"The ultimate objective of revolutionaries is not to terrorise but to install a national government" — S. C. Bose

Card 12: Growth of communalism

QUOTE

"We divide they rule" — Maulana Mohammed Ali

"The process of devolving power by stages in a socially politically desperate country is inherently divisive" — R. J. Moore

Microtopic: Modern Indian History-Mid-18th century - Present (significant events, personalities, issues);

Subtopic: Colonial rule and impact

Card 1: Decline of the Mughal Empire

QUOTE

"The Mughal Empire is now a name. It has no power." — Warren Hastings

INTRODUCTION

- The decline of the Mughal Empire stemmed from weak successors, rising regional powers, and administrative collapse opening the doors for European interference and British dominance.

EXAMPLES

- Successive rulers post-Aurangzeb failed to control rising powers like the Marathas and Sikhs.
- Regional nawabs of Awadh, Bengal, and Hyderabad began asserting autonomy by mid-18th century.

CONCLUSION

- The Mughal decline didn't just mark imperial fall it signalled the beginning of a fragmented India, ripe for colonial conquest through trade, treaties, and tactics.

Card 2: Major Battles

QUOTE

"The British won India not by power alone, but by playing Indian politics better than the Indians." — Ramachandra Guha

INTRODUCTION

- The colonial conquest of India was paved less by sheer warfare and more by strategic alliances and betrayals. Key battles like Plassey and Buxar marked turning points in the British economic and political dominance.

EXAMPLES

- Battle of Plassey (1757): Laid the foundation of British political supremacy after the betrayal of Nawab Siraj-ud-Daulah.
- Battle of Buxar (1764): Gave the British Diwani rights of Bengal, Bihar, and Orissa the financial base for empire-building.
- Anglo-Mysore Wars: Showed fierce resistance by Tipu Sultan, now symbolically remembered in Karnataka's cultural politics.
- Anglo-Maratha Wars:
 - 1. Dismantled the Maratha confederacy.
 - 2. British annexation sealed with the Treaty of.
- Bassein.

CONCLUSION

- These battles reshaped India's destiny not just as wars, but as tactical losses of sovereignty. Understanding them informs debates on colonial legacy, federalism, and military diplomacy today.

Card 3: Subsidiary Alliance & Doctrine of Lapse

QUOTE

"Every annexation was a blow to India's unity; every alliance, a nail in its autonomy." — Bipan Chandra

INTRODUCTION

- With war-fatigue setting in, the British empire turned to political mechanisms like the Subsidiary Alliance and Doctrine of Lapse policies that undermined Indian sovereignty under the guise of diplomacy.

EXAMPLES

- Subsidiary Alliance (Lord Wellesley): Forced Indian rulers like those of Hyderabad and Awadh to maintain British troops and surrender foreign policy.
- Doctrine of Lapse (Lord Dalhousie): Annexed Jhansi, Satara, and Nagpur, disregarding local succession rights fueling resentment that echoed in 1857.
- Rani Lakshmibai's resistance remains an iconic legacy of anti-imperial defiance tied to this policy.

CONCLUSION

- These 'non-violent' policies were strategic tools of conquest that sowed deep political discontent. Their fallout helped unite princely states in resistance and continues to echo in India's federal memory.

Card 4: Land Revenue Systems

QUOTE

"The misery hardly finds vent in words... it is so deep." – Rabindranath Tagore

INTRODUCTION

- British land revenue systems like Zamindari, Ryotwari, and Mahalwari prioritized revenue over rural welfare, dismantling community land rights and creating structural rural poverty that still echoes in land debates today.

EXAMPLES

- Digitisation of land records under Digital India Land Records Modernization Programme tackles legacy issues from colonial land mapping.
- PM Kisan Samman Nidhi offers income support to small farmers in a system once devoid of state welfare.

CONCLUSION

- Colonial systems extracted without empowering. Land and income-support schemes aim to reverse historical marginalisation and ensure agrarian dignity.

Card 5: Economic Impact of British Rule

QUOTE

"India is a mere agricultural farm for England a nursery of soldiers." – Dadabhai Naoroji

INTRODUCTION

- Colonial policies reoriented India from a producer of crafts to a supplier of raw materials, resulting in deindustrialisation, trade imbalance, and impoverishment the foundation of the 'Drain of Wealth' theory.

EXAMPLES

- One District One Product initiative revives crafts once destroyed by colonial trade policies.
- PLI Scheme (Production Linked Incentive) boosts manufacturing to reclaim India's industrial self-reliance.

CONCLUSION

- The colonial economy weakened local enterprise. Current industrial policies aim to rebuild India's lost productive capacity.

Card 6: Social and Cultural Impact

QUOTE

"No people can be truly free unless they are educated." – Swami Vivekananda

INTRODUCTION

- British rule introduced Western education, new laws, and cultural changes sparking both social reform and resistance. It seeded modern institutions but also fragmented traditional knowledge systems.

EXAMPLES

- National Education Policy promotes mother tongue instruction a shift from colonial language imposition.
- Indian Knowledge Systems initiative revives indigenous learning once marginalised during British reforms.

CONCLUSION

- While colonialism disrupted social equilibrium, it also triggered reformist thought. Today's policies aim to balance global skills with indigenous identity.

Card 7: Economic impact of British Rule

QUOTE

"Bones of the cotton weavers are bleaching the plains of North India" — Bentick

"British rule stripped India of \$45 trillion and 45 million lives. British rule in India was not benign, but brutal, and its rapacity left India in deep poverty." — Shashi Tharoor

DATA

- G V Joshi** - Expenditure on rail was an indian subsidy to the British industries.
- G S Iyer** - When foreign capital is sunk - administration becomes concern of bond holders.
- RC Dutt** - Taxation by king is like moisture sucked by sun comes as fertilising rain.

Card 8: Indian Press & Education

QUOTE

"The press was the ink-stained weapon that fought not with bullets, but with ideas, stirring hearts and awakening minds." — Bal Gangadhar Tilak

INTRODUCTION

- Education: India broke the **British fetters with English hammers**.

Card 9: Princely states

CONCLUSION

- British & princes both needed each other to survive. However India's need for either is highly doubtful.

Card 10: Peasant movements & Economic impact

QUOTE

"Bones of the cotton weavers are bleaching the plains of India." — William Bentinck

"Expenditure on rail was an Indian subsidy to the British industries." — G. V. Joshi

"When foreign capital is sunk, administration becomes concern of bond holders." — G. S. Iyer

"Taxation by king is like moisture sucked by sun comes as fertilising rain." — R. C. Dutt

Subtopic: Gandhi X Indian Leaders of Freedom Struggle

Card 1: Key Personalities (National)

QUOTE

"A nation's culture resides in the hearts and in the soul of its people." — Mahatma Gandhi

INTRODUCTION

- These leaders weren't mere freedom fighters but architects of India's moral, constitutional, and educational framework. Their visions continue to inform India's democratic ethos, grassroots reform, and inclusive policy thinking.

EXAMPLES

- Mera Yuva Bharat (MY Bharat) invokes Swami Vivekananda and Tilak's youth nationalism, fostering civic participation.
- Ambedkar Social Innovation Incubation Mission empowers Dalit entrepreneurs, reflecting Ambedkar's vision of social mobility through education and enterprise.

CONCLUSION

- Their philosophies are not relics but living ideas embedded in India's Constitution, development schemes, and social equity narratives that continue to shape India's journey.

Card 2: Gandhian phase / Gandhi

QUOTE

"If humanity is to progress, Gandhi is inescapable. We may ignore him at our own risk." — Martin Luther King Jr.

"Gandhi was the best policeman the British could have in India." — Ellen Wilkinson

INTRODUCTION

- In the Indian freedom struggle, the **Moderates laid the foundation**, on which the **extremists built the road**, which the **revolutionaries strengthened with their blood** & finally **Gandhi walked on it with the masses** towards independence.

Subtopic: Revolt and Mutiny

Card 1: 1857 revolt

INTRODUCTION

- The 1857 revolt was the **first major organised resistance** against economic, social, political & military policies of British EIC in India.

CONCLUSION

- RC Majumdar** - 1857 revolt was neither 1st war nor for independence.
- V D Savarkar** - 1st national war of independence.
- S B Choudhary** - first time that for more than a year different regions led a concerted struggle to eject an alien power - never before seen in Indian history.
- Stanley Wolpert** - more than a mutiny, less than 1st war of independence.

DATA

- Rule through:** Land revenue system - R, M, Z.
- Brain Drain:** Education, Admin, Press.
- Acts.**
- Opposition to INC:** Muslim League, Princely states, etc.

Subtopic: Socio-religious reform

Card 1: Role of Women Reformers

QUOTE

"Awake, arise and educate. Smash traditions – liberate." – Savitribai Phule

INTRODUCTION

- Women like Savitribai Phule, Pandita Ramabai, and Rokeya Sakhawat Hossain led social reform not just by challenging patriarchy but by building educational and institutional alternatives.

EXAMPLES

- Beti Bachao Beti Padhao aligns with the vision of educational empowerment pioneered by these reformers.
- Mahila Samman Savings Certificate Scheme promotes financial inclusion, echoing calls for women's agency.

CONCLUSION

- These pioneers redefined reform from the margins. Today's women-centric schemes draw directly from their legacy of grassroots empowerment.

Card 2: Socio-religious reform movements

QUOTE

"The aim of socio religious reform movements was not to change the face of religion but to revive the essence of humanity which had been forgotten." — Gandhiji

INTRODUCTION

- (No specific intro provided).

Subtopic: Viceroy and their Administration

Card 1: Administrative Reforms

QUOTE

"Good governance depends on ability, not birth." – Jawaharlal Nehru

INTRODUCTION

- The British laid the foundations of centralized administration in India through regulatory and legislative acts, shaping civil services and institutions that influenced India's future governance structure and federal setup.

EXAMPLES

- Indian Civil Services legacy continues through UPSC's role in selecting public administrators.
- Government of India Act, 1935 served as the template for India's constitutional architecture.

CONCLUSION

- Though colonial in intent, these reforms enabled India's administrative continuity post-1947. Mission Karmayogi builds on this legacy for a citizen-centric bureaucracy.

Card 2: Civil services

CONCLUSION

- Nehru - neither Indian, nor Civil nor a service

Section Group: Post Independence

Microtopic: Post-Independence-consolidation and reorganisation within country

Subtopic: Consolidation after Independence

Card 1: Integration of Princely States

QUOTE

"The problem of the Indian States is so complex that it would baffle any statesman." – Jawaharlal Nehru

INTRODUCTION

- The political unification of over 560 princely states post-independence was India's first internal challenge. Sardar Patel's diplomacy, aided by civil servants and the military, forged a coherent union from fragmented sovereignties.

EXAMPLES

- Statue of Unity complex now features digital exhibits on the Hyderabad and Junagadh integrations.
- Civic curriculum updates under National Education Policy include case studies on Sardar Patel's unification efforts.

CONCLUSION

- Patel's realpolitik saved India from Balkanization. Political consolidation created the platform for democratic deepening and institutional stability in a newly free nation.

Card 2: Challenges to Nation-Building

QUOTE

"A democracy requires vigilance as much as it requires freedom." – B. R. Ambedkar

INTRODUCTION

- Partition trauma, refugee influx, communalism, secessionist threats, and the 1975 Emergency all tested India's democratic foundations yet the Republic survived by adapting and reaffirming its constitutional resilience.

EXAMPLES

- National Integration Tour Programmes led by Army in Manipur and J&K aim to engage youth from conflict-prone areas.
- Emergency@50 awareness series in school's revisits constitutional amendments and press restrictions to reinforce democratic literacy.

CONCLUSION

- Nation-building in India was not linear. It demanded course corrections, civic awakening, and constitutional commitment — a legacy that continues to demand reflection and reform.

Subtopic: States Reorganisation

Card 1: Reorganization of States

QUOTE

"Language is the basis of culture; culture is the identity of people." – C. Rajagopalachari

INTRODUCTION

- Balancing linguistic identity with national unity led to the States Reorganisation Act, 1956 a transformative exercise that respected cultural diversity while cementing administrative coherence.

EXAMPLES

- New parliamentary reports on linguistic minorities revisit SRC principles to address rising demands in Bundelkhand and Tamil Nadu.
- Digital linguistic atlases funded by Ministry of Culture now map dialect diversity in the Northeast and Deccan regions.

CONCLUSION

- Reorganisation on linguistic lines fostered regional pride without compromising national unity a model of pluralism managed through constitutional structure.

Section Group: World History

Microtopic: History of the world will include events from 18th century such as industrial revolution, world wars, redrawing of national boundaries, colonization, decolonization, political

philosophies like communism, capitalism, socialism etc. – their forms and effect on the society.

Subtopic: American and French revolution

Card 1: 18th Century Revolutions

QUOTE

"Liberty, equality, fraternity these are not mere words, they are our guiding principles." — Nelson Mandela

INTRODUCTION

- Revolutions in America, France, and Haiti redefined governance by challenging monarchy and slavery. They institutionalized people's sovereignty, inspiring modern democracies, and anti-colonial struggles across continents.

EXAMPLES

- Indian school civics curriculum included modules on Haitian and French Revolutions as roots of global rights discourse.
- UN Democracy Dialogue cited American revolutionary ideals while discussing voter apathy and democratic backsliding.

CONCLUSION

- These revolutions turned abstract ideals into institutional realities. Their values remain benchmarks for justice, rights, and people-led governance today.

Subtopic: Anti-colonial struggles

Card 1: Colonialism & Decolonization

QUOTE

"The sun never set on the British Empire but it never rose on its justice." — Shashi Tharoor

INTRODUCTION

- Colonialism plundered wealth and agency. Decolonization was driven by local movements, post-war fatigue, and global solidarity, shaping today's South-South cooperation and identity politics.

EXAMPLES

- India-African Union joint statement called for restitution of cultural artefacts from former colonial powers.
- South-South Knowledge Exchange Platform shared post-colonial development models from Asia, Africa, and Latin America.

CONCLUSION

- Decolonization ended foreign rule, but the colonial mindset lingers. True freedom lies in reclaiming cultural, economic, and intellectual sovereignty.

Card 2: Political Philosophies

QUOTE

"Democracy is the worst form of government except for all the others." — Winston Churchill

INTRODUCTION

- Modern ideologies capitalism, socialism, fascism were responses to inequality, freedom, and authority. These philosophies still inform debates on welfare, authoritarianism, and economic justice across global democracies.

EXAMPLES

- G7 academic roundtable debated AI governance through capitalist and socialist frameworks.
- Indian civil service ethics module uses comparisons of Marx, Smith, and totalitarian regimes to assess leadership philosophies.

CONCLUSION

- Ideologies shape laws and lives. Understanding their roots is vital to balance liberty, equity, and power in today's multipolar world. Great! Here's a continuation of the same refined and UPSC-relevant format for: III.INDIAN SOCIETY**

Subtopic: Industrial Revolution

Card 1: Industrial Revolution

QUOTE

"The factory system was the beginning of man being reduced to a number." — Mahatma Gandhi

INTRODUCTION

- The Industrial Revolution altered economies and labor, but also widened inequality and colonial dependence. It sowed the seeds for capitalism, environmental degradation, and the modern labor movement.

EXAMPLES

- Global South Climate Consortium highlighted industrial-era emissions as root of today's carbon imbalance.
- India's G20 summit agenda linked labor rights with ethical production chains in post-industrial economies.

CONCLUSION

- It mechanized growth but dehumanized labor. Its legacy forces us to balance innovation with justice and sustainability in a changing world.

Subtopic: World wars**Card 1: World Wars****QUOTE**

"Those who cannot remember the past are condemned to repeat it." — George Santayana

INTRODUCTION

- The World Wars reshaped geopolitics, collapsed empires, and created global institutions. They also radicalized colonies into questioning imperialism and led to multilateral peace frameworks like the United Nations.

EXAMPLES

- UN General Assembly resolution reaffirmed League of Nations' failures while discussing reforms for Security Council representation.
- India-Europe Peace Forum emphasized lessons from both World Wars in managing refugee crises.

CONCLUSION

- War left scars and systems. The world must now preserve peace not just through deterrence, but inclusive diplomacy and justice.

SOCIETY

Section Group: Foundations & Diversity

Microtopic: Diversity of India

Subtopic: Diversity and pluralism

Card 1: Diversity of India

QUOTE

"India is a garden of many flowers — each one beautiful, each one unique." — Jawaharlal Nehru

INTRODUCTION

- With Unity in Diversity as its soul, India is a mosaic of languages, faiths, ethnicities, and regional identities. This diversity isn't just co-existence; it's the foundation of India's democratic vibrancy.

EXAMPLES

- Ek Bharat Shreshtha Bharat promotes cultural exchanges between linguistically and ethnically diverse states.
- The PM Vishwakarma Yojana is empowering traditional artisans across cultural communities, preserving pluralistic heritage.

CONCLUSION

- By celebrating diversity through inclusive policy, India transforms difference into strength a lesson for the world's multicultural democracies.

Card 2: ETHNICITY

INTRODUCTION

- Ethnicity refers to a **shared cultural heritage**, often encompassing factors like language, religion, traditions, and historical experiences, that shape the identity of a group of people within a larger society.
- It is a social construct that influences individuals' **sense of belonging** and shapes their perspectives and interactions.

CONCLUSION

- Solution:
 - 1. **Cultural sensitisation**, Govt **ek bharat shresth bharat**.
 - 2. **Kashi Tamil Sangamam**. Schedule 6. Inclusive growth and participative governance. Dropadi murmu: 1st tribal women president.

DATA

- Issues: Anti semitism, violence, Xenophobia, Ethno centrism.
- Conflicts: ethnic. Intra ethnic shia vs sunni. Inter ethnic assamese vs bengali. Ethnic group vs state: naga mvmt: khalisatn.
- **Basis of conflict:**
 - Language: tamil vs hindi
 - Religion: tribals vs christian missionaries
 - Race: Naga
- Bez Baruah committee:
 - 1. Stringent laws.
 - 2. Legal awareness.
 - 3. Fast track courts.

Subtopic: Tribes & Related Issues

Card 1: TRIBALS

QUOTE

"It is good to swim in the waters of tradition but to sink in them is suicide" — Gandhi

DATA

- Positive changes today: women wrestlers in Haryana, intercaste marriages, revival of +ve traditions: **Kaktiya mission**, Draupadi Murmu: 1st tribal women president.
- **Demographics:** 8.6% tribals.
- **Poverty:**
 - 1. Disproportionately high in STs.
 - 2. **11.28% national multidimensional poverty average (NITI Aayog MPI).**
- **Representation:** Only 4 GoI secretaries from SC/ ST (Xaxa commission).
- **Education:** 75% dropouts in class 10.
- **Legislation:**
 - 1. PESA.
 - 2. FRA.
 - 3. Prevention of atrocities act. locally recruited teachers tribal dictionary. Pathalgadi movement: JH.
- **XAXA committee:** rayagada model - Dangar path (traditional knowledge) and Kagaz path (fluency in english). Tribal panchsheel. Repeal Habitual offenders act.

INTRODUCTION

- Characteristics: **geographic isolation, shyness of contact, economic backwardness, primitive traits, distinct culture.**

CONCLUSION

- Confused Modernity: technology: sex selective abortion, social media for hate speech, caste based recruitment for sanitation works, low preference for inter caste on matrimony websites.
- Dhebar commission 1961: integration of tribal knowledge and language in curriculum. OD model.

Microtopic: Salient features of Indian Society

Subtopic: Uniqueness of Indian society

Card 1: VALUES AND TOLERANCE & CUSTOMS

INTRODUCTION

- Promoting tolerance. Positive values:
 - 1. **Anekantwad, Sarva dharam sambhav, Vasudev kutumbakam.** Modern secular education. Secular state: preamble.
 - 2. 15.
 - 3. 16.
 - 4. 25-28: 44. Urbanisation, Judiciary.
 - 5. Civil society, Modern spiritualism.
- Customs Positive:
 - 1. ****Sacred grooves, Traditional water harvesting system: Baoli.**
 - 2. Rani ki vav, ayurveda**, Scientific architecture: jantar mantar.
- Negative: mensuration taboo, geneital mutilation: dawoodi bohras, devdasi system, untouchability, made made snana, animal sacrifice.

CONCLUSION

- Intolerance examples:
 - 1. 2020 delhi riots, tanishq ad muslim family organising baby shower for daughter in law, Dabur ad homosexual couple celebrating karwa chauth, murder of rationalist: narender Dabholkar.
 - 2. Gauri lankesh.

DATA

- **Examples of tolerance:**
 - Karwa-e-Mohabbat: rally against hate crime
 - visit by all religions and communities to golden temple
 - 1. Mahim church.
 - 2. Ajmer Sharif.
 - Vaver mosque visit is an integral part of sabrimala pilgrimage.
- Govt steps:
 - 1. Scheme: Van Dhan.
 - 2. Eklavya model.
 - 3. TriFed.
 - 4. Aspirational block. 338A.
 - 5. 5/6th schedule.
 - 6. 29-30,46.

Card 2: Values and tolerance And customs

INTRODUCTION

- Promoting tolerance • Positive values
- Anekantwad

EXAMPLES

- Examples of tolerance
- Karwa-e-Mohabbat : rally against hate crime
- visit by all religions and

CONCLUSION

- Intolerance examples
- 2020 delhi riots
- tanishq ad : muslim family organising baby

Section Group: Gender & Demographics

Microtopic: Population and associated issues

Subtopic: Population and associated issues

Card 1: Population Growth & Migration

QUOTE

"Population, when unchecked, increases in a geometrical ratio." — Thomas Malthus

INTRODUCTION

- India's demographic transition — from a burden to a dividend is unfolding. With Amrit Kaal vision, managing population growth and migration is crucial for equitable development.

EXAMPLES

- Viksit Bharat Sankalp Yatra is focusing on saturation of schemes in high-population districts.
- The Aspirational Districts Programme uses population data to reduce migration through local development.

CONCLUSION

- Harnessing the demographic dividend requires investing in mobility, skills, and balanced urban-rural growth. Poverty & Development**

Microtopic: Role of women and women's organization

Subtopic: Women and Associated concerns

Card 1: Status of Women: Historical to Modern

QUOTE

"There is no chance for the welfare of the world unless the condition of women is improved." — Swami Vivekananda

INTRODUCTION

- From Vedic scholars to constitutional framers, Indian women have shaped history. Today, the journey from Stree Shakti to Nari Shakti Vandan Adhiniyam reflects a society reclaiming gender equity.

EXAMPLES

- Women's Reservation in Parliament was passed to ensure greater representation in lawmaking.
- Over 70% of Self-Help Group Bank Linkage Programme beneficiaries are women, redefining economic independence.

CONCLUSION

- The real empowerment lies in translating rights into realities through laws, leadership, and lasting societal change. Gender Disparity & Laws/Reforms**

Card 2: Women's Organizations and Movements

QUOTE

"A gender-equal society would be one where the word 'gender' does not exist." — Gloria Steinem

INTRODUCTION

- While India's legal framework aims for equality, the gap in education, health, and employment shows that Beti Bachao Beti Padhao is still a mission, not a milestone.

EXAMPLES

- STEM for Girls initiative is addressing educational inequity in science and tech.
- Mission Shakti integrates safety, rehabilitation, and empowerment for women under one umbrella.

CONCLUSION

- Laws can trigger change, but societal mindsets must evolve for true gender justice.

Section Group: Poverty, Empowerment & Development

Microtopic: Social empowerment, poverty and developmental issues

Subtopic: Poverty and Related issues

Card 1: Poverty and Developmental Issues

QUOTE

"Poverty is the worst form of violence." — Mahatma Gandhi

INTRODUCTION

- India has halved multidimensional poverty through schemes like National Food Security Act and Direct Benefit Transfer. Yet, inequality demands a reimagining of growth as inclusive and sustainable.

EXAMPLES

- PM Janman Yojana targets vulnerable tribal groups often left out of development narratives.
- One Nation One Ration Card has improved food access for the mobile poor.

CONCLUSION

- A just society isn't judged by affluence but by how the poorest live policy must reflect that truth. Perfect! Continuing in the same enriched, UPSC-relevant style with:

Section Group: Social Dynamics & Ideologies

Microtopic: Effects of globalization on Indian society

Subtopic: Globalisation

Card 1: Globalization: Impact on Indian Culture

QUOTE

"Think globally, act locally." — Patrick Geddes

INTRODUCTION

- Globalization has reshaped India's economy and aspirations integrating it into global value chains, yet also stirring debates on cultural identity and job displacement.

EXAMPLES

- PLI Schemes are attracting foreign investment while boosting domestic manufacturing and job creation.
- Startup India-Digital India synergy is creating global entrepreneurs from small towns, reshaping societal structures.

CONCLUSION

- India must embrace globalization on its own terms with rootedness in values and readiness for change.
- 11-A.Social Empowerment**

Card 2: Globalization: Impact on Family & Women

QUOTE

"Social justice is the first condition of humanity." — B. R. Ambedkar

INTRODUCTION

- India's democracy is not just political, it is social as echoed in the Constitution's vision of "economic and social justice". Social empowerment ensures dignity and opportunity beyond just representation.

EXAMPLES

- PM Vishwakarma Yojana empowers traditional artisans from Scheduled Castes and Other Backward
- Classes with modern tools and training.
- National Action Plan for Transgender Persons institutionalizes inclusion via healthcare, shelter, and employment support.

CONCLUSION

- True empowerment transcends schemes it reflects in voices heard, opportunities shared, and dignity restored.

Card 3: GLOBALISATION

INTRODUCTION

- It is the process in which economies and societies became **increasingly integrated and interdependent**.
- **Global village. Borderless world. Compression in space and time.**

CONCLUSION

- Dimensions:
 - 1. Education - **GIAN.
 - 2. Brain drain**: economy - choice.
 - 3. SoL.
 - 4. GVC.
 - 5. Tech. women. environment - SUP.
 - 6. Invasive species.
 - 7. Bio diversity.
 - 8. Eco tourism. culture cultural imperialism, tribals and traditions, elderly.

DATA

- **Local in global:**
 - yoga
 - bollywood
 - diaspora celebrating festivals
 - saree worn by celebrities in Cannes
 - indian cuisines abroad
- **Global in local:**
 - Hinglish
 - McDonald serving veg during navaratri
 - remake of global films: forest gump remade as laal singh chaddha religion:
 - 1. E darshan.
 - 2. Live telecast of gurbani.
 - chinese lights vs diyas

Card 4: GLOBALISATION

INTRODUCTION

- It is the process in which economies and societies became increasingly integrated and interdependent
Global village Borderless world Compression in space and time

EXAMPLES

- Local in global
- yoga
- bollywood
- diaspora celebrating festivals
- saree worn by celebrities in Cannes
- indian cuisines abroad Global in local
- Hinglish
- McDonald serving veg during navaratri
- remake of global films : forest gump remade as laal singh chaddha
- religion : e darshan ; live telecast of gurbani
- chinese lights vs diyas

CONCLUSION

- Dimensions
- education - GIAN ; brain drain
- economy - choice ; SoL ; GVC ; tech
- women
- environment - SUP ; invasive species ; bio diversity ; eco tourism
- culture : cultural imperialism
- tribals and traditions
- elderly

Microtopic: National Integration, communalism, regionalism & secularism

Subtopic: Communalism

Card 1: Communalism

QUOTE

"Religion is a personal matter, not a political weapon." — Jawaharlal Nehru

INTRODUCTION

- India's unity lies in its plurality, yet communalism threatens to fracture it. Communal violence stems not from faith, but from politicized narratives and failure of institutions.

EXAMPLES

- One Nation, One Police Reform Agenda focuses on neutralizing bias in local policing to contain communal flare-ups.
- Social media monitoring cells across states counter hate speech and misinformation that fuel communal tensions.

CONCLUSION

- Countering communalism demands not just control, but cultivation of harmony, shared spaces, and common national belonging.

Subtopic: Regionalism

Card 1: Regionalism

QUOTE

"India is a union of states, not a confederation of ambitions." — Sardar Patel

INTRODUCTION

- India's diversity is its strength but when regional pride morphs into regionalism, it can challenge the nation's integrative ethos. Balancing identity and unity is a democratic tightrope.

EXAMPLES

- Special Development Councils in tribal-majority states celebrate regional culture while ensuring equitable development.
- Recent peaceful movements for statehood have emphasized democratic methods over disruptive agitations.

CONCLUSION

- A strong India allows space for local identity but never at the cost of national integrity.

Card 2: REGIONALISM

INTRODUCTION

- strong identification and sense of unity that people within a specific geographic area share, often driven by **common cultural, language, economic, or political factors**.

DATA

- **Map/Typologies:**
 - Secession:
 - 1. Greater nagalim.
 - 2. Khalistan.
 - Supra state: N-S divide.
 - Inter state:
 - 1. Belgaum.
 - 2. Cauvery.
 - Intrastate:
 - 1. Vidharba.
 - 2. Bodoland.
 - Son of soil:
 - 1. MH.
 - 2. Local job quota.

Card 3: REGIONALIS M

INTRODUCTION

- strong identification and sense of unity that people within a specific geographic area share, often driven by common cultural, language , economic, or political factors.

EXAMPLES

- Map
- secession : greater nagalim ; khalistan
- supra state : N-S divide
- inter state : belgaum ; cauvery
- intrastate : vidharba ; bodoland
- son of soil : MH ; local job quota

Subtopic: Secularism

Card 1: Secularism

QUOTE

"Secularism is the soul of the Indian Constitution." — Rajendra Prasad

INTRODUCTION

- Indian secularism is not the absence of religion it's the equal respect of all. In a society where faiths intertwine, secularism is less a doctrine, more a discipline of governance.

EXAMPLES

- Scheme for Promotion of Traditional and Indigenous Faiths in the Northeast protects cultural pluralism.
- The judiciary's recent proactive role in protecting religious freedoms and curbing hate-driven laws reflects constitutional secularism in action.

CONCLUSION

- Secularism must live not just in laws, but in lived experiences where every faith feels safe, and no belief feels excluded.

Section Group: Urbanisation

Microtopic: Urbanisation: problems and remedies (Added to house the PDF microthemes)

Subtopic: Emerging Urbanisation Trends

Card 1: Urbanization: Problems & Remedies

QUOTE

"A developed country is not a place where the poor have cars. It's where the rich use public transportation." — Enrique Peñalosa

INTRODUCTION

- India is witnessing a historic urban shift where villages aspire to become towns, and cities strive for sustainability. But this urban tide brings challenges of planning, equity, and environment.

EXAMPLES

- PM e-Bus Sewa enhances green mobility in tier-2 and tier-3 cities to combat urban congestion and pollution.
- Affordable Rental Housing Complexes address migrant housing challenges and slum proliferation.

CONCLUSION

- Urbanization must be driven by humane planning cities should not just grow, they should include, breathe, and belong. Urban Governance**

Subtopic: Urban Planning

Card 1: Smart Cities & Urban Planning

QUOTE

"Urban governance is not just administration it is transformation." — E. Sreedharan

INTRODUCTION

- With the 74th Constitutional Amendment, urban governance moved closer to people. Yet, real empowerment of local bodies remains uneven across India's complex urban fabric.

EXAMPLES

- Digital Municipal Platforms in several states are improving tax collection and service delivery.
- Capacity-building programs under AMRUT 2.0 are training urban functionaries in climate resilience and inclusive planning.

CONCLUSION

- Strong urban governance is the foundation of livable cities it demands devolution, data, and dignity for the urban poor.

GEOGRAPHY

Section Group: Economic & Resource Geography

Microtopic: Distribution of key Natural Resources (world, South Asia and Indian subcontinent)

Subtopic: Energy

Card 1: COAL

INTRODUCTION

- Most important & abundant fossil fuel in India (4th largest reserves).
- **TPPs-42.5% installed utility capacity (accounts for ~70% of total power generated).**
- **2nd largest importer** despite 4th largest reserves.

CONCLUSION

- **JETP** for energy transition of TPPs along with shift to cleaner tech like **coal gasification, CBM, CCUS**.
- Steps: **Natl Coal Gasification Mission-100 MT 2030**, Sustainable devel cell in Coal ministry.

DATA

- **Distribution:**
 - **Tertiary:** RJ, GJ, TN, AS
 - **Gondwana:** Damodar, Mahanadi, Godav
 - **World:** China - Shanqxi, US - Appalachian, Russia, Aust, S Af
- **Issues:**
 - High Ash (20-30%)
 - Sulphur (3-7%)
 - Techniques - open cast, rathole
- **COP 26-Phase down.**
- **2x more emissions than NG.** Coal India 80% share.

Card 2: Renewable Energy (RE)

QUOTE

"Energy is necessary for development & sustainable energy is necessary for sustainable development" — Tim Wirth

DATA

- India has the **4th largest installed capacity of RE** in the world.
- **3rd largest oil importer** & rising oil demand will **2x our import bill by 2030**.
- Decentralised Ex: Daman.
- **Initial invt cost - 4cr/MW coal vs 6 cr/MW RE**. Prices reducing so DISCOMS reluctant for LT PPA.

INTRODUCTION

- RE, drawn from sunlight, wind, water, etc offers an **eco-friendly alternative to fossil fuels**, contributing to energy security and sustainability.

CONCLUSION

- **Panchamrut - 50% RE, 500 GW.**

Card 3: SOLAR & WIND

INTRODUCTION

- **Solar:** Installed capacity of **60GW** against potential of 750 GW as per NISE.
- **Wind:** Installed capacity of **40 GW** against potential of 120 GW. India **4th largest wind energy producer** in the world.

CONCLUSION

- Task not of govt. or one agency alone. All stakeholders... removing barriers ex. finance, technology collaborations for **cheaper battery storage & private participation** for greater adoption.
- Panchamrut 500GW RE underscores the need for shift.

DATA

- **GIBI issue.** Diagram - solar tariff.
- **Steps:**
 - ISA-OSOWOG
 - PLI
 - Natnl Solar Mission
 - KUSUM
 - Wind Solar Hybrid policy
 - National Offshore Wind energy policy

Card 4: CBM & NATURAL GAS

INTRODUCTION

- **CBM:** Unconventional form of natural gas found in coal deposits.
- **Natural Gas:** Target to increase share to **15% by 2030** from the present **3.9% (2026)**.

CONCLUSION

- Panchamrit - **carbon intensity by 45%** necessary to shift.
- **Kirit Parekh committee** - marketing & pricing freedom, Cover under GST, PPP for pipeline infra.

DATA

- **Bridge fuel** (6-15%). Reducing dependence on coal & oil for energy demands (3rd largest energy consumer - IEA).
- **Distribution:**
 - **India:** Gulf of Kutchh & Khambhat, Mum High, K-G, Kaveri, Andaman
 - **World:** Gulf of Mexico, North Sea, Baltic Sea, Sakhalin, E Siberia
- **Advantages:** access through pipelines, diversified resources.
- **Steps:**
 - HELP - standard licensing + revenue sharing
 - SATAT - compressed biogas - vehicles
 - URJA Ganga
 - NE gas Grid
 - Indian Gas exchange - better price discovery

Card 5: ENERGY MIX

INTRODUCTION

- Total installed capacity of **533 GW (March 2026)**.

CONCLUSION

- Central Electricity Auth - India's energy consumption **set to double by 2040**.

DATA

- **47.7% fossil fuels**
- **52.3% RE incl large Hydro (271.9 GW)**
 - 140.6 GW solar
 - 54.6 GW wind
- **3.9% Gas**

Card 6: URANIUM + THORIUM

INTRODUCTION

- Radioactive element used as fuel in Nuclear reactors to produce energy.
- **3 stage: PHWR, FBR, Thorium based breeder reactor.**

CONCLUSION

- Balanced approach needed of harnessing the potential while **safeguarding against health & security risks.**
- Given vast reserves of thorium, focussed invt. in R&D tech for expediting throrium based generators make India **energy secure as well as leverage export potential.**

DATA

- India has only **2% of the world's Uranium reserves (import dependent) vs 25% of the world's Thorium reserves.**
- **Distribution:**
 - **India:** Aravallis (RJ), Bhima basin (KN), ML, JH - Jaduguda, AP - Pedagattu.
- **Thorium advantages:**
 - Proliferation x easy
 - Safer
 - Cheaper
 - Less waste

Card 7: NUCLEAR ENERGY

INTRODUCTION

- Nuclear energy is the **5th largest source of electricity** in India (**1.7% of total installed capacity - 8.78 GW, contributing ~3% to generation**).

CONCLUSION

- Going for **small modular reactors** can help solve safety issues while ensuring energy security + sustainab.
- Steps: India working on "**Bhavni**" - fully indig thorium-based NPP. Govt allowed **JVs b/w NPCIL & PSUs.**

DATA

- **NPP costs only 33-50% of a coal plant.** Reliable, high density source can be turned off/on any time.
- SK President recently changed the energy policy to raise the share of nuclear power to 30% by 2030. Japan & UK restarting reactors to diversify from coal, NG.
- **Plants:**
 - Rawatbhatta RJ
 - Upcoming in Gorakhpur HR
 - Kakrapar
 - Jaitapur
 - Kaiga
 - Kalpakkam

Card 8: MINERAL OIL

INTRODUCTION

- **Aka 'Liquid gold,'** it is a complex hydrocarbon resource that powers economies, fuels industries, and underpins modern life.

CONCLUSION

- Transition towards cleaner alternatives.
- Mkt based benefits: **Mkt life > oil well life**. Ancillary ind: pharma, chemicals, plastic, fert. Insulation from pol instab.

DATA

- **Distribution:**
 - **India:** Barmer, Khambhat, Mumbai High, Brahmaputra valley, KG.
 - **World:** Venezuela, Siberia, W Africa rest same as NG.
- **Refineries:**
 - **Oil field based:** Mum, Digboi
 - **Mkt based:** Bhatinda, Panipat, Mathura, Guwahati
 - **Port based:** Vyzag, Jamnagar

Card 9: SHALE

INTRODUCTION

- Refers to **natural gas that is trapped within sedimentary shale formations**.

CONCLUSION

- **Abundant availab** can help reduce import dependence. SDG 6. Steps: HELP.

DATA

- **Distribution:**
 - **India:** RJ, Vindhya basin, Cambay, KG, Kaveri, Upper AS, Arakan basin
 - **World:** Gulf of Mexico, Patagonia, Russia, Xinjiang - China, Gulf of Carpentaria (Australia)
- **Issues:**
 - Water intensive
 - Water contamination
 - Leakage of methane
 - Guargum price rise
 - Land acquisition

Card 10: RE

INTRODUCTION

- RE, drawn from sunlight,

EXAMPLES

- India is the 3rd largest

CONCLUSION

- "Energy is necessary for

Card 11: SOLAR

INTRODUCTION

- Installed capacity of 60GW against potential of 750 GW as per NISE Diagram - solar tariff

EXAMPLES

- GIBI issue

CONCLUSION

- Task not of govt. or one agency alone. All stakeholders... Panchamrit - 500GW RE underscores the need for removing barriers ex. finance, technology collaborations for cheaper battery storage & private participation for greater adoption.
- **Steps:**
 - ISA - OSOWOG,
 - PLI
 - Natnl Solar Mission
 - KUSUM
 - Wind Solar Hybrid policy

Card 12: WIND

INTRODUCTION

- Installed capacity of 40 GW against potential of 120 GW India 4th largest wind energy producer in the world

CONCLUSION

- National Offshore Wind energy policy,
- Wind solar hybrid policy Same as solar

Card 13: CBM

INTRODUCTION

- Unconventional form of natural gas found in coal deposits

CONCLUSION

- Panchamrit - carbon intensity by 45% necessary to shift

Card 14: NATURAL GAS

INTRODUCTION

- India recently set a target of increasing share to 15% by 2030 from present 6% 45% met through imports
GAIL - 70% share

EXAMPLES

- Reducing dependence on coal & oil for energy demands (3rd largest energy consumer - IEA)
- India:**
 - Gulf of Kutchh & Khambhat, Mum High, K-G, Kaveri Andaman
- World:**
 - Gulf of Mexico, North Sea, Baltic Sea, Sakhalin, E Siberia Adv: access through pipelines, diversified resources

CONCLUSION

- Kirit Parekh committee
- marketing & pricing freedom, Cover under GST, PPP for pipeline infra Bridge fuel
- Steps:**
 - HELP- standard licensing + revenue sharing
 - SATAT - compressed biogas - vehicles
 - URJA Ganga, NE gas Grid
 - Indian Gas exchange - better price discovery

Subtopic: Natural resources Potential

Card 1: Natural Resources Distribution

QUOTE

"Resources are not, they become."

INTRODUCTION

- India's prosperity is tied to how it harnesses its endowments from Eastern coal belts to the Western ghats' biodiversity. Resource distribution defines not just geography but also economic destiny.

EXAMPLES

- District Mineral Foundation funds are being repurposed to uplift health and education in mining- affected areas.
- Mera Gaon Mera Gaurav connects agricultural scientists with resource-poor farmers to optimize cropping in drought-prone belts.

CONCLUSION

- Equitable use of natural wealth determines whether growth becomes inclusive—or remains a privilege of the well-placed.

Card 2: FORESTS

INTRODUCTION

- As per **ISFR 2021 / GFRA 2025** - India's total forest + tree cover is **24.62%** against NFP 1988 target of 33%. (India ranks **9th globally** in forest area).

CONCLUSION

- Replace outdated NFP 1988 with one in tune with **dynamic realities of climate & development landscape** & incorporating active participation of all stakeholders including indigenous communities, & experts for sustainable forest management.
- Key role in achieving **Panchamrut goal of net 0 by 2070**.

DATA

- Recent dilution of **Forest Conservation Rules, 2022**.
- Steps:**
 - Green India
 - Laws CAMPA 2016
 - NCAVES
 - NAP to combat desertification
 - NDC-2.5-3 billion tonnes carbon sink
- Best Practices:**
 - JFM - Maldharis Gir
 - Eco-feminism - 111 trees every girl child

Card 3: Forest Rights Act (FRA)

INTRODUCTION

- The **FRA 2006** aims to recognize the rights of indigenous and forest-dwelling communities over **Jal, Jangal & Jameen** & ensure democratic forest governance & conservation.

CONCLUSION

- Emulate the BP of **Budaguda Gram Panchayat** - OD - civil society roped in for community mobilization & hand-holding apart from use of RTI to speed up claim settlement.

DATA

- Rights:**
 - Title
 - Use
 - Relief - illegal eviction & displacement
 - Forest management rights Article 48A
- Issues:**
 - Administrative apathy
 - Unwillingness of Forest Bureaucracy to share powers
 - Misuse / encroachment

Card 4: STRATEGIC / CRITICAL MINERALS

INTRODUCTION

- Refers to the category of minerals **essential for economic dev & national security**, the lack of availability of which may lead to supply chain vulnerabilities.
- Ex: **lithium, cobalt, tungsten, rare earth**.

CONCLUSION

- Investing in Critical minerals today is **key for securing technological sovereignty & a green transition tomorrow**.
- Suggestions - **Bilateral with Australia, S Africa, Canada** etc, **MSP** - Minerals Security Partnership of USA, **PMN** - deep Ocean mission, **Resource use efficiency**.

DATA

- Economic potential (cutting edge, low substitutability, GVA multiplier, etc) + supply risk.
- 100% import** of most of them. Ex: Lithium, cobalt, nickel.
- Steps:**
 - KABIL
 - 30 identified by expert committee under ministry of Mines
 - CoE to be set up
- Demand high:**
 - Futuristic (EV, superconductivity)
 - Strategic nuclear, defence
 - Envt Wind turbines

Card 5: RARE EARTH

INTRODUCTION

- Set of **17 metallic elements** with unique magnetic & electrochemical properties & wide ranging applications.

CONCLUSION

- Setup **Indian Rare Earth Mission** on lines of semiconductor mission to promote exploration & self-sufficiency.

DATA

- 100% import dependence for 7/12** with no declared sources.
- Resource Grab - Chinese control 95%**. Extraction dilemma (envt).
- Steps:**
 - IREL: given monopoly
 - Mines & Minerals Amendment Act - EODB
- Why rare - tech difficulties in extracting from low concentrations.
- India has **6% reserves but produces 1% of global output**.
- Global distribution:** Vietnam, Brazil, China, Russia, USA, Australia.

Card 6: LITHIUM

QUOTE

"If oil powered the world in the 20th CE, lithium could play that role in the 21st CE" — Source Text

DATA

- B/w 2016-2019 **forex spend on lithium import tripled.**
- **4 chinese mining firms control 75% global market** of lithium. Env't hazards in mining.
- **Distribution:**
 - **World:** AB(Boliv)C triangle, RUCCA (Russia, US, China, Canada, Aus).
 - **India:** KN Mandya, JK (Reasi district), RJ, ML, MP, CG, JH, BH.
- **Steps:**
 - KABIL
 - PLI-batteries
 - India building world's largest grid scale storage facility @ Ladakh & Kutch.

INTRODUCTION

- **AKA white gold**, it is a lightweight highly reactive metal known for its electrical properties & imp role in **battery technologies.**

CONCLUSION

- Look for alt - **solid state batteries, aluminium air batteries.** Explore **Hydrogen fuel cells.**

Card 7: COBALT

INTRODUCTION

- A strategic mineral with very high melting point known for its critical role in **manufacture of lithium ion batteries**, electronics & various strategic applications.
- **One of the 30 minerals identified** by expert committee.

CONCLUSION

- (Same as strategic minerals).

DATA

- **Distribution:** RUCCA, Congo - DRC, Indian, Pacific ocean.
- **50% chinese control on refining.**

Card 8: COMMON for MINERALS & PMN

INTRODUCTION

- Minerals: naturally occurring material that holds a distinct place in modern industries/energy security.
- PMN:** Rounded rock concretions found on the ocean floor containing valuable metals like **manganese, nickel, copper, and cobalt**.

CONCLUSION

- In line with commitments under **SDG 12** - we must seek **responsible extraction, equitable distribution, and sustainable use of minerals**.
- Deep Ocean mission** which is developing tech for deep sea mining can be a game changer - but must do so responsibly without damaging deep sea ecosystems.

DATA

- Belts:**
 - Himalayan - gold, cu, coal, lead
 - NW Belt (RJ) - non ferrous uranium, gypsum, zinc, petroleum, silver, cu
 - Central - marble, bauxite, limestone, gemstone
 - NE peninsula - 90% iron, 80% coal
 - S W belt - monazite, iron
- Steps:** Pioneer investor status in Central Indian Ocean - 380 mn tonnes resource potential (**10% recover enough for meeting energy reqts for 100 years**).

Card 9: POTENTIAL RESOURCE REGIONS

INTRODUCTION

- The region of located holds **immense promise of diverse and potentially valuable resources** that could shape global economies, ecology & geopolitics.

CONCLUSION

- Exploiting the potential of unveils not only new opportunities & challenges, but also **responsibilities on a global scale**.

DATA

- Common resources:** Minerals, energy (RE- HEP + oil gas coal uranium etc), water, biodiversity (reefs), forests, trade routes.
- 3 P** = politics, petroleum, protein.
- Fisheries marine, inland livelihood - tourism, etc + Climate change, blue economy.
- Ghana - gold, Angola - diamond, Uranium - horn of Africa.

Card 10: Template 1: Potential Resource Regions

INTRODUCTION

- The region of ____ located in ____ holds immense promise of diverse and potentially valuable resources that could shape global economies, ecology & geopolitics.

CONCLUSION

- Exploiting the potential of ____ unveils not only new opportunities & challenges, but also responsibilities on a global scale.

DATA

- Common resources include: **Minerals**, **energy** (RE, HEP, oil, gas, coal, uranium, etc.), **water**, **biodiversity** (reefs), and **forests**.
- Key strategic factors: **trade routes**, and the **3 Ps** (politics, petroleum, protein).
- Other elements: Fisheries (marine, inland), livelihood (tourism), climate change, and blue economy.
- Examples: Ghana (gold), Angola (diamond), Horn of Africa (Uranium).

Card 11: FRA

INTRODUCTION

- The FRA 2006 aims to recognize the rights of indigenous and forest- dwelling communities over Jal, Jangal & Jameen & ensure democratic forest governance & conservation

EXAMPLES

- **Rights:**
 - Title
 - Use
 - Relief - illegal eviction & displacement
 - Forest management rights Article 48A
- **Issues:**
 - Administrative apathy
 - Unwillingness of Forest Bureaucracy to share powers
 - Misuse - encroachment

CONCLUSION

- Emulate the BP of Budaguda Gram Panchayat - OD - civil society roped in for community mobilization & hand-holding apart from use of RTI to speed up claim settlement

Microtopic: Factors responsible for the location of primary, secondary, and tertiary sector

industries in various parts of the world (including India).

Subtopic: Land use planning

Card 1: RESOURCE MANAGEMENT & CONSERVATION

QUOTE

"The environment and the economy are really both two sides of the same coin. You cannot sustain the economy if you don't take care of the environment." — Bruce Lipton

DATA

- **Strategies:**
 - 5R linear to circular
 - Localised inclusive solutions Ex: social forestry, IWSM + agro climatic planning
- **Tech to reduce waste & increase yield:**
 - Ex: 3D printing, precision farming
- **More from less:**
 - Ex: HYV, micro irrigation
- **India's LIFE mission + SDG 12** (demand & supply side both imp).
- **Conservation (natnl + intl):**
 - Restoring degraded landscapes Ex: Bonn
 - EPR
 - Cultural wisdom - sacred groves

INTRODUCTION

- As per Global Footprint Network - humanity's demand for resources is now equivalent to that of **1.7 Earths**.

Card 2: RESOURCE MANAGEMENT & CONSERVATION - minerals, energy, water

INTRODUCTION

- As per Global Footprint Network - humanity's demand for resources is now equivalent to that of > 1.7 Earths

EXAMPLES

- Strategies -
- 5R - linear to circular
- Localised inclusive solutions Ex: social forestry, IWSM + agro climatic planning
- Tech to reduce waste & increase yield
- Ex: 3D printing, precision farming
- More from less Ex: HYV, micro irrigation
- Mindfulness - LiFE
- Conservation (natnl + intl)
- Restoring degraded landscapes Ex: Bonn
- EPR
- Cultural wisdom - sacred

CONCLUSION

- The environment and the economy are really both two sides of the same coin. You cannot sustain the economy if you don't take care of the environment." - Bruce Lipton India's LIFE mission + SDG 12 - dd & ss side both imp

Subtopic: Secondary sector

Card 1: Industrial Location Factors

QUOTE

"Industries go where they are wanted, and stay where they are treated well." — Ronald Reagan

INTRODUCTION

- From textile mills near rivers to IT parks in urban cores, industry follows a logic of location raw material, labor, markets, and increasingly, sustainability.

EXAMPLES

- PLI (Production-Linked Incentive) scheme has realigned electronics manufacturing hubs toward semi-urban clusters.
- National Industrial Corridor Development Programme is reshaping connectivity and boosting tier-2 industrial zones.

CONCLUSION

- Location is no longer just a matter of proximity it's about policy support, logistics, and sustainability outlook.

Section Group: Environmental Geography & Climate Dynamics

Microtopic: Geographical features and their location-changes in critical geographical features (including water-bodies and ice-caps) and in flora and fauna and the effects of such changes.

Subtopic: Climate change

Card 1: Geographical Features & Their Changes

QUOTE

"We do not inherit the Earth from our ancestors; we borrow it from our children." Native American Proverb

INTRODUCTION

- From the receding glaciers of the Himalayas to encroaching deserts in Rajasthan, Earth's features are reshaping rapidly. These shifts aren't just physical they're ecological alarms demanding action.

EXAMPLES

- Namami Gange Mission's glacier monitoring extension now tracks glacial melt rates in Ganga's origin basins.
- Desertification Atlas of India triggered targeted afforestation in over 200 drought-prone districts.

CONCLUSION

- Preserving the Earth's natural face isn't just environmental it's existential for civilizations built around rivers, forests, and coasts.

Section Group: Physical Geography & Geophysical Phenomena

Microtopic: Important Geophysical phenomena such as earthquakes, Tsunami, Volcanic activity, cyclone etc.,

Subtopic: Volcanic activity

Card 1: General (Geophysical Phenomena)

INTRODUCTION

- **Geophysical phenomena** - Through vigilant monitoring, innovative modeling, and cross-disciplinary collaboration, we can better predict and address geophysical events.

CONCLUSION

- Safeguarding lives and ecology. Investing in oceanographic research is imperative to **safeguard marine ecosystems** and secure dependent livelihoods.

DATA

- Ocean covers **71% of the planet** and holds **97% of the water** - thus acting as a key factor in storage & transfer of heat energy.

Card 2: Distribution of earthquakes & volcanoes / Pacific Ring of Fire

INTRODUCTION

- Don't just occur anywhere. Distribution is best explained by **interplay of plate tectonics, geological features & geophysical processes** inside the earth.
- **Pacific Ring of Fire:** Large arc of active convergent plate boundaries surrounding the Pacific Ocean marked by **high levels of volcanic & seismic activity**.

CONCLUSION

- Understanding the distribution coupled with monitoring, modeling, interdisciplinary - can help us better **safeguard vulnerable communities** from its effects & reduce ecological impacts.

DATA

- **Almost 90% of the world's volcanoes and 81% of the world's most devastating earthquakes** occur in the Pacific Ring of Fire region.

Card 3: General

CONCLUSION

- Geophysical phenomena - Through vigilant monitoring, innovative modeling, and cross- disciplinary collaboration, we can better predict and address geophysical events, safeguarding lives and ecology.

Card 4: Distribution of earthquakes & volcanoes

INTRODUCTION

- Don't just occur anywhere. Distribution is best explained by interplay of plate tectonics, geological features & geophysical

EXAMPLES

- Almost 90% of the world's volcanoes and 81% of the world's most devastating earthquakes occur in the Pacific Ring of Fire region

CONCLUSION

- Same as geophysical phenomena (understanding the distribution of __ coupled with monitoring, modeling, interdisciplinary - can help us

Card 5: Pacific Ring of Fire

INTRODUCTION

- Large arc of active convergent plate boundaries surrounding the Pacific Ocean marked by high levels of volcanic & seismic activity.

CONCLUSION

- same

Microtopic: Salient Features of World Physical Geography

Subtopic: Climatology

Card 1: Polar Vortex

INTRODUCTION

- **Counter-clockwise polar cyclones** in both poles in the upper atmosphere due to LP that keeps colder polar air confined to the poles.

CONCLUSION

- The polar vortex highlights the **delicate equilibrium of earth's climatic processes**, necessitating greater scientific studies to understand its behavior, anticipate disruptions, and bolster resilience against the challenges it may pose.

Card 2: Jet Streams

INTRODUCTION

- Jet streams are **geostrophic high velocity winds (400-500 km/hr)** blowing horizontally through upper layers of troposphere from west to east (20K to 50K ft.).

CONCLUSION

- In Indian context - significant role in **onset & withdrawal of monsoon** underscoring need for greater undg for.

DATA

- **Determinants:**
 - Air mass of varying temp
 - Pressure gradients
 - Coriolis
 - Landmass (Ex: Tibet)

Subtopic: Geomorphology

Card 1: Geophysical Phenomena

QUOTE

"Nature does not hurry, yet everything is accomplished."

INTRODUCTION

- The Earth breathes through its disasters earthquakes, tsunamis, and volcanoes are not just calamities, but signatures of dynamic planetary systems. Understanding these phenomena is key to building climate resilience.

EXAMPLES

- Early Warning Dissemination System expansion under National Disaster Management Authority is mitigating cyclone impacts in coastal states.
- ISRO's real-time earthquake monitoring network is enhancing micro-zonation efforts in seismic-prone zones.

CONCLUSION

- Mastering geophysical rhythms allows humans not to conquer nature, but to coexist safely with its immense power.

Card 2: Continental Drift theory

INTRODUCTION

- Proposed by **Alfred Wegner in 1912**, CDT proposes that Earth's landmasses were once interconnected as a **single supercontinent** and have since drifted apart over geological time.

CONCLUSION

- Geographers have combined knowledge from CDT, plate tectonics & other theories to explain the various physical features & geological phenomena.
- These theories, combined with modern tech advancements, have helped humankind **predict various disasters more efficiently** thus making lives more secure & the economy more resilient.

DATA

- **200 million years ago** - split started.

Card 3: Sea-Floor Spreading

INTRODUCTION

- **Harry Hess's** sea-floor spreading theory proposed that **new oceanic crust is formed at mid-ocean ridges**, driving the gradual movement of tectonic plates.

CONCLUSION

- (Same as Continental Drift theory).

DATA

- Based on **Arthur Holmes' convection current theory** (heat from radioactive decay inside earth creates magma that rises up to form convective currents = the force behind sea floor spreading).
- Evidence: **Normal & reversing magnetic polarity**.

Card 4: Plate tectonics theory

INTRODUCTION

- Proposed by **Mckenzie, Parker & Morgan in 1967**, PTT explains the horizontal movement of **7 major & several minor lithospheric plates** over the asthenosphere, shaping various geological features through plate boundary interactions.

CONCLUSION

- PTT offers a **comprehensive framework** in undg the distribution of continents, oceans, geological features, and geophysical phenomena, enabling a more effective understanding and management of its effects.

Subtopic: Monsoon

Card 1: El Nino / La Nina

INTRODUCTION

- **El nino** is a climate phenomenon that describes the **unusual warming of surface water** in the eastern tropical pacific ocean.
- **La nina** is a climate phenomenon that describes the **unusual cooling of surface water** in the eastern tropical pacific ocean.

CONCLUSION

- El Niño's disruptive influence on India's monsoon patterns can **severely jeopardize Indian agriculture & food security**, underscoring the urgent need for adaptive strategies and resilient farming practices.
- While La Nino is beneficial for Indian monsoon, the unpredictable & disruptive influence of **alternating El Ninos** can...

DATA

- Inverse relation with Indian monsoon - Ex: since 1871 - **6 major droughts** attributed to it.
- **SEA forest fires**.
- **Coastal flooding in S America**.
- **Low hurricanes in Atlantic (HP)**.
- **Tornado & hurricane in N America**.

Card 2: ENSO

INTRODUCTION

- **Southern Oscillation** refers to a coherent see saw fluctuation of atm pressure over tropical indo pacific. Since El Nino & SO mostly collide, the combination is called **ENSO**.

CONCLUSION

- (Same as El Nino/La Nina).

Card 3: Indian Ocean Dipole

INTRODUCTION

- **IOD** refers to the difference in sea surface temperature b/w **western & eastern Indian Ocean**.

CONCLUSION

- (Same as ocean currents).

DATA

- **+ve IOD = good for indian monsoon**, more cyclones in AS.
- El Nino - Pacific Ocean.
- IOD - Indian Ocean.

Subtopic: Oceanography

Card 1: Oceanography

INTRODUCTION

- Movement of ocean water is influenced by physical characteristics like **temperature, salinity**, and external forces like **sun and the winds**.

CONCLUSION

- Investing in oceanographic research is imperative to **safeguard marine ecosystems** and secure dependent livelihoods.

DATA

- Ocean covers **71% of the planet** and holds **97% of the water** - thus acting as a key factor in storage & transfer of heat energy.

Card 2: Ocean currents

INTRODUCTION

- **Continuous Horizontal movements** of sea water, that circulate throughout the world's oceans.
- Ex: **warm & cold, surface (upto 400 m) & deep water currents.**

CONCLUSION

- Ocean currents, **Earth's silent climate conductors**, demand focused research and global collaboration to unravel their intricate roles.

DATA

- **Primary forces:**
 - Insolation
 - Gravity
 - Coriolis
 - Atmosphere circulation (Ex: Monsoon)
- **Secondary forces:**
 - Salinity
 - Temp
 - Land obstruction

Card 3: Distribution of Ocean Temperature

QUOTE

"The escalating ocean temperatures pose a stark reminder of the urgent need for global action to mitigate climate change's cascading effects on marine ecosystems, weather patterns, and coastal communities."
— Source Text

DATA

- Avg temp of oceans is **17 degrees** - measured by **isotherms**.
- Ocean temperature has **risen by 1.2 degrees** since pre-industrial levels.
- **Climate change impacts:**
 - Marine heatwaves
 - Stratification
 - Deoxygenation
 - Algal blooms
 - Arctic amplification

INTRODUCTION

- Determines type & distribution of marine organisms at depths.
- Study of ocean temperature is imp for understanding **Movement of ocean currents** and **Coastal climate**.

Card 4: Ocean Salinity

INTRODUCTION

- Refers to the **total content of dissolved salts** in seawater affected by evaporation, temperature & precipitation.

CONCLUSION

- Pivotal role in influencing movement of ocean currents, climatic processes like **evaporation & precipitation**, thereby necessitating greater attention and understanding.

Card 5: DEEP OCEAN MISSION & SAMUDRAYAAN

QUOTE

"The declaration of 2021- 2030 as the decade of ocean sciences underscores the imperative to harness ocean resources responsibly and collaboratively for a resilient and prosperous future." — Source Text

DATA

- Components of DOM:**
 - Tech dev for deep sea mining
 - Ocean climate change advisory
 - Bioprospecting - deep sea flora fauna
 - OTEC powered desalination
- Other scheme: **OMSART**.
- Samudrayaan details:**
 - Three ppl to 6000 m depth in MATSYA 6000'
 - 12 hours endurance
 - NIOT designed
- Other blue economy initiatives: **Sagarmala, India Norway TF on BE, ICZMP**.

INTRODUCTION

- Recently MoES has developed the **Deep Ocean Mission** to support blue economy initiatives of govt.
- Recent implosion of Titan submersible has brought renewed focus on India's **Samudrayaan mission 2026**.

CONCLUSION

- "Neel Kranti se arth kranti"**

Card 6: Distribution of Ocean Temperature - vertical & horizontal

QUOTE

"The escalating ocean temperatures pose a stark reminder of the urgent need for global action to mitigate climate change's cascading effects on marine ecosystems, weather patterns, and coastal communities."

INTRODUCTION

- Study of ocean temperature is imp for understanding
- Movement of ocean currents
- Type & distribution of marine organisms at various depths
- Coastal climate

EXAMPLES

- Avg temp of oceans is 17 degrees - measured by isotherms Ocean temperature has risen by 1.2 degrees since pre- industrial levels. Climate change: Marine heatwaves, Stratification, Deoxygenation, Algal blooms, Arctic amplification

Card 7: DEEP OCEAN MISSION

QUOTE

"The declaration of 2021- 2030 as the decade of ocean sciences underscores the imperative to harness ocean resources responsibly and collaboratively for a resilient and prosperous future."

INTRODUCTION

- Recently MoES has developed the Deep Ocean Mission to support blue economy initiatives of govt.

EXAMPLES

- Components -
- Tech dev for deep sea mining
- Ocean climate change advisory
- Bioprospecting - deep sea flora fauna
- OTEC powered desalination Other scheme: OMSART

CONCLUSION

- . Neel Kranti se arth kranti"

Card 8: SAMUDRAYAAN

INTRODUCTION

- Recent implosion of Titan submersible has brought renewed focus on India's Samudrayaan mission 2026.

EXAMPLES

- three ppl to 6000 m depth in 'MATSYA 6000' - 12 hours endurance NIOT designed Other blue economy init Sagarmala India Norway TF on BE ICZMP

CONCLUSION

- Same as above
